*Independent Auditor's Report*

Members of the Board of Directors  
Mission Springs Water District  
Desert Hot Springs, California

**Report on the Audit of the Financial Statements**

***Opinion***

We have audited the accompanying financial statements of the Mission Springs Water District (District) as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the District, as of June 30, 2021, and the changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America, as well as accounting systems prescribed by the California State Controller's office and state regulations governing special districts.

***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS), the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the State Controller's *Minimum Audit Requirements for California Special Districts*. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibility of Management for the Financial Statements***

The District's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the schedules listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

**Other Information**

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the District's basic financial statements. The supplementary information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated **March xx, 2022**, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance

### **Management's Discussion and Analysis For the fiscal year ended June 30, 2021**

---

The following Management's Discussion and Analysis (MD&A) provides an overview of the financial performance and activities of the Mission Springs Water District (District) for the fiscal year ended June 30, 2021. We encourage readers to consider the information presented here in conjunction with the basic financial statements and related notes, which follow this section.

#### **Overview of the Basic Financial Statements**

The District is a utility enterprise and presents its financial statements using the economic resources measurement focus and the full accrual basis of accounting. The District's basic financial statements include the statement of net position, statement of revenues, expenses, and changes in net position and statement of cash flows. The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data.

The statement of net position presents information on all the District's assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of revenues, expenses, and changes in net position presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are recognized on the accrual basis.

The statement of cash flows is related to the other financial statements by the way it links changes in assets and deferred outflows of resources and liabilities and deferred inflows of resources to the effect on cash and cash equivalents over the course of the fiscal year.

The notes to the financial statements provide useful information regarding the District's significant accounting policies, and they explain significant account balances and activities, certain material risks, obligations, commitments, contingencies and subsequent events, if any.

#### **Financial Highlights**

- The assets and deferred outflows of resources of the District exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$161,504,448 (net position). Of this amount, \$40,013,656 represents unrestricted net position, which represents net position available for designation by the board.
- The District's total net position increased \$7,525,249 from the prior fiscal year mainly attributable to net operating revenues.

*Mission Springs Water District*

**Management's Discussion and Analysis  
For the fiscal year ended June 30, 2021**

---

**Financial Analysis of the District**

The statement of net position and the statement of revenues, expenses, and changes in net position provide an indication of the District's financial health. It provides a basis for evaluating the capital structure and assessing the liquidity and financial flexibility of the District.

The following tables summarize the District's financial condition and the changes in its net position for the past two years.

**Statements of Net Position**

**Consolidated Statements of Net Position**

	June 30		Change	
	2021 (in thousands)	2020 (in thousands)	Dollars (in thousands)	Percentage
<b>Assets</b>				
Current and other noncurrent assets	\$ 52,345	\$ 47,653	\$ 4,692	10%
Restricted assets	303	303	-	0%
Capital assets, net	129,510	127,840	1,670	1%
Total assets	<u>182,158</u>	<u>175,796</u>	<u>6,362</u>	4%
<b>Deferred outflows of resources</b>	<u>1,939</u>	<u>2,494</u>	<u>(555)</u>	-22%
<b>Liabilities</b>				
Current liabilities	6,904	7,831	(927)	-12%
Noncurrent liabilities	15,266	15,756	(490)	-3%
Total liabilities	<u>22,170</u>	<u>23,587</u>	<u>(1,417)</u>	-6%
<b>Deferred inflows of resources</b>	<u>422</u>	<u>723</u>	<u>(301)</u>	-42%
<b>Net position</b>				
Net investment in capital assets	121,188	118,850	2,338	2%
Restricted	303	303	-	0%
Unrestricted	40,014	34,827	5,187	15%
Total net position	<u>\$ 161,505</u>	<u>\$ 153,980</u>	<u>\$ 7,525</u>	5%

As shown above, the District's total assets exceeded liabilities and deferred inflows of resources by \$161.5 million and \$154.0 million as of June 30, 2021 and 2020, respectively, an increase in net position of \$7.5 million between 2021 and 2020.

*Mission Springs Water District*

**Management's Discussion and Analysis  
For the fiscal year ended June 30, 2021**

---

**Statements of Revenues, Expenses and Changes in Net Position**

The statement of revenues, expenses and changes in net position provide information on the nature and sources of these changes. For the fiscal years ended June 30, 2021 and 2020, the District's net position increased by \$7.5 million and \$6.4 million, respectively, as shown by the table below.

**Condensed Statements of Revenues, Expenses and Changes in Net Position**

	Year ended June 30		Change	
	2021 (in thousands)	2020 (in thousands)	Dollars (in thousands)	Percentage
<b>Operating revenue</b>				
Sales	\$ 9,357	\$ 7,559	\$ 1,798	24%
Services	10,465	9,549	916	10%
Other operating revenue	2,046	1,679	367	22%
Total operating revenue	<u>21,868</u>	<u>18,787</u>	<u>3,081</u>	<u>16%</u>
<b>Total operating expenses</b>	<u>17,416</u>	<u>17,002</u>	<u>414</u>	<u>2%</u>
Operating income	<u>4,452</u>	<u>1,785</u>	<u>2,667</u>	<u>149%</u>
Property taxes and special assessments	2,528	2,645	(117)	-4%
Investment earnings, other	145	963	(818)	-85%
Grants	656	1,352	(696)	-51%
Net nonoperating revenues	<u>3,329</u>	<u>4,960</u>	<u>(1,631)</u>	<u>-33%</u>
Interest expense	294	331	(37)	-11%
Other	35	59	(24)	-41%
Net nonoperating expenses	<u>329</u>	<u>390</u>	<u>(61)</u>	<u>-16%</u>
Income before contributions	<u>7,452</u>	<u>6,355</u>	<u>1,097</u>	<u>17%</u>
Capital contributions	73	78	(5)	-6%
Change in net position	<u>7,525</u>	<u>6,433</u>	<u>\$ 1,092</u>	<u>17%</u>
Net position, beginning of year	<u>153,980</u>	<u>147,547</u>		
Net position, end of year	<u>\$ 161,505</u>	<u>\$ 153,980</u>		

*Operating Revenues*

Fiscal year 2020/2021 saw an increase in operating revenue of 16%. This was due to a scheduled rate increase and increased production/sales. While total operating expenses only increased by 2%, a net operating income of \$4.5 million was accomplished.

