

PROFESSIONAL SERVICES AGREEMENT

This **PROFESSIONAL SERVICES AGREEMENT** (the “Agreement”) is made and entered by and between **NEW BRAUNFELS UTILITIES**, a Texas municipally owned utility (“NBU”), and **UTILIS, INC., DBA ASTERRA**, a Delaware incorporated company authorized to transact business in the State of Texas (the “Professional”). For good and valuable consideration, the receipt and sufficiency of which is acknowledged, the parties agree as set forth herein.

Section 1. Term of Agreement. This Agreement will be effective on the latest date subscribed below (the “Effective Date”) and will remain in full force and effect for a period of one (1) year from August 1, 2026, to July 31, 2027 (the “Initial Term”), unless terminated as otherwise provided pursuant to the terms and conditions of this Agreement. After the expiration of the Initial Term, this Agreement shall automatically renew for four (4) successive one-year terms (each, a “Renewal Term”), unless either party provides written notice of its intent to terminate the Agreement to the other party at least thirty (30) days prior to the expiration of any term. The Initial Term and any Renewal Term(s) are collectively referred to herein as the “Term.” Upon renewal, the terms and conditions of this Agreement will remain in full force and effect. In no event will the contract Term extend beyond July 31, 2031.

Section 2. Scope of Services.

(A) The Professional shall perform the services described in Exhibit A (the “Services”) within the timeframe specified therein.

(B) The quality of Services provided hereunder shall be of the level of professional quality performed by professionals regularly rendering this type of service.

(C) The Professional shall perform the Services in compliance with all statutory, regulatory, and contractual requirements now or hereafter in effect as may be applicable to the rights and obligations set forth in the Agreement.

(D) The Professional may rely upon the accuracy of reports and surveys provided to it by NBU except when defects should have been apparent to a reasonably competent professional or when it has actual notice of any defects in the reports and surveys.

Section 3. Compensation.

(A) Amount. The Professional shall be paid the amount set forth in Exhibit B as described herein.

(B) Billing Period. NBU shall pay the Professional within thirty (30) days after receipt and approval of invoices and based upon work satisfactorily performed and completed to date. All invoices shall document and itemize all work completed to date. Each invoice statement shall include a record of time expended and work performed in sufficient detail to justify payment. In

the event any uncontested portions of any invoice are not paid within thirty (30) days of receipt and approval of the Professional's invoice, the Professional shall have the right to suspend work.

(C) Reimbursable Expenses. Any and all reimbursable expenses related to the Services shall be described in Exhibit A and accounted for in the total compensation amount in Exhibit B. If these items are not specifically accounted for in both Exhibit A and Exhibit B, NBU shall not be required to pay such amounts unless otherwise agreed to in writing by both parties or unless agreed to pursuant to Section 4 of this Agreement.

Section 4. Changes to the Services; Additional Work.

(A) Changes to the Services. The Professional shall make such revisions to any work related to the Services that has been completed as are necessary to correct any errors or omissions as may appear in such work. If NBU finds it necessary to make changes to previously satisfactorily completed work or parts thereof related to the Services, the Professional shall make such revisions if requested and as directed by NBU and such services shall be considered as additional work and paid for as specified under the following paragraph.

(B) Additional Work. NBU retains the right to make changes to the Services at any time by a written contract amendment. Work that is clearly not within the general description of the Services under this Agreement must be approved in writing by NBU by contract amendment before the additional work is undertaken by the Professional. If the Professional is of the opinion that any work is beyond that contemplated in this Agreement and the Services described in Exhibit A and therefore constitutes additional work, the Professional shall promptly notify NBU of that opinion in writing. If NBU agrees that such work does constitute additional work, then NBU and the Professional shall execute a contract amendment for the additional work and NBU shall compensate the Professional for the additional work on the same basis of the rates for the Services contained in Exhibit B. If the changes reduce the scope of the Services, the contract sum shall be adjusted accordingly. All such changes shall be executed under the conditions of the original Agreement. Any work undertaken by the Professional not previously approved as additional work shall be at risk of the Professional.

Section 5. Ownership of Documents. Upon completion or termination of this Agreement, all documents prepared by the Professional or furnished to the Professional by NBU shall be delivered to and become the property of NBU. All drawings, charts, calculations, plans, specifications and other data, including electronic files and raw data, prepared under or pursuant to this Agreement shall be made available, upon request, to NBU without restriction or limitation on the further use of such materials; however, such materials are not intended or represented to be suitable for reuse by NBU or others. Any reuse of the materials related to the Services without prior verification or adaptation by the Professional for the specific purpose intended will be at NBU's sole risk and without liability to the Professional. Where applicable, the Professional shall retain all pre-existing proprietary rights in the materials provided to NBU but shall grant to NBU a non-exclusive, perpetual, royalty-free license to use such proprietary information solely for the purposes for which the information was provided. The Professional may, at the Professional's expense, have copies made of the documents or any other data furnished to NBU under or pursuant to this Agreement.

Section 6. Personnel. The Professional shall provide adequate, experienced personnel, capable of and devoted to the successful completion of the Services to be performed under this Agreement. The Professional agrees that, upon commencement of the Services to be performed under this Agreement, key personnel will not be removed or replaced without prior written notice to NBU. If key personnel are not available to perform the Services for a continuous period exceeding thirty (30) calendar days, or are expected to devote substantially less effort to the Services than initially anticipated, the Professional shall immediately notify NBU of same and shall replace such personnel with personnel possessing substantially equal ability and qualifications.

