Number Comment

1	Typically property taxes are received in July and December (with a 70% advance in June). Variance will dissipate as levy amounts are received by City.
2	Favorable variance due to timing of 2025 liquor license revenue and favorable demand for building permits.
3	Variance due to timing of Local Government Aid typically received in July and December.
4	Variance due to timing of payments. April invoice was paid end of March. Invoice amounts are not equally split through the year.
5	Variance due to contracted snow removal services. PY did not have as much snowfall.
6	Variance due to timing of expenses. Winter tree removal project was fully competed in Q1. This variance will dissipate over future quarters.
7	Variance due to timing of yearly budgeted transfers. No transfers have been completed YTD.