*Nonoperating Revenues/Expenses and Capital Contributions*

Net nonoperating revenue decreased 33% over the prior mostly attributable to grants ending in the prior year. This difference is mostly associated to the timing of grant awards.

Capital contributions decreased by 6% from the prior year. This is mostly attributable to the timing of development related projects.

*Mission Springs Water District*

**Management's Discussion and Analysis  
For the fiscal year ended June 30, 2021**

---

**Capital Asset Administration**

The District's investments in capital assets, net of accumulated depreciation, as of June 30, 2021 and June 30, 2020 were as follows:

**Error! Not a valid link.** For more information regarding the District's capital assets, please refer to note 3 of the notes to financial statements.

**Categories of Net Position**

The District is required to present its net position in three categories: Net investment in capital assets, Restricted, and Unrestricted.

Net Investment in Capital Assets

At June 30, 2021, the amount the District had invested in capital assets, net of related debt was \$121.2 million. This balance was obtained by combining land of \$1.4 million, construction in progress of \$20.1 million with capital assets in service, net of accumulated depreciation of \$108.0 million and minus long-term liabilities of \$8.3 million.

Restricted Net Position – Debt Reserve

The District has restricted net position of \$302.5 thousand, which consists of debt reserve fund required by a project finance agreement with the California State Water Resources Control Board.

Unrestricted Net Position

The District had unrestricted Net Position of \$40.0 million at June 30, 2021. The Board of Directors has designated \$31.8 million of unrestricted net position to capital reserve for the future replacement, and major repairs, of infrastructure of the District. The board has also designated \$150 thousand of unrestricted net position for the purpose of self-insuring the District against any claims made against the District.

*Mission Springs Water District*

**Management's Discussion and Analysis  
For the fiscal year ended June 30, 2021**

---

**Long-term Liabilities**

	June 30		Change	
	2021 (in thousands)	2020 (in thousands)	Dollars (in thousands)	Percentage
Special Assessment Bond - Assessment District #4	\$ 8	\$ 12	\$ (4)	-33%
Special Assessment Bond - Assessment District #7	58	70	(12)	-17%
COP - U.S. Department of Agriculture - 2001	246	253	(7)	-3%
Installment sale agreement - City National Bank - 2017	1,475	1,717	(242)	-14%
Installment sale agreement - Holman Capital Corporation	228	242	(14)	-6%
SWRCD - Assessment District #12, Phase IV	3,388	3,611	(223)	-6%
Installment sale agreement - City National Bank - 2013	891	945	(54)	-6%
Installment sale agreement - BBVA Compass Bank - 2014	2,028	2,139	(111)	-5%
Total long-term liabilities	<u>\$ 8,322</u>	<u>\$ 8,989</u>	<u>\$ (667)</u>	-7%

For more information regarding the District's long-term liabilities, please refer to note 5 of the notes to financial statements.

**Water Rates and Other Charges**

On February 16, 2016, the Board of Directors adopted a five-year rate increase that was effective March 1, 2016, and January 1, 2017, 2018, 2019 and 2020. This increase has greatly improved the financial position of the District since its inception. Information related to this rate action as well as other information about the District's rates can be found on the District website.

**Conditions Affecting Current Financial Position**

Signs of the COVID -19 pandemic first appeared in California in February 2020. Shortly after that, Governor Newsom issued a statewide safer-at-home order for all residents in response to the pandemic. While water utility services are considered essential and exempt from the Governor's order, the District, in an abundance of caution, immediately began transitioning staff to a split teleworking schedule with minimal disruption in essential service delivery. The District has followed and continues to follow the state's guidelines to safeguard the health of customers and employees. While some restrictions were lifted then reinstated, some still in effect through the end of the fiscal year caused the cancellation of planned events and projects that involve face-to-face encounters.

*Mission Springs Water District*

**Management's Discussion and Analysis  
For the fiscal year ended June 30, 2021**

---

Initial studies warned of significant revenue and cost impacts to water utilities across the country in terms of lost sales from non-residential customers, rise in delinquencies due to rising unemployment, as well as higher expenses related to operational actions taken in response to the pandemic. To date however, the District has not seen any significant impacts of the pandemic on its major revenue sources - water sales, standby charge, or taxes. But there has been a notable decrease in water conservation program costs due to cancellation of events and projects impacted by the COVID-19 restrictions in effect.

The District established guidelines to mitigate the revenue shortfall and increase in operating costs by limiting expenses to essential purchases and contracts. The District also implemented a strict office cleaning, disinfecting and monitoring, limiting the entrance of vendors and contractors to District offices and providing customers with the ability to meet by appointment while the lobby remained closed. Our customer's well-being remain our top priority and we continue to offer the best customer service experience despite the limitations placed by the pandemic.

**Requests for Information**

This financial report is designed to provide the District's funding sources, customers, stakeholders and other interested parties with an overview of the District's financial operations and overall financial condition. Should the reader have questions regarding the information included in this report or wish to request additional financial information, please contact the District's Director of Finance and Accounting at 66575 Second Street, Desert Hot Springs, CA 92240.

## *Mission Springs Water District*

### **Notes to Financial Statements For the Fiscal Year Ended June 30, 2021**

---

#### **NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

##### ***Description of the entity***

Mission Springs Water District (District), formerly called Desert Hot Springs Water District, was formed in 1953. The District operates under the authority of the California Water Code. Mission Springs Water District is located in the Coachella Valley of Southern California, ten miles north of the City of Palm Springs. The boundaries encompass an area of 135 square miles, within which the District maintains and operates pipelines, 14 water wells, 24 reservoirs, and 2 wastewater treatment plants. The primary service area is the City of Desert Hot Springs.

##### ***Blended component unit***

The Mission Springs Water District Improvement Corporation (Corporation) was created in April of 1985 by a joint exercise of powers agreement for the purpose of acquiring, constructing, rehabilitating, financing and refinancing, or providing for the sale or leasing of public capital improvements. The Corporation is governed by a board composed of the District's board of directors. The corporation has issued debt which is secured solely from installment payments payable under and installment purchase agreement entered into by the District and the Corporation. All accounts and funds created and established pursuant any instrument or agreement to which the Corporation is a party, and any interest earned and accrued thereon, shall incur to the benefit of the District. Separate financial statements are not prepared for the Corporation. It is reported as a blended component unit.

##### ***Fund classifications***

Mission Springs Water District is comprised of the following major enterprise funds:

Water Fund – Used to account for activities associated with serving 13,452 water accounts, of which 95% are residential customers.