Section 7. Licenses; Materials. The Professional shall maintain in current status all federal, state, and local licenses and permits required for the Professional to perform the Services and operate its business. NBU has no obligation to provide the Professional, its employees or subcontractors any business registrations or licenses required to perform the Services described in this Agreement. NBU has no obligation to provide tools, equipment, or materials to the Professional.

Section 8. Performance Warranty. The Professional warrants that the Services provided under this Agreement shall conform to the professional standards performed by professionals regularly rendering this type of service.

Section 9. Indemnification. **TO THE FULLEST EXTENT PERMITTED BY LAW, THE PROFESSIONAL SHALL INDEMNIFY, DEFEND, AND HOLD HARMLESS NBU AND EACH BOARD MEMBER, OFFICER, EMPLOYEE OR AGENT THEREOF (NBU AND ANY SUCH PERSON BEING HEREIN CALLED AN "INDEMNIFIED PARTY"), FOR, FROM AND AGAINST ANY AND ALL LOSSES, CLAIMS, DAMAGES, LIABILITIES, COSTS AND EXPENSES (INCLUDING, BUT NOT LIMITED TO, REASONABLE ATTORNEYS' FEES AND COURT COSTS) TO WHICH ANY SUCH INDEMNIFIED PARTY MAY BECOME SUBJECT, UNDER ANY THEORY OF LIABILITY WHATSOEVER ("CLAIMS"), INsofar AS SUCH CLAIMS (OR ACTIONS IN RESPECT THEREOF) RELATE TO, ARISE OUT OF, OR ARE CAUSED BY THE GOODS OR SERVICES PROVIDED BY THE PROFESSIONAL, ITS OFFICERS, EMPLOYEES, AGENTS, OR ANY TIER OF SUBCONTRACTOR IN THE PERFORMANCE OF THIS AGREEMENT. THE AMOUNT AND TYPE OF INSURANCE COVERAGE REQUIREMENTS SET FORTH BELOW SHALL IN NO WAY BE CONSTRUED AS LIMITING THE SCOPE OF THE INDEMNITY IN THIS SECTION.**

Section 10. Insurance.

(A) General.

- i. Insurer Qualifications. Without limiting any obligations or liabilities of the Professional, the Professional shall purchase and maintain, at its own expense, hereinafter stipulated minimum insurance with insurance companies authorized to do business in the State of Texas with an A.M. Best, Inc. rating of A- VII or above with policies and forms satisfactory to NBU. Failure to maintain insurance as specified herein may result in termination of this Agreement at NBU's option.
- ii. No Representation of Coverage Adequacy. By requiring insurance, NBU does not represent that coverage and limits will be adequate to protect the Professional. NBU reserves the right to review any and all of the insurance policies and/or

endorsements cited in this Agreement, but has no obligation to do so. Failure to demand such evidence of full compliance with the insurance requirements set forth in this Agreement or failure to identify any insurance deficiency will not relieve the Professional from, nor be construed or deemed a waiver of, its obligation to maintain the required insurance at all times during the performance of this Agreement.

- iii. Additional Insured. All insurance coverage and self-insured retention or deductible portions, except Workers' Compensation insurance and Professional Liability insurance, if applicable, shall name, to the fullest extent permitted by law for claims arising out of the performance of this Agreement, NBU, its agents, representatives, officers, and Board of Trustees as an Additional Insured as specified under the respective coverage sections of this Agreement.
- iv. Coverage Term. All insurance required herein shall be maintained in full force and effect until all the Services required to be performed under the terms of this Agreement are satisfactorily performed, completed and formally accepted by NBU, unless specified otherwise in this Agreement.
- v. Primary Insurance. The Professional's insurance shall be primary insurance with respect to performance of this Agreement and in the protection of NBU as an Additional Insured.
- vi. Claims Made. In the event any insurance policies required by this Agreement are written on a "claims made" basis, coverage will extend, either by keeping coverage in force or purchasing an extended reporting option, for three years after the conclusion of the term of this Agreement. Such continuing coverage will be evidenced by submission of annual certificates of insurance stating applicable coverage is in force and containing provisions as required herein for the three-year period.
- vii. Waiver. All policies (except for Professional Liability, if applicable), including Workers' Compensation insurance, will contain a waiver of rights of recovery (subrogation) against NBU, its agents, representatives, officers, employees, and Board of Trustees for any claims arising out of the Services performed by the Professional. The Professional shall arrange to have such subrogation waivers incorporated into each policy via formal written endorsement thereto.
- viii. Policy Deductibles and/or Self-Insured Retentions. The policies set forth in these requirements may provide coverage that contains deductibles or self-insured retention amounts. Such deductibles or self-insured retention shall not be applicable with respect to the policy limits provided to NBU. The Professional shall be solely responsible for any such deductible or self-insured retention amount.
- ix. Use of Subcontractors. The Professional shall not use subcontractors for all or any work under this Agreement without the prior written consent of NBU in its sole

discretion. If any work under this Agreement is subcontracted in any way, the Professional shall execute written agreements with its subcontractors containing the indemnification provisions set forth in this Agreement and insurance requirements set forth herein protecting NBU and the Professional. The Professional shall be responsible for executing any agreements with its subcontractors and obtaining certificates of insurance verifying the insurance requirements.

- x. Evidence of Insurance. Prior to the Effective Date of this Agreement, the Professional shall provide suitable evidence of insurance to NBU, which confirms that all required insurance policies are in full force and effect. Evidence of insurance shall be in a form acceptable to NBU. Confidential information such as the policy premium may be redacted from the documents evidencing each insurance policy, provided that such redactions do not alter any of the information required by this Agreement. NBU will rely upon the requested information, including, but not limited to, certificates of insurance, endorsements, schedule of forms and endorsements, or other policy language as evidence of coverage but such acceptance and reliance will not waive or alter in any way the insurance requirements or obligations of this Agreement. If any of the policies required by this Agreement expire during the life of this Agreement, it will be the Professional's responsibility to forward renewal certificates and evidence of insurance to NBU five (5) days prior to the expiration date.

