Phone (419)-257-2394

Fax (419)-257-2457

Village Administrator Amended Report for Tuesday, March 10, 2026 Submitted Wednesday, March 4, 2026

Stormwater Projects (Park and Reservoir)

A funding source meeting has been scheduled for April 1.

Lead Service Line Replacement Project

Jutte Excavating Inc. submitted the lowest and best bid at \$327,334.36. Other bids were received from Petty Farms (\$329,919), Underground Utilities (\$332,860), and E.R. Zeiler Excavating (\$449,350).

Combined Sewer Overflow (CSO) Structure Modification Project

Construction is expected to be completed in June.

Personnel, Policy, and Procedural Manual

An emergency resolution to use Lexipol to update the PPM is scheduled for today.

An emergency resolution for Police Department policies is anticipated for April 14.

Safe Routes to School ODOT Grant

An application was submitted for sidewalk funding on the west side of Gillette Street and the east side of Chicago and Wabash Streets.

Memorial Grove Survey

The survey was distributed on February 20 through the Village Facebook page and was also included with the March water bills. The Village is partnering with Bowling Green State University's Master of Public Administration Program to gather resident feedback on Memorial Grove, a village-owned green space near the wastewater treatment plant. The brief survey will help inform future planning decisions, and residents who live adjacent to Memorial Grove may provide additional feedback.