Sewer Fund – Used to account for activities associated with providing sewage collection, treatment and disposal services to 9,364 customer accounts, of which 97% are residential customers.

##### ***Measurement focus, basis of accounting and financial statement presentation***

The District operates as a utility enterprise fund and its financial statements have been prepared using the economic measurement focus and the accrual basis of accounting, in conformity with generally accepted accounting principles (GAAP) and the Uniform Systems of Accounts for Utility Districts as prescribed by the Controller of the State of California. Under this basis of accounting and measurement focus, revenues are recognized when they are earned and expenses are recognized when they are incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they were levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the providers have been met. The District has elected to follow all pronouncements of the Governmental Accounting Standard's Board (GASB).

*Mission Springs Water District*

**Notes to Financial Statements  
For the Fiscal Year Ended June 30, 2021**

---

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (CONTINUED)**

***Use of estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

***Cash and cash equivalents***

For purposes of the statement of cash flows, cash and cash equivalents have been defined as deposits and highly liquid investments with an original maturity of 90 days or less at the date of purchase.

***Investments***

Investments with a maturity of less than one year when purchased, non-negotiable certificates of deposit, and other nonparticipating investments are stated at amortized cost. Investments with a maturity of greater than one year when purchased are stated at fair value. Fair value is the price that would be received to sell an investment in an orderly transaction at a given point in time.

***Allowance for doubtful accounts***

The District recognizes bad debt expense relating to receivables when it is probable that the accounts will be uncollectible. As of June 30, 2021, all receivables were deemed collectible.

***Prepaid expenses***

Certain payments to vendors reflect costs or deposits applicable to future accounting periods and are recorded as prepaid expenses in the financial statements.

***Inventory***

Inventories are valued at cost which approximates market, using the first in/first-out method. The costs of the inventories are recorded as expenses when used (consumption method). Inventory of material and supplies consisted of meters, valves, pipes, repair parts, gasoline, and supplies.

*Mission Springs Water District*

**Notes to Financial Statements  
For the Fiscal Year Ended June 30, 2021**

---

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (CONTINUED)**

***Restricted assets***

Certain proceeds of debt issues, as well as certain resources set aside for their repayment, are classified as restricted assets on the statement of net position because their use is limited by applicable bond covenants. Unspent developer deposits are classified as restricted assets on the statement of net position.

***Assessments receivable***

The District has issued long-term debt to finance capital improvement projects and has secured these debts by placing a lien on the assessed properties. The aggregate of the property liens has been recorded as an assessment receivable on the statement of net position. As of June 30, 2021, the assessment receivable for these liens was \$7,876,314 and the balance of special assessments that was delinquent was \$105,710. As of June 30, 2021, all assessment receivables were deemed collectible.

***Capital assets and depreciation***

Capital assets are recorded at cost. If applicable, donated assets are stated at acquisition value on the date donated. The provision for depreciation is computed using the straight-line method over the estimated service lives of the capital assets. The District uses differing capitalization thresholds for the classes of assets based on materiality. The District's policy is to review for capitalization those expenditures greater than \$10,000 that have a useful life of more than one year. Estimated service lives for District's classes of assets are as follows:

Building and improvements	5 - 40 years
Utility plant	5 - 75 years
Furniture and equipment	5 - 25 years
Other assets	5 - 10 years
Intangible utility plant	5 - 25 years

***Deferred outflows/inflows of resources***

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial element, deferred outflows of resources, represents a consumption of net position that applies to future periods and so will not be recognized as an outflow of resources (expense) until then. The District has one item, deferred outflows related to pension, which qualifies for reporting in this category.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial element, deferred inflows of resources, represents an acquisition of net position that applies to future periods and so will not be recognized as an inflow of resources (revenue) until then. The District has one item, deferred inflows related to pension, which qualifies for reporting in this category.

*Mission Springs Water District*

**Notes to Financial Statements  
For the Fiscal Year Ended June 30, 2021**

---

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (CONTINUED)**

***Net position***

Net position is categorized as follows:

Net investment in capital assets – This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation reduced by the outstanding debt or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds are not included in the calculation of net investment in capital assets. Rather, that portion of the debt is included in the same net position component as the unspent proceeds.

Restricted – This component of net position consists of constraints placed on resources through external constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.

Unrestricted – This component of net position consists of resources that do not meet the definition of “restricted” or “net investment in capital assets.”

***Pension***

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Plan and additions to/deductions from the Plan’s fiduciary net position have been determined on the same basis. For this purpose, benefit payments (including refunds of employee contributions) are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value.

GASB 68 requires that the reported results must pertain to liability and asset information within certain defined timeframes. For this report, the following timeframes are used.

Valuation Date	June 30, 2019
Measurement Date	June 30, 2020
Measurement Period	July 1, 2019 to June 30, 2020

*Mission Springs Water District*

**Notes to Financial Statements  
For the Fiscal Year Ended June 30, 2021**

---

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (CONTINUED)**

***Compensated absences***

The District's policy is to permit employees to accumulate a limited amount of earned vacation and sick leave. Accumulated vacation time is accrued at year-end to account for the District's obligation to the employees for the amount owed. It is management's belief that the majority of the obligation will be utilized during the course of the next fiscal year. Vacation pay is payable to employees at the time a vacation is taken, cashed out, or upon termination of employment. Normally, an employee cannot accrue more vacation than the total hours accrued in the prior twenty-four-month period each year. Sick leave is payable when an employee is unable to work because of illness of an employee or employee's family member. An employee may not accumulate more than six hundred ninety-six hours of sick leave.

***Unearned revenue***

Unearned revenue in accrual-based statements arises when resources are received by the District before it has a legal claim to them (i.e. when grant monies are received prior to the incurrence of qualifying expenses).

***Operating and nonoperating activities***

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the water fund and sewer fund are charges to customers for sales and services. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting these definitions are reported as nonoperating revenues and expenses.

***Contributions for capital acquisitions/construction***

Contributions for capital acquisitions/construction represent cash and capital asset additions contributed to the District by federal, state, and local granting agencies or by developers.

***Property taxes***

The County bills and collects property taxes on behalf of the District and numerous assessment districts. The District's current year tax collection is received through periodic apportionments from the County. The County's tax calendar is from July 1 to June 30. Property taxes attach as a lien on the property on January 1. Taxes are levied on July 1 and are payable in two equal installments on November 1 and February 1, and become delinquent after December 10 and April 10, respectively.