(B) Required Insurance Coverage. Any of the coverage set forth below may be waived by NBU in its sole discretion, but any such waiver must be signed by an authorized representative of NBU on or before the Effective Date of this Agreement.

- i. Commercial General Liability. The Professional shall maintain "occurrence" form Commercial General Liability insurance with an unimpaired limit of not less than \$1,000,000 for each occurrence and a \$2,000,000 General Aggregate Limit. The policy shall cover liability arising from premises, operations, independent contractors, products, completed operations, personal injury, and property damage. The definition of insured contract cannot have any modifications as outlined in the ISO policy form CG 0001 0413. Third party action over coverage must not be specifically excluded. To the fullest extent allowed by law, for claims arising out of the performance of this Agreement, NBU, its agents, representatives, officers, and Board of Trustees shall be cited as an Additional Insured. If any Excess insurance is utilized to fulfill the requirements of this subsection, such Excess insurance shall be "follow form" equal or broader in coverage scope than underlying insurance.
- ii. Auto Liability. The Professional shall maintain Automobile Liability insurance with a limit of \$1,000,000 combined single limit on the Professional's owned or hired and non-owned vehicles, as applicable, assigned to or used in the performance of the Services by the Professional under this Agreement. To the fullest extent allowed by law, for claims arising out of the performance of this Agreement, NBU, its agents, representatives, officers, and Board of Trustees shall be cited as an

Additional Insured. If any Excess insurance is utilized to fulfill the requirements of this subsection, such Excess insurance shall be “follow form” equal or broader in coverage scope than underlying insurance.

- iii. Professional Liability. The Professional shall maintain Professional Liability insurance covering negligent errors and omissions arising out of the Services performed by the Professional, or anyone employed by the Professional, or anyone for whose negligent acts, mistakes, errors and omissions the Professional is legally liable, with an unimpaired liability insurance limit of \$1,000,000 each claim and \$2,000,000 annual aggregate. In the event the Professional Liability insurance policy is written on a “claims made” basis, coverage shall extend for three years after the conclusion of the term of this Agreement, and the Professional shall be required to submit certificates of insurance and other requested information evidencing proper coverage is in effect as required above. Confidential information such as the policy premium or proprietary information may be redacted from the insurance information requested, provided that such redactions do not alter any of the information required by this Agreement.
- iv. Workers’ Compensation and Employer’s Liability Insurance. The Professional shall maintain Workers’ Compensation insurance to cover the Professional’s employees engaged in the performance of the Services under this Agreement and shall also maintain Employers Liability Insurance of not less than \$1,000,000 for each accident, \$1,000,000 disease for each employee and \$1,000,000 disease policy limit.

(C) Cancellation and Expiration Notice. Insurance required herein shall not expire, be canceled, or be materially changed without thirty (30) days’ prior written notice to NBU.

Section 11. Termination.

(A) For NBU’s Convenience. This Agreement is for the convenience of NBU and, as such, may be terminated by NBU for any reason upon thirty (30) days’ written notice by NBU to the Professional. Upon termination for convenience, the Professional will be paid for the Services performed to the termination date less any offsets to which NBU may be entitled under the terms of this Agreement. By written notice to NBU, the Professional may suspend work if the Professional reasonably determines that working conditions at the site (outside the Professional’s control) are unsafe, or in violation of applicable laws, or in the event NBU has not made timely payment in accordance with this Agreement, or for other circumstances not caused by the Professional that are materially interfering with the normal progress of the work. The Professional’s suspension of work hereunder shall be without prejudice to any other remedy of the Professional at law or equity.

(B) For Cause. If either party violates any provision or fails to perform any obligation of this Agreement and such party fails to cure its nonperformance within thirty (30) days after written notice of nonperformance is given by the non-defaulting party, such party will be in default. In the event of such default, the non-defaulting party may terminate this Agreement immediately for

cause and will have all remedies that are available to it at law or in equity including, without limitation, the remedy of specific performance. If the nature of the defaulting party's nonperformance is such that it cannot reasonably be cured within thirty (30) days, then the defaulting party will have such additional period of time as may be reasonably necessary under the circumstances, provided the defaulting party immediately (i) provides written notice to the non-defaulting party and (ii) commences to cure its nonperformance and thereafter diligently continues to completion the cure of its nonperformance. In no event will any such cure period exceed ninety (90) days. Only one notice of nonperformance will be required during the term of this Agreement and in the event of a second breach or violation, the nondefaulting party may immediately terminate this Agreement without notice to the defaulting party. In the event of any termination for cause by NBU, payment will be made by NBU to the Professional for the undisputed portion of its fee due as of the termination date less any offsets to which NBU may be entitled under the terms of this Agreement.

(C) Non-Collusion. The Professional represents and warrants that the Professional has not given, made, promised or paid, nor offered to give, make, promise or pay any gift, bonus, commission, money or other consideration to any person as an inducement to or in order to obtain the work to be provided to NBU under this Agreement. If NBU determines that the Professional gave, made, promised, paid or offered any gift, bonus, commission, money, or other consideration to NBU or any of its officers, agents, or employees to secure this Agreement, NBU may elect to cancel this Agreement by written notice to the Professional. The Professional further agrees that the Professional shall not accept any gift, bonus, commission, money, or other consideration from any person (other than from NBU pursuant to this Agreement) for any of the Services performed by the Professional under or related to this Agreement. If any such gift, bonus, commission, money, or other consideration is received by or offered to the Professional, the Professional shall immediately report that fact to NBU and, NBU, at its sole option, may elect to cancel this Agreement by written notice to the Professional.

(D) Agreement Subject to Appropriation. This Agreement is subject to appropriation of funds. The provisions of this Agreement for payment of funds by NBU shall be effective when funds are appropriated for purposes of this Agreement and are actually available for payment. NBU shall be the sole judge and authority in determining the availability of funds under this Agreement and NBU shall keep the Professional fully informed as to the availability of funds for the Agreement. The obligation of NBU to make any payment pursuant to this Agreement is a current expense of NBU, payable exclusively from such annual appropriations, and is not a general obligation or indebtedness of NBU. If sufficient funds are not appropriated to pay the amounts as set forth in this Agreement during any immediately succeeding fiscal year, this Agreement shall terminate at the end of the then-current fiscal year and NBU and the Professional shall be relieved of any subsequent obligation under this Agreement.

Section 12. Miscellaneous.

(A) Independent Contractor. The Professional acknowledges that the Professional is an independent contractor of NBU and is not an employee, agent, official or representative of NBU. The Professional shall not represent, either expressly or through implication, that the Professional

is an employee, agent, official or representative of NBU. Income taxes, self-employment taxes, social security taxes and the like shall be the sole responsibility of the Professional.

(B) Governing Law; Venue. This Agreement and all of the transactions contemplated herein shall be governed by and construed in accordance with the laws of the State of Texas. The provisions and obligations of this Agreement are performable in Comal County, Texas such that exclusive venue for any action arising out of this Agreement shall be in Comal County, Texas.

(C) Compliance with Laws. The Professional shall comply with all federal, state and local laws, statutes, ordinances, rules and regulations, and the orders and decrees of any courts, administrative, or regulatory bodies in any matter affecting the performance of this Agreement, including, without limitation, worker's compensation laws, minimum and maximum salary and wage statutes and regulations, and licensing laws and regulations. When required, the Professional shall furnish satisfactory proof of compliance to NBU.

(D) Amendments. This Agreement may only be amended, modified, or supplemented by a written amendment signed by persons duly authorized to enter into contracts on behalf of NBU and the Professional.

(E) Provisions Required by Law. Each and every provision of law and any clause required by law to be in the Agreement shall be read and enforced as though it were included herein and, if through mistake or otherwise any such provision is not inserted, or is not correctly inserted, then upon the application of either party, the Agreement shall promptly be physically amended to make such insertion or correction.

(F) Severability. If any term or provision of this Agreement is held to be invalid, illegal, or unenforceable in any respect under applicable law, the legality, validity or enforceability of the remaining terms or provisions of this Agreement shall not be affected thereby, and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

(G) Entire Agreement; Interpretation; Parol Evidence. This Agreement and the related Exhibits constitute the entire agreement of the parties with respect to the subject matter, and all previous agreements, whether oral or written, entered into prior to this Agreement are hereby revoked and superseded thereby. No representations, inducements or oral agreements have been made by any of the parties except as expressly set forth in this Agreement. This Agreement shall be construed and interpreted according to its plain meaning, and no presumption shall be deemed to apply in favor of, or against the party drafting the Agreement.

(H) No Assignment. Neither party shall have the right to assign that party's interest in this Agreement without the prior written consent of the other party. Any purported assignment in violation of this Section shall be null and void.

(I) Subcontractors. The Professional shall not transfer any portion of the work related to the Services under this Agreement to any subcontractor without the prior written consent of NBU, which consent shall not be unreasonably withheld. The approval or acquiescence of NBU in the

subletting of any work shall not relieve the Professional of any responsibility for work done by such subcontractor. Failure to pay subcontractors in a timely manner pursuant to any subcontract shall be a material breach of this Agreement by the Professional.

(J) Waiver. No waiver by any party of any of the provisions of this Agreement shall be effective unless explicitly set forth in writing and signed by the party so waiving. No waiver of any breach or violation of any term of this Agreement shall be deemed or construed to constitute a waiver of any other breach or violation, whether concurrent or subsequent, and whether of the same or of a different type of breach or violation. No failure to exercise, or delay in exercising, any right, remedy, power, or privilege arising from this Agreement shall operate or be construed as a waiver thereof; nor shall any single or partial exercise of any right, remedy, power, or privilege hereunder preclude any other or further exercise thereof or the exercise of any other right, remedy, power, or privilege.

(K) Attorneys' Fees. In the event either party brings any action for any relief, declaratory or otherwise, arising out of this Agreement or on account of any breach or default hereof, the prevailing party will be entitled to receive from the other party reasonable attorneys' fees and reasonable costs and expenses, which will be deemed to have accrued on the commencement of such action.

(L) Liens. All materials or services provided under this Agreement shall be free of all liens and, if NBU requests, a formal release of all liens shall be delivered to NBU.

(M) Offset.

- i. Offset for Damages. In addition to all other remedies at law or equity, NBU may offset from any money due to the Professional any amount the Professional owes to NBU for damages resulting from breach or deficiencies in performance or breach of any obligation under this Agreement, including but not limited to all costs, expenses, fines, fees, and charges associated with obtaining performance from alternative sources, shipping, handling, materials, equipment rental, travel expenses and associated costs.
- ii. Offset for Delinquent Fees or Taxes. NBU may offset from any money due to the Professional any amount the Professional owes to NBU for delinquent fees, including any interest or penalties.