*Mission Springs Water District*

**Notes to Financial Statements  
For the Fiscal Year Ended June 30, 2021**

---

**NOTE 2: CASH AND INVESTMENTS**

Cash and investments are presented in the accompanying financial statements as follows:

Cash and investments	\$ 38,981,022
Restricted cash and investments	<u>302,510</u>
Total cash and investments	<u>\$ 39,283,532</u>

Cash and investments as of June 30, 2021 consist of the following:

Petty cash	\$ 1,100
Demand deposits	8,259,106
Investments	<u>31,023,326</u>
Total cash and investments	<u>\$ 39,283,532</u>

***Investment policy***

The District's investment policy outlines the guidelines required to be used in effectively managing the District's available cash in accordance with the California Government Code. To address interest rate risk, the District's existing policy limits the maturity of investments to five years. To mitigate credit risks associated with its investments, the District's investment policy limits investments to large institutions and requires diversification to ensure that failure of one issuer will not significantly affect the District's cash flow.

***Interest rate risk***

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. In accordance with the investment policy, the District manages its exposure to declines in fair values by limiting the maximum maturity length of investments to five years.

Maturities of investments at June 30, 2021, were as follows:

Investment type	Total	Remaining maturing (in months)			
		12 Months or Less	13 to 36 Months	37 to 60 Months	More than 60 Months
Investment Trust of California (CalTRUST)	\$ 31,023,326	\$ 8,986,925	\$ 22,036,401	\$ -	\$ -
Total	<u>\$ 31,023,326</u>	<u>\$ 8,986,925</u>	<u>\$ 22,036,401</u>	<u>\$ -</u>	<u>\$ -</u>

*Mission Springs Water District*

**Notes to Financial Statements  
For the Fiscal Year Ended June 30, 2021**

---

**NOTE 2: CASH AND INVESTMENTS, (CONTINUED)**

***Concentration of credit risk***

A concentration of credit risk is the risk of loss attributable to the magnitude of the District's investment in a single issuer. The District's investment policy contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. As of June 30, 2021, there were no investments in any one issuer (other than U.S. Treasury securities, agency funds, corporate funds, and external investment pools) that represent 5% or more of total District investments.

***Custodial credit risk***

Custodial credit risk is the risk that the District will not be able to (a) recover deposits if the depositor financial institution fails, or (b) recover the value of investments or collateral securities that are in the possession of an outside party if the counterparty to the investment or deposit transaction fails.

***Deposits***

The California Government Code requires California banks and savings and loan associations to secure a local governmental agency's (agency) deposits by pledging government securities as collateral. The market value of pledged securities must equal at least 110% of an agency's deposits. California law also allows financial institutions to secure an agency's deposits by pledging first trust deed mortgage notes having a value of 150% of an agency's total deposits. The agency may waive collateral requirements for deposits, which are fully insured up to \$250,000 by the Federal Deposit Insurance Corporation (FDIC).

Deposits are exposed to custodial credit risk if they are uninsured and are either:

- a. Uncollateralized;
- b. Collateralized with securities held by the pledging financial institution, or by its trust department or agent but not in the depositor-government's name.

At June 30, 2021, District's deposits (bank balances) exceeded the maximum deposit insurance amount by \$8,212,644, which is collateralized as described above.

*Mission Springs Water District*

**Notes to Financial Statements  
For the Fiscal Year Ended June 30, 2021**

---

**NOTE 2: CASH AND INVESTMENTS, (CONTINUED)**

***Custodial credit risk, (Continued)***

Investments

The California Government Code authorizes the District to invest in obligations of the United States Treasury, agencies, and instrumentalities, prime commercial paper, bankers' acceptances, repurchase and reverse repurchase agreements, financial futures or financial option contracts, negotiable certificates of deposit, obligations of the State of California, and, obligations of local agencies within California.

Investments are exposed to custodial credit risk if they are uninsured, unregistered and held by either:

- a. Counterparty;
- b. The counterparty's trust department or agent but not in the government's name.

***Credit risk***

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The District's investment policy limits eligible investments to large institutions. As of June 30, 2021, District had its investments in CalTrust.

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The District's investments in CalTrust are not subject to minimum legal ratings and credit risk disclosures.

*Mission Springs Water District*

**Notes to Financial Statements  
For the Fiscal Year Ended June 30, 2021**

---

**NOTE 2: CASH AND INVESTMENTS, (CONTINUED)**

***Fair Value Measurements***

Generally accepted accounting principles establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; while Level 3 inputs are significant unobservable inputs.

- Level 1 inputs are quoted prices for identical assets or liabilities in active markets that the government can access at the measurement date.
- Level 2 inputs include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 inputs are unobservable inputs for an asset or liability.

Deposits and withdrawals in governmental investment pools, such as CalTrust, are made on the basis of \$1 and not fair value. Accordingly, the District's investments in CalTrust are not subject to the fair value hierarchy.

***Participation in External Investment Pools***

The District is a voluntary participant in the Investment Trust of California (CalTrust), which is a Joint Powers Authority governed by a Board of Trustees made up of local treasurers and investment officers. The Board of Trustees sets overall policy for CalTrust and selects and supervises the activities of the Investment Manager and other agents. As of June 30, 2021, the District's investment in CalTrust is \$31,023,326, of which \$2,548,423 was invested in the Liquidity funds pool, \$6,438,502 in the Short-term pool, and \$22,036,401 in the Medium-term pool. Amounts that may be withdrawn from the Money Market Fund are based upon the fund's assets valued using the amortized cost method. Amounts that may be withdrawn from the Short-term and Medium-term pools are based on the net asset value per share and the number of shares held by participants in each pool.

**NOTE 5: LONG-TERM DEBT, (CONTINUED)**

***Assessment District #7 Special Assessment Bonds (Direct Borrowing)***

On February 28, 1985, the District issued special assessment bonds for \$222,200 to aid in financing a sewage collection system for Assessment District #7. The interest rate on the bonds is 7.25% per annum. Interest on the bonds is payable semi-annually on January 2 and July 2. Principal matures July 2 of each year through 2024.

***Certificates of Participation – United States Department of Agriculture (Direct Borrowing)***

On July 3, 2001, the District entered into a loan agreement with the U.S.D.A. and a Certificate of Participation (COP) was issued for \$348,000 to improve waterlines in Improvement District "E". The interest rate on the COP is 4.50% per annum. Interest on the COP is payable semi-annually on February 1 and August 1. Principal matures February 1 of each year through 2041.