(N) Notices. Any notice or other communication required or permitted to be given under this Agreement shall be in writing and shall be deemed to have been duly given if (i) delivered to the party at the address set forth below, (ii) deposited in the U.S. Mail, registered or certified, return receipt requested, to the address set forth below, or (iii) given to a recognized and reputable overnight delivery service, to the address set forth below:

If to NBU:

New Braunfels Utilities
Attn: Director of Water Operations and Compliance
263 Main Plaza
New Braunfels, TX 78130

With copy to:

New Braunfels Utilities
Attn: Purchasing Manager
355 FM 306
New Braunfels, TX 78130

If to the Professional:

Utilis, Inc., DBA ASTERRA
Attn: Mr. Eric Trerotola
4180 La Jolla Village Drive - Suite 530
La Jolla, CA 92037

or at such other address, and to the attention of such other person or officer, as any party may designate by providing thirty (30) days' prior written notice of such change to the other party in the manner set forth in this Section. Notices shall be deemed received (i) when delivered to the party, (ii) three business days after being placed in the U.S. Mail, properly addressed, with sufficient postage or (iii) the following business day after being given to a recognized overnight delivery service, with the person giving the notice paying all required charges and instructing the delivery service to deliver on the following business day. If a copy of a notice is also given to a party's counsel or other recipient, the provisions above governing the date on which a notice is deemed to have been received by a party shall mean and refer to the date on which the party, and not its counsel or other recipient to which a copy of the notice may be sent, is deemed to have received the notice.

(O) Confidentiality of Records. The Professional shall establish and maintain procedures and controls that are acceptable to NBU for the purpose of ensuring that information contained in its records or obtained from NBU or from others in carrying out the Professional's obligations under this Agreement shall not be used or disclosed by it, its agents, officers, or employees, except as required to perform the Professional's duties under this Agreement. Persons requesting such information should be referred to NBU. The Professional also agrees that any information pertaining to individual persons shall not be divulged other than to employees or officers of the Professional as needed for the performance of duties under this Agreement.

(P) Right to Audit. NBU shall have the right to examine and audit the books and records of the Professional with regard to the Services, or any subsequent changes, at any reasonable time. Such books and records shall be maintained in accordance with generally accepted principles of accounting and shall be adequate to enable determination of (1) the substantiation and accuracy of

any payments required to be made under this Agreement; and (2) compliance with the provisions of this Agreement.

(Q) Paragraph Headings; Construction. The paragraph headings contained in this Agreement are for convenience only and shall in no way enlarge or limit the scope or meaning of the various and several paragraphs hereof. Both parties have participated in the negotiation and preparation of this Agreement and this Agreement shall not be construed either more or less strongly against or for either party.

(R) Binding Effect. Except as limited herein, the terms and provisions of this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective heirs, devisees, personal and legal representatives, successors and assigns.

(S) Gender. Within this Agreement, words of any gender shall be held and construed to include any other gender, and words in the singular number shall be held and construed to include the plural, unless the context otherwise requires.

(T) Multiple Counterparts. This Agreement may be executed in multiple counterparts, each of which shall be deemed an original, and all of which shall constitute but one and the same instrument.

(U) Exhibits. Except as specified in Subsection (V) of this Section, all exhibits to this Agreement are incorporated herein by reference for all purposes wherever reference is made to the same.

(V) Conflicting Terms. In the case of any conflicts between the terms of this Agreement and the Exhibits, the statements in the body of this Agreement shall govern. The Exhibits are intended to detail the technical scope of services, fee schedule, and the term of the contract only and shall not dictate Agreement terms.

(W) Relationship of Parties. Nothing contained in this Agreement shall be deemed or construed by the parties hereto or by any third party to create the relationship of principal and agent or of partnership or of joint venture or of any association whatsoever between the parties, it being expressly understood and agreed that no provision contained in this Agreement nor any act or acts of the parties hereto shall be deemed to create any relationship between the parties other than the relationship of independent parties contracting with each other solely for the purpose of effecting the provisions of this Agreement.

(X) No Third-Party Beneficiaries. This Agreement is for the sole benefit of the parties hereto and their respective assigns and nothing herein, express or implied, is intended to or shall confer upon any other person or entity any legal or equitable right, benefit, or remedy of any nature whatsoever under or by reason of this Agreement.

(Y) Non-Exclusive Contract. This Agreement is entered into with the understanding and agreement that it is for the sole convenience of NBU. NBU reserves the right to obtain like goods and services from another source when necessary.

Section 13. Force Majeure. If the performance of any covenant or obligation to be performed hereunder by any party is delayed as a result of circumstances that are beyond the reasonable control of such party (which circumstances may include, without limitation, acts of God, war, acts of civil disobedience, epidemic, pandemic, fire or other casualty, shortage of materials, adverse weather conditions (such as, by way of illustration and not of limitation, severe rain storms or below freezing temperatures, or tornados), labor action, strikes or similar acts, moratoriums or regulations or actions by governmental authorities), the time for such performance shall be extended by the amount of time of such delay, but no longer than the amount of time reasonably occasioned by the delay. In no event will any delay or failure of performance caused by any force majeure condition extend this Agreement beyond its stated Term unless both parties agree in writing to such extension in an amendment to this Agreement. The party claiming delay of performance as a result of any of the foregoing force majeure events shall deliver written notice of the commencement of any such delay resulting from such force majeure event not later than seven (7) days after the claiming party becomes aware of the same, and if the claiming party fails to so notify the other party of the occurrence of a force majeure event causing such delay and the other party shall not otherwise be aware of such force majeure event, the claiming party shall not be entitled to avail itself of the provisions for the extension of performance contained in this subsection.

Section 14. Dispute Resolution. In accordance with the provisions of Subchapter I, Chapter 271 of the Texas Local Government Code, as amended, the parties agree that, prior to instituting any lawsuit or other proceeding arising from a dispute under this agreement, the parties shall first attempt to resolve the dispute by taking the steps described in this Section. First, the dissatisfied party shall deliver to the other party a written notice substantially describing the nature of the dispute, which notice shall request a written response to be delivered to the dissatisfied party not less than five (5) days after receipt of the notice of dispute. Second, if the response does not reasonably resolve the dispute, in the opinion of the dissatisfied party, the dissatisfied party shall give five (5) days' written notice to that effect to the other party whereupon each party shall appoint a person having authority over the activities of the respective parties who shall promptly meet, in person, in an effort to resolve the dispute. Third, if those persons cannot or do not resolve the dispute, then the parties shall each appoint a person from the highest tier of managerial responsibility within each respective party, who shall then promptly meet, in person, in an effort to resolve the dispute.

Section 15. Disclosure of Business Relationships/Affiliations; Conflict of Interest Questionnaire. The Professional represents that it is in compliance with the applicable filing and disclosure requirements of Chapter 176 of the Texas Local Government Code, as amended.

Section 16. Information Technology

(A) Limited Access. If necessary for the fulfillment of the Agreement, NBU may provide the Professional with non-exclusive, limited access to NBU's information technology infrastructure. The Professional understands and agrees to abide by NBU policies, standards, regulations and restrictions regarding access and usage of NBU's information technology infrastructure. The Professional shall reasonably enforce such policies, standards, regulations and restrictions with all

the Professional's employees, agents or any tier of subcontractor granted access in the performance of this Agreement, and shall be granted and authorize only such access as may be necessary for the purpose of fulfilling the requirements of the Agreement. The Professional's employees, agents and subcontractors must receive prior, written approval from NBU before being granted access to NBU's information technology infrastructure and data and NBU, in its sole determination, shall determine accessibility and limitations thereto. NBU reserves the right to condition or terminate the Professional's access to NBU's information technology infrastructure or data at any time. The Professional agrees that the requirements of this Section shall be incorporated into all subcontractor agreements entered into by the Professional. The parties further agree that a violation of this Section shall be deemed to cause irreparable harm that justifies injunctive relief in court. A violation of this Section may result in immediate termination of this Agreement without notice.

(B) Data Confidentiality. All data, regardless of form, including originals, images and reproductions, prepared by, obtained by or transmitted to the Professional in connection with this Agreement is confidential, proprietary information owned by NBU. Except as specifically provided in this Agreement, the Professional shall not intentionally disclose data generated in the performance of the Services to any third party without the prior, written consent of NBU.

(C) Data Security. Personal identifying information, financial account information, or restricted NBU information, whether electronic format or hard copy, is confidential and must be secured and protected at all times to avoid unauthorized access. At a minimum, the Professional must encrypt or password-protect electronic files. This includes data saved to laptop computers, computerized devices or removable storage devices.

(D) Compromised Security. In the event that data collected or obtained by the Professional in connection with this Agreement is believed to have been compromised or in the event of a Security Incident, as defined by Section 2054.603 of the Texas Government Code, the Professional shall notify NBU within twenty-four (24) hours of discovery of such compromise or Security Incident. **THE PROFESSIONAL SHALL INDEMNIFY, DEFEND, AND HOLD NBU HARMLESS FROM ANY CLAIMS RESULTING FROM THE PROFESSIONAL'S FAILURE TO COMPLY WITH ITS OBLIGATIONS UNDER THIS SECTION.**

(E) Survival. The obligations of the Professional under this Section shall survive the termination of this Agreement.

Section 17. Prohibition on Contracts with Companies Boycotting Israel. The Professional hereby verifies that it and its parent company, wholly or majority owned subsidiaries, and other affiliates, if any, do not boycott Israel and, to the extent this Agreement is a contract for goods or services, will not boycott Israel during the term of this Agreement as described in Chapter 2271 of the Texas Government Code, as amended.

The foregoing verification is made solely to comply with Section 2271.002 of the Texas Government Code, as amended. As used in the foregoing verification, "boycott Israel" means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with

Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes. The Professional understands “affiliate” to mean an entity that controls, is controlled by, or is under common control with the Professional and exists to make a profit.

Section 18. Contracts with Companies Engaged in Business with Iran, Sudan or Foreign Terrorist Organizations Prohibited. The Professional represents that neither it nor any of its parent company, wholly or majority owned subsidiaries, and other affiliates is a company identified on a list prepared and maintained by the Texas Comptroller of Public Accounts under Section 2252.153 or Section 2270.0201, Texas Government Code, as amended, and posted on any of the following pages of such officer’s internet website:

<https://comptroller.texas.gov/purchasing/publications/divestment.php>.

The foregoing representation is made solely to comply with Section 2252.152, Texas Government Code, as amended, and excludes the Professional and each of its parent company, wholly or majority owned subsidiaries, and other affiliates, if any, that the United States government has affirmatively declared to be excluded from its federal sanctions regime relating to Sudan or Iran or any federal sanctions regime relating to a foreign terrorist organization. The Professional understands “affiliate” to mean an entity that controls, is controlled by, or is under common control with the Professional and exists to make a profit.

Section 19. Prohibition on Contracts with Companies in China, Iran, North Korea, or Russia. If the Professional is granted direct or remote access to or control of critical infrastructure in the State of Texas under this Agreement, the Professional represents the following:

- (A) it is not owned by or the majority of stock or other ownership interest in the Professional is not held or controlled by:
 - i. individuals who are citizens of China, Iran, North Korea, Russia, or a country designated by the Governor of Texas as a threat to critical infrastructure under Section 2275.0103 of the Texas Government Code, as amended (“designated country”); or
 - ii. a company or other entity, including a governmental entity, that is owned or controlled by citizens of or is directly controlled by the government of China, Iran, North Korea, Russia, or a designated country; or
- (B) it is not headquartered in China, Iran, North Korea, Russia, or a designated country.