***Assessment District #12, Phase I and Phase II – Refinance (Direct Borrowing)***

On June 26, 2006, the District entered into an installment sale agreement with La Salle National Bank in the amount of \$2,200,000. The proceeds from this contract were used to purchase Assessment Districts #12 bonds totaling \$1,630,024. The bond proceeds were used for Assessment District #12, phase I costs.

On September 21, 2007, the District entered into an installment sale agreement with La Salle National Bank in the amount of \$1,600,000. The proceeds from this contract were used to purchase Assessment Districts #12 bonds totaling \$1,329,530. The bond proceeds were used for Assessment District #12, phase II costs.

On December 22, 2017, the District entered into a loan agreement with City National Bank in the amount of \$2,395,013. The proceeds from this contract were used to pay off the Phase I and II La Salle National Bank loans in the amount of \$1,309,488 and \$1,019,315, respectively. The interest rate on the loan agreement is 2.90% per annum. Principal and interest on the bonds is payable semi-annually on March 21 and September 21. Principal matures through September 21, 2027.

For the Fiscal Year Ended June 30, 2021**

---

**NOTE 5: LONG-TERM DEBT, (CONTINUED)**

***Assessment District #12, Phase I and Phase II – Refinance (Direct Borrowing), (Continued)***

The outstanding loan agreement with City National Bank contains (a) a provision that if an event of default occurs and continues, the timing of repayment of outstanding amounts become immediately due if the pledged revenues during each fiscal year are less than 115 percent of debt service coverage due in the following fiscal year and (b) a provision that if an event of default occurs and continues, the timing of repayment of outstanding amounts become immediately due if (1) the District is unable to make a payment; (2) the District fails to perform any of the agreements, covenants, or conditions required, and such default shall have continued for a period of thirty (30) days after the District has been given notice in writing of such default; (3) if the District files a petition in bankruptcy, or failure by the District to promptly lift any execution, garnishment or attachment, or adjudication of the District as bankrupt, or assignment by the District for the benefit of creditors, or the approval by a court of competent jurisdiction of a petition applicable to the District in any proceedings instituted under the provisions of the Federal Bankruptcy Code, as amended, or under any similar acts which may hereafter be enacted.

***Mission Creek – 80 Acres (Direct Borrowing)***

On June 21, 2013, the District entered into an installment sales agreement with Holman Capital Corporation in the amount of \$328,000. The proceeds were used to purchase 80 acres of land for future water system improvements. The interest rate on the installment sales agreement is 4.19% per annum. Interest on the bonds is payable semi- annually on June 7 and December 7. Principal matures on June 7 and December 7 of each year through June 7, 2033.

The outstanding installment sales agreement with Holman Capital Corporation contains (a) a provision that if an event of default occurs and continues, the timing of repayment of outstanding amounts become immediately due if (1) the District is unable to make a payment; (2) the District fails to perform any of the agreements, covenants, or conditions required, and such default shall have continued for a period of thirty (30) days after the District has been given notice in writing of such default; (3) if the District violates any applicable rule, regulation, law, statute or ordinance applicable to the District or the Water System or the Parity Debt that could lead to a breach under the subsections (a) and/or (b) and that are not cured.

**NOTE 5: LONG-TERM DEBT, (CONTINUED)**

***State Water Resources Control Board – State Revolving Fund Assessment District #12, Phase IV (Direct Borrowing)***

In August 2012 (and later amended in January 2013), the District entered into a financing agreement with the California State Water Resources Control Board (CSWRCB) for a total amount of \$9,957,921 for the purpose of financing Assessment District #12, Phase 3 costs. This program is a loan from the Clean State Revolving Fund (SRF) of which 50% of the principal amount was forgiven. This was made possible through Federal Environmental Protection Agency funds granted to SRF. The interest rate on the loan is 2.2% with principal and interest payments due annually on January 31 beginning in 2015, final payment is due January 31, 2034.

In the event of a termination, the District has agreed, upon demand, to immediately repay to the State Water Board an amount equal to installment payments due hereunder, including accrued interest, and all penalty assessments due. In the event of termination, interest shall accrue on all amounts due at the highest legal rate of interest from the date that notice of termination is mailed to the District to the date of full repayment by the District.

***Assessment District #12, Phase V (Direct Borrowing)***

On December 19, 2013, the District entered into an installment sales agreement with City National Bank in the amount of \$1,215,000. The proceeds were used to purchase Assessment District #12 bonds totaling \$1,096,329 for phase V costs. The interest rate on the installment sales agreement is 4.10% per annum. Interest on the bonds is payable semi-annually on March 2 and September 2. Principal matures on March 2 and September 2 of each year through 2029.

The outstanding installment sales agreement with City National Bank contains (a) a provision that if an event of default occurs and continues, the timing of repayment of outstanding amounts become immediately due if (1) the District is unable to make a payment; (2) the District fails to perform any of the agreements, covenants, or conditions required, and such default shall have continued for a period of thirty (30) days after the District has been given notice in writing of such default; (3) If the District files a petition or answer seeking arrangement or reorganization under the federal bankruptcy laws or any other applicable law of the United States of America or any state therein, or the approval by a court of competent jurisdiction of a petition filed with or without the consent of the District seeking arrangement or reorganization under the federal bankruptcy laws or any other applicable law of the United States of America or any state therein, or, under the provisions of any other law for the relief or aid of debtors, any court of competent jurisdiction assumes custody or control of the District or of the whole or any substantial part of its property; (4) if an event of default shall have occurred and be continuing with respect to any Parity Debt or Subordinate Debt which requires or permits the immediate acceleration thereof.

*Mission Springs Water District*

**Notes to Financial Statements  
For the Fiscal Year Ended June 30, 2021**

---

**NOTE 5: LONG-TERM DEBT, (CONTINUED)**

***Assessment District #12, Phase VI (Direct Borrowing)***

On November 1, 2014, the District entered into an installment sales agreement with BBVA Compass Bank in the amount of \$2,700,000. The proceeds were used to purchase Assessment District #12 bonds totaling \$2,582,000 for phase VI costs. The interest rate on the installment sales agreement is 3.95% per annum. Interest on the bonds is payable semi-annually on March 2 and September 2. Principal matures on March 2 and September 2 of each year through 2029.