The foregoing representation is made solely to comply with Chapter 2275 of the Texas Government Code, as amended. As used in the foregoing verification, “critical infrastructure” means a communication infrastructure system, cybersecurity system, electric grid, hazardous waste treatment system, or water treatment facility. “Affiliate,” with respect to a company entering into an agreement in which the critical infrastructure is electric grid equipment, has the meaning assigned by the protocols of the independent organization certified under Section 39.151, Utilities Code, for the ERCOT power region.

Section 20. Prohibition on Contracts with Companies Boycotting Energy Companies. The Professional hereby verifies that it and its parent company, wholly or majority owned subsidiaries, and other affiliates, if any, do not boycott energy companies and, to the extent this Agreement is a contract for goods or services, will not boycott energy companies during the term of this Agreement as described in Chapter 2276 of the Texas Government Code, as amended

The foregoing verification is made solely to comply with Section 2276.002 of the Texas Government Code, as amended. As used in the foregoing verification, “boycott energy companies” has the meaning used in Section 809.001 of the Texas Government Code, as amended. The Professional understands “affiliate” to mean an entity that controls, is controlled by, or is under common control with the Professional and exists to make a profit.

Section 21. Prohibition on Contracts with Companies that Discriminate Against Firearm and Ammunition Industries. The Professional hereby verifies that it and its parent company, wholly or majority owned subsidiaries, and other affiliates, if any, do not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association and, to the extent this Agreement is a contract for goods or services, will not discriminate against a firearm entity or firearm trade association during the term of this Agreement as described in Chapter 2274 of the Texas Government Code, as amended.

The foregoing verification is made solely to comply with Section 2274.002 of the Texas Government Code, as amended. As used in the foregoing verification, “discriminate against a firearm entity or firearm trade association” has the meaning used in Section 2274.001(3) of the Texas Government Code, as amended. The Professional understands “affiliate” to mean an entity that controls, is controlled by, or is under common control with the Professional and exists to make a profit.

Section 22. Texas Public Information Act. The Professional recognizes that NBU is subject to the disclosure requirements of the Texas Public Information Act (the “PIA”). As part of its obligations within this Agreement, the Professional agrees, at no additional cost to NBU, to cooperate with NBU for any particular needs or obligations arising out of the NBU’s obligations under the PIA. This acknowledgment and obligation are in addition to and complementary to the NBU’s audit rights in Section 12(P).

This provision applies if the Agreement has a stated expenditure of at least \$1 million in public funds for the purchase of goods or services by NBU or results in the expenditure of at least \$1 million in public funds for the purchase of goods or services by NBU in a fiscal year of NBU.

The Professional must (1) preserve all contracting information related to the Agreement as provided by the records retention requirements applicable to NBU for the duration of the Agreement; (2) promptly provide to NBU any contracting information related to the Agreement that is in the custody or possession of the Professional on request of NBU; and (3) on completion of the Agreement, either:

- (i) provide at no cost to NBU all contracting information related to the Agreement that is in the custody or possession of the Professional; or

- (ii) preserve the contracting information related to the Agreement as provided by the records retention requirements applicable to NBU.

The requirements of Subchapter J, Chapter 552, Texas Government Code, may apply to this Agreement and the Professional agrees that the Agreement can be terminated if the Professional knowingly or intentionally fails to comply with a requirement of that subchapter.

Section 23. Electronic Signatures. Pursuant to Chapter 322 of the Texas Business and Commerce Code, as amended, the parties agree to the use of electronic signatures herein and that the use of an electronic signature, whether digital or encrypted, is intended to have the same force and effect as a manual signature. Electronic signature means any electronic sound, symbol or process attached to or logically associated with a record and executed and adopted by a party with the intent to sign such record, including facsimile or e-mail electronic signatures. Each party further agrees that if it agrees to conduct a transaction by electronic means in this Agreement, it may refuse to conduct other transactions by electronic means and that such right may not be waived by this Agreement.

(The remainder of this page intentionally left blank)

IN WITNESS WHEREOF, the parties hereto have executed this Agreement on the Effective Date.

NBU:
NEW BRAUNFELS UTILITIES,
a Texas municipally owned utility

By: _____
Name: Ryan Kelso
Title: Chief Executive Officer
Date: _____

PROFESSIONAL:
UTILIS, INC., DBA ASTERRA
a Delaware corporation authorized to transact business in the State of Texas

By:  _____
Name: Gadi Kovarsky
Title: General Manager, Water Division
Date: 4/24/2026

Exhibit A

Services

The Professional shall provide all labor, material, and equipment necessary to provide leak detection services (the “Services”). Under this Agreement, the Professional shall examine NBU’s water system (which is up to nine hundred and fifty-eight (958) linear miles of mains and service lines) (the “Project Site”) through satellite imagery in order to deliver to NBU a data-driven report of potential leak areas (the “Project”).

Potential leak areas will be identified by satellite using a third-party satellite company and then analyzed by the Professional’s standard techniques of data collection and analysis. Raw Synthetic Aperture Radar (“SAR”) satellite images are transmitted to the Professional by the third-party satellite company, after which the Professional applies its proprietary algorithm to the images. The Professional will analyze the images and identify potential leaks of treated water. A potential leak target area is displayed as a highlighted pipe length that may be investigated by NBU. The Professional shall provide leak reports quarterly to NBU via a password-protected web portal, and shall include geographic information system (“GIS”) files, graphical leak reports, and/or a GIS web-based application.