The outstanding installment sales agreement with BBVA Compass Bank contains (a) a provision that if an event of default occurs and continues, the timing of repayment of outstanding amounts become immediately due if (1) the District is unable to make a payment; (2) the District fails to perform any of the agreements, covenants, or conditions required, and such default shall have continued for a period of thirty (30) days after the District has been given notice in writing of such default; (3) If the District files a petition or answer seeking arrangement or reorganization under the federal bankruptcy laws or any other applicable law of the United States of America or any state therein, or the approval by a court of competent jurisdiction of a petition filed with or without the consent of the District seeking arrangement or reorganization under the federal bankruptcy laws or any other applicable law of the United States of America or any state therein, or, under the provisions of any other law for the relief or aid of debtors, any court of competent jurisdiction assumes custody or control of the District or of the whole or any substantial part of its property; (4) if an event of default shall have occurred and be continuing with respect to any Parity Debt or Subordinate Debt which requires or permits the immediate acceleration thereof.

The debt service requirements for the District's notes are as follows:

Year ended June 30,	Principal	Interest	Total
2022	\$ 689,019	\$ 255,525	\$ 944,544
2023	710,195	234,639	944,834

For the Fiscal Year Ended June 30, 2021**

---

**NOTE 6: DEFINED BENEFIT PENSION PLAN**

**A. General information about the pension plan**

***Plan description***

All qualified permanent and probationary employees are eligible to participate in the Public Agency Cost-Sharing Multiple-Employer Defined Benefit Pension Plan (Plan or PERF C) administered by the California Public Employees' Retirement System (CalPERS.) The Plan consists of a miscellaneous pool and a safety pool (also referred to as "risk pools"), which are comprised of individual employer miscellaneous and safety rate plans, respectively. Plan assets may be used to pay benefits for any employer rate plan of the safety and miscellaneous pools. Accordingly, rate plans within the safety or miscellaneous pools are not separate plans under generally accepted accounting principles. Individual employers may sponsor more than one rate plan in the miscellaneous or safety risk pools. The District sponsors two miscellaneous rate plans. Benefit provisions under the Plan are established by State statute and District resolution. CalPERS issues publicly available reports that include a full description of the pension plan regarding benefit provisions, assumptions and membership information that can be found on the CalPERS' website, at [www.calpers.ca.gov](http://www.calpers.ca.gov).

***Benefits provided***

CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full-time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 5 years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost-of-living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

The Plan operates under the provisions of the California Public Employees' Retirement Law (PERL), the California Public Employees' Pension Reform Act of 2013 (PEPRA), and the regulations, procedures and policies adopted by the CalPERS Board of Administration. The Plan's authority to establish and amend the benefit terms are set by the PERL and PEPRA, and may be amended by the California state legislature and in some cases require approval by the CalPERS Board.

*Mission Springs Water District*

**Notes to Financial Statements  
For the Fiscal Year Ended June 30, 2021**

---

**NOTE 6: DEFINED BENEFIT PENSION PLAN, (CONTINUED)**

***Benefits provided, (Continued)***

The Plan's provisions and benefits in effect at June 30, 2021 are summarized as follows:

	Prior to January 1, 2013	On or after January 1, 2013
Hire date	<u>2.7% @ 55</u>	<u>2% @ 62</u>
Benefit formula	5 years of service	5 years of service
Benefit vesting schedule	monthly for life	monthly for life
Benefit payments	50 - 67	52 - 62
Retirement age	2.0% to 2.7%	1.0% to 2.0%
Monthly benefits, as a % of eligible compensation	13.515%	7.732%
Required employer contribution rates		

***Contributions***

Section 20814(c) of the California Public Employees' Retirement Law (PERL) requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The total plan contributions are determined through CalPERS' annual actuarial valuation process. For public agency cost-sharing plans covered by either the Miscellaneous or Safety risk pools, the Plan's actuarially determined rate is based on the estimated amount necessary to pay the Plan's allocated share of the risk pool's costs of benefits earned by employees during the year, and any unfunded accrued liability. The employer is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. Employer contribution rates may change if plan contracts are amended. Payments made by the employer to satisfy contribution requirements that are identified by the pension plan terms as plan member contribution requirements are classified as plan member contributions. Employer Contributions to the Plan for the fiscal year ended June 30, 2021 were \$911,046. The actual employer payments of \$1,167,827 made to CalPERS by the District during the measurement period ended June 30, 2020 differed from the District's proportionate share of the employer's contributions of \$851,995 by \$315,832, which is being amortized over the expected average remaining service lifetime in the Public Agency Cost-Sharing Multiple Employer Plan.

**B. Net pension liability**

The District's net pension liability for the Plan is measured as the total pension liability, less the pension plan's fiduciary net position. The net pension liability is measured as of June 30, 2020, using an annual actuarial valuation as of June 30, 2019 rolled forward to June 30, 2020 using standard update procedures. A summary of principal assumptions and methods used to determine the net pension liability is as follows.

*Mission Springs Water District*

**Notes to Financial Statements  
For the Fiscal Year Ended June 30, 2021**

---

**NOTE 6: DEFINED BENEFIT PENSION PLAN, (CONTINUED)**

***Actuarial methods and assumptions used to determine total pension liability***

Valuation Date	June 30, 2019
Measurement Date	June 30, 2020
Actuarial Cost Method	Entry Age Normal
Asset Valuation Method:	Market Value of Assets
Discount Rate	7.15%
Inflation	2.50%
Salary Increase	Varied by Entry Age and Service
Mortality Rate Table (1)	Derived using CalPERS' membership data for all funds
Post Retirement Benefit Increase	Contract COLA up to 2.50% until purchasing power protection allowance floor on purchasing power applies, 2.50% thereafter

(1) The mortality table used was developed based on CalPERS' specific data. The probabilities of mortality are based on the 2017 CalPERS Experience Study for the period from 1997 to 2015. Pre-retirement and Post-retirement mortality rates include 15 years of projected mortality improvement using 90% of Scale MP-2016 published by the Society of Actuaries. For more details on this table, please refer to the CalPERS Experience Study and Review of Actuarial Assumptions report from December 2017 that can be found on the CalPERS website.

All other actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period from 1997 to 2015, including updates to salary increase, mortality and retirement rates. The Experience Study report can be obtained at CalPERS' website, at [www.calpers.ca.gov](http://www.calpers.ca.gov).

***Long-term expected rate of return***

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

*Mission Springs Water District*

**Notes to Financial Statements  
For the Fiscal Year Ended June 30, 2021**

---

**NOTE 6: DEFINED BENEFIT PENSION PLAN, (CONTINUED)**

***Long-term expected rate of return, (Continued)***

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses.

The expected real rates of return by asset class are as follows:

<u>Asset Class<sup>1</sup></u>	<u>New Strategic Allocation</u>	<u>Real Return Years 1 - 10<sup>2</sup></u>	<u>Real Return Years 11+<sup>3</sup></u>
Global Equity	50.0%	4.80%	5.98%
Global Fixed Income	28.0%	1.00%	2.62%
Inflation Sensitive	-	0.77%	1.81%
Private Equity	8.0%	6.30%	7.23%
Real Estate	13.0%	3.75%	4.93%
Liquidity	1.0%	-	(0.92%)
<b>Total</b>	<b>100%</b>		

<sup>1</sup> In the Systems financial statements, fixed income is included in Global Debt Securities; Liquidity is included in Short-term Investments; Inflation Assets are included in both Global Equity Securities and Global Debt Securities.

<sup>2</sup> An expected inflation of 2.5% used for this period

<sup>3</sup> An expected inflation of 3.0% used for this period

***Change of assumptions***

The Plan adopted a new amortization policy effective with the 2019 actuarial valuation. The new amortization policy shortens the period over which actuarial gains and losses are amortized from 30 years to 20 years with the payments computed as a level dollar amount. In addition, the new policy does not utilize a five-year ramp-up and ramp-down on UAL bases attributable to assumption changes and non-investment gains/losses. The new policy also does not utilize a five-year ramp-down on investment gains/losses. These changes apply only to new UAL bases established on or after June 30, 2019.

*Mission Springs Water District*

**Notes to Financial Statements  
For the Fiscal Year Ended June 30, 2021**

---

**NOTE 6: DEFINED BENEFIT PENSION PLAN, (CONTINUED)**

***Discount rate***

The discount rate used to measure the total pension liability for PERF C was 7.15%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

***Pension plan fiduciary net position***

Information about the pension plan's assets, deferred outflows of resources, liabilities, deferred inflows of resources, and fiduciary net position are presented in CalPERS' audited financial statements, which are publicly available reports that can be obtained at CalPERS' website, at [www.calpers.ca.gov](http://www.calpers.ca.gov). The plan's fiduciary net position and additions to/deductions from the plan's fiduciary net position have been determined on the same basis used by the pension plan, which is the economic resources measurement focus and the accrual basis of accounting. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. Investments are reported at fair value.

**C. Proportionate share of net pension liability**

The following table shows the Plan's proportionate share of the net pension liability over the measurement period.

	<b>Increase (Decrease)</b>		
	Plan Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Plan Net Pension Liability (c) = (a) - (b)
Balance at: 6/30/2019 (Valuation Date)	\$ 24,451,302	\$ 17,456,435	\$ 6,994,867
Balance at: 6/30/2020 (Measurement Date)	26,214,266	19,068,962	7,145,304
Net Changes during 2019-20	1,762,964	1,612,527	150,437

Valuation Date (VD), Measurement Date (MD)

*Mission Springs Water District*

**Notes to Financial Statements  
For the Fiscal Year Ended June 30, 2021**

---

**NOTE 6: DEFINED BENEFIT PENSION PLAN, (CONTINUED)**

**C. Proportionate share of net pension liability (Continued)**

The District's proportion of the net pension liability was determined by CalPERS using the output from the Actuarial Valuation System and the fiduciary net position, as provided in the CalPERS Public Agency Cost-Sharing Allocation Methodology Report, which is a publicly available report that can be obtained at CalPERS' website, at [www.calpers.ca.gov](http://www.calpers.ca.gov).

The District's proportionate share of the net pension liability for the Miscellaneous Plan as of the June 30, 2019 and 2020 measurement dates was as follows:

Proportionate share - MD June 30, 2019	0.17468%
Proportionate share - MD June 30, 2020	0.16940%
Change - Increase (Decrease)	-0.00528%

***Sensitivity of the proportionate share of the Net Pension Liability to changes in the discount rate***

The following presents the District's proportionate share of the net pension liability of the Miscellaneous Plan as of the measurement date, calculated using the discount rate of 7.15 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower (6.15 percent) or 1 percentage-point higher (8.15 percent) than the current rate:

	<b>Discount Rate - 1%</b> <b>(6.15%)</b>	<b>Current Discount</b> <b>Rate (7.15%)</b>	<b>Discount Rate + 1%</b> <b>(8.15%)</b>
Plan's Net Pension Liability	\$ 10,633,783	\$ 7,145,304	\$ 4,262,883

***Subsequent events***

There were no subsequent events that would materially affect the results presented in this disclosure.

*Mission Springs Water District*

**Notes to Financial Statements  
For the Fiscal Year Ended June 30, 2021**

---

**NOTE 6: DEFINED BENEFIT PENSION PLAN, (CONTINUED)**

**C. Proportionate share of net pension liability (Continued)**

***Amortization of deferred outflows and deferred inflows of resources***

Under GASB 68, gains and losses related to changes in total pension liability and fiduciary net position are recognized in pension expense systematically over time.

The first amortized amounts are recognized in pension expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflows and deferred inflows of resources related to pensions and are to be recognized in future pension expense.

The amortization period differs depending on the source of the gain or loss:

All other amounts	Straight-line amortization over the average expected remaining services lives (EARSL) of all members that are provided with benefits (active, inactive, and retired) as of the beginning of the measurement period
-------------------	--

The expected average remaining service lifetime (EARSL) is calculated by dividing the total future service years by the total number of plan participants (active, inactive, and retired) in the Public Agency Cost-Sharing Multiple-Employer Plan (PERF C).

The EARSL for PERF C for the measurement period ending June 30, 2020 is 3.8 years, which was obtained by dividing the total service years of 548,581 (the sum of remaining service lifetimes of the active employees) by 145,663 (the total number of participants: active, inactive, and retired) in PERF C. Inactive employees and retirees have remaining service lifetimes equal to 0. Total future service is based on the members' probability of decrementing due to an event other than receiving a cash refund.

**D. Pension expense and deferred outflows and deferred inflows of resources related to pensions**

As of the start of the measurement period (July 1, 2019), the District's net pension liability was \$6,994,867. For the measurement period ending June 30, 2020 (the measurement date), the District incurred a pension expense of \$1,315,630.

*Mission Springs Water District*

**Notes to Financial Statements  
For the Fiscal Year Ended June 30, 2021**

---

**NOTE 6: DEFINED BENEFIT PENSION PLAN, (CONTINUED)**

**D. Pension expense and deferred outflows and deferred inflows of resources related to pensions (Continued)**

As of June 30, 2021, the District has deferred outflows and deferred inflows of resources related to pensions as follows:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences Between Expected and Actual Experience	\$ 368,219	\$ -
Changes of Assumptions	-	50,963
Difference Between Projected and Actual Earnings on Pension Plan Investments	212,263	-
Change in Employer's Proportion	-	370,689
Difference in Actual vs Projected Contributions	447,034	-
Pension Contributions Subsequent to Measurement Date	911,046	-
<b>Total</b>	<b>\$ 1,938,562</b>	<b>\$ 421,652</b>

The amounts above are net of outflows and inflows recognized in the 2019-20 measurement period expense. Contributions subsequent to the measurement date of \$911,046 reported with deferred outflows of resources will be recognized as a reduction of the net pension liability in the upcoming fiscal year. Other amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in future pension expense as follows:

<b>Fiscal Year Ended December 31:</b>	<b>Deferred Outflows/(Inflows) of Resources</b>
2022	\$ 80,256
2023	244,590
2024	179,211
2025	101,807
2026	-

**E. Payable to the pension plan**

At June 30, 2021, the District reported a payable of \$-0- for the outstanding amount of contributions to the pension plan required for the year then ended.

\*Targeted capital reserve designated by the board was \$25,374,401 as of June 30, 2021. However, only \$17,568,682 was available to be designated.

**NOTE 8: DEFERRED COMPENSATION AGREEMENT**

The District offers its employees a deferred compensation plan (DC Plan) created in accordance with Internal Revenue Code Section 457. The DC Plan, available to all of the District employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or an unforeseeable emergency.

All amounts of compensation deferred under the DC Plan are held in trust and are not subject to the creditors of the District. Accordingly, the assets and liabilities of the DC Plan are not reflected on these financial statements.

*Mission Springs Water District*

**Notes to Financial Statements  
For the Fiscal Year Ended June 30, 2021**

---

**NOTE 9: COMMITMENTS AND CONTINGENCIES**

***Grant awards***

The District has received funds for specific purposes that are subject to review and audit by the grantors. Although such audits could generate expenditure disallowances under terms of the grants or contracts, management believes that any required reimbursements will not be material.

***Litigation***

Legal claims and lawsuits arise from time to time in the normal course of business, which, in the opinion of management, will have no material effect on the District's financial position.

***Refunding agreements***

Refunding agreements are amounts due to developers for water and sewer systems donated to the District. Refunds are based on new connections to each system. The District is not liable for amounts not refunded at the expiration of an agreement.

The District has entered into agreements to partially reimburse developers for payments made to construct water and/or sewer lines donated to the District. Reimbursements are made from the front footage charges collected by the District when new connections are made to the lines.

***COVID-19 considerations***

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus (COVID-19) a global pandemic and recommended containment and mitigation measures worldwide. The COVID-19 outbreak in the United States has caused business disruption through mandated and voluntary closings of businesses and shelter in place orders for all but those deemed essential services. While the business disruption was temporary, there is still considerable uncertainty due to variants, known and unknown. The District continues to provide essential services to its customers. Its operations and revenue sources have not been significantly impacted by the pandemic. No adjustments have been made to these financial statements as a result of this uncertainty.

*Mission Springs Water District*

**Notes to Financial Statements  
For the Fiscal Year Ended June 30, 2021**

---

**NOTE 10: RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts: theft of, damage to and destruction of assets; errors and omissions; and natural disasters. It is a member of the Association of California Water Agencies Joint Powers Insurance Authority (Insurance Authority). The Insurance Authority is a risk-pooling, self-insurance authority, created under the provisions of California Government Code Sections 6500 et. seq. The purpose of the Insurance Authority is to arrange and administer programs of insurance for the pooling of self-insured losses and to purchase excess insurance coverage.

On June 30, 2021, the District participated in the self-insurance program of the Insurance Authority as follows:

*Property Loss* – The Insurance Authority has pooled self-insurance up to \$100,000 per occurrence and has purchased excess insurance coverage up to \$500,000,000 (total insurable value of \$7,386,985), with deductibles ranging from \$2,500 to \$100,000.

*General, Auto and Public Officials Errors and Omissions Liability* – The Insurance Authority has pooled self-insurance up to \$5,000,000 and has purchased excess insurance coverage up to \$55,000,000.

*Cyber Liability* – The Insurance Authority has pooled self-insurance up to \$3,000,000 per occurrence subject to a \$5,000,000 aggregate limit.

*Fidelity: Public Employee Dishonesty, Forgery or Alteration, Computer Fraud & ERISA* – The Insurance Authority has pooled self-insurance up to \$1,000,000 per occurrence, with \$1,000 deductible.

*Workers' Compensation* – The Insurance Authority has pooled self-insurance up to \$2,000,000 each for workers' compensation and employers' liability. The employers' liability is insured up to \$2,000,000, in excess of \$2,000,000 Self-Insured Retention. Workers' compensation is insured up to the statutory limit.

There were no settlements in excess of the insurance coverage in any of the three prior fiscal years.

June 30, 2021	911,046	(911,046)	-	4,042,901	22.53%

**Notes to Schedule:**

Change in Benefit Terms: None

Changes in Assumptions: For 2020, the Plan adopted a new amortization policy effective with the 2019 actuarial valuation. The new amortization policy shortens the period over which actuarial gains and losses are amortized from 30 years to 20 years with the payments computed as a level dollar amount. In addition, the new policy does not utilize a five-year ramp-up and ramp-down on UAL bases attributable to assumption changes and non-investment gains/losses. The new policy also does not utilize a five-year ramp-down on investment gains/losses. These changes apply only to new UAL bases established on or after June 30, 2019. There were no changes in assumptions in 2019. In 2018, demographic assumptions and inflation rate were changed in accordance to the CalPERS Experience Study and Review of Actuarial Assumptions December 2017. There were no changes in the discount rate in 2019. In 2017, the accounting discount rate was reduced from 7.65 percent to 7.15 percent. In 2016, there were no changes in the discount rate. In 2015, amounts reported reflect an adjustment of the discount rate from 7.5 percent (net of administrative expense) to 7.65 percent (without a reduction for pension plan administrative expense). In 2014, amounts reported were based on the 7.5 percent discount rate.

\* Historical information is required only for measurement periods for which it is applicable. Future years' information will be displayed up to 10 years as information becomes available.