I. ROLES, RESPONSIBILITIES AND DELIVERABLES

1. The Professional shall provide reports that notate areas containing potential leaks (i.e., areas containing soil moisture of treated water underground) using its proprietary algorithm across the NBU water system. The Professional shall provide a primary contact for technical and administrative purposes, who will be the sole point of contact for NBU under this Agreement. The Professional shall be responsible for the following:
 - 1.1 acquiring and analyzing the satellite imagery;
 - 1.2 preparing a GIS-based report of potential leak locations; potential leak locations may be referred to as likely leak location (“LLL”) or points of interest (“POIs”); and
 - 1.3 providing best practices, as defined in Exhibit D, for field inspection protocols to NBU.
2. The Professional shall provide the Services and deliverables described herein.
 - 2.1 POI Output: For each leak report, the Professional shall provide a GIS layer containing the POIs, provided in shape file (“SHP”) and keyhole market language file (“KML”) formats for import into a GIS system (client-based as in Environmental Systems Research Institute (“ESRI”), ESRI Partners or Utilis-provided, U-Collect, and U-View) that can be overlaid on a map displaying streets, pipes, hydrants, valves, and potential leak information.

- 2.2 Online Dashboard: The Professional shall provide a link to a password-protected portal that displays data collected via the U-Collect field application, which monitors the project/service progress in real time and calculates key performance indicators (“KPIs”). The license for the online dashboard shall be active upon the Professional’s delivery of a leak report to NBU and shall remain active for three (3) months following the date of delivery
 - 2.3 U-Collect and U-View Licenses: The Professional shall provide one (1) license to NBU for each of the following field applications: U-Collect and U-View. The licenses shall be active upon the Professional’s delivery of a leak report to NBU and shall remain active for three (3) months following the date of delivery. Additional licenses may be purchased and/or the initial license extended in three-month (3) terms at the request of NBU.
 - 2.4 Leak Sheets: For each leak report, the Professional shall provide a set of maps in portable document format (“PDF”) and digital printable format showing details of each POI.
 - 2.5 Data Form: For each leak report, the Professional shall provide an Excel spreadsheet containing analysis results in tabular form.
 - 2.6 Kick-off meeting: The Professional shall attend an NBU-facilitated kick-off meeting prior to field work being performed by NBU, to agree on the operational field plan to address NBU’s specific needs and best practices required to get the best results.
 - 2.7 Field Support: When requested by NBU, the Professional shall provide a field engineer for online or onsite field support to advise NBU on how to integrate the Professional’s methods into the NBU field team protocol. The Professional’s field engineer is not responsible for acoustic leak detection or pinpointing of leaks.
3. NBU shall be responsible for the items below.
 - 3.1 NBU shall provide baseline system data, work order history, and when needed, an acoustic field verification team to inspect POIs identified by the Professional. NBU shall identify a primary contact person for technical, administrative, and field inspection coordination. The Professional agrees to use the information described below only for NBU specific projects under this Agreement and to not share the information with any other third party.
 - 3.2 Pipe System Information: Prior to image acquisition, NBU shall provide the Professional with a detailed and accurate GIS pipe system layer. The Professional shall use this layer to identify POI locations. The GIS layer will include pipe material and diameter, length of pipeline to be analyzed, hydrants, valves, and any other detailed information available.

3.3 Leak Detection History: NBU shall provide the Professional with a detailed and accurate history of leak findings and repairs beginning one (1) week before the date the satellite image was acquired and ending when field verification efforts begin.

II. WORK PROCESS TIMELINE

1. Upon NBU providing the Professional with a notice to proceed (“NTP”), the Professional shall acquire the satellite image(s). The date of image delivery to NBU is not definite and may change at any time based on technical and/or operational constraints of the third-party satellite company, including poor image quality. Images received from the third-party satellite company shall be evaluated by the Professional’s quality assurance standards.
2. Before acquiring the images, NBU shall provide the Professional with:
 - 2.1 an area of interest (“AOI”), which is a designated geographical area to be surveyed using a satellite within the NBU-provided service area; and
 - 2.2 a GIS layer of all available treated water lines in the AOI to be analyzed; if available, NBU will also provide a hydrant and valves layer within the AOI.
3. The Professional shall provide Services only in the AOI overlapping with NBU’s provided GIS pipe system layer.
4. After acquiring the images and receiving the GIS pipe layers from NBU, the Professional shall produce the full analysis and deliver the leak report to NBU. This task will take approximately seven to fourteen (7-14) business days after the scheduled image acquisition date, subject to technical and/or operational constraints as specified in section II.1. above.
5. Leak field inspection work shall begin on an agreeable date between the parties after the Professional has delivered the leakage report to NBU.
6. Field inspection work shall not begin until after the Professional has provided training, guidance, and interpretation of the leakage report to NBU.

III. CLIENT PROJECT SPECIFICS

The Professional will survey the following area of interest* (figure 1.1) and up to nine hundred and fifty-eight (958) linear miles of main and service lines.

Figure 1.1: NBU AOI

Exhibit B

Compensation

NBU shall pay the Professional for the Services in accordance with Tables 1 and 2 below and made part of this Agreement.

Services

NBU agrees to pay the Professional for the Services during the term of this Agreement in an amount not to exceed \$145,000 per year and \$725,000 for the duration of the Agreement.

Table 1

Annual Services	Rate
20 Satellite Scans and Analyses	\$28,750/Quarter
6 EO Discover and U-Collect Licenses	Included
Final Program Report	Included
Total	\$115,000 per year

Table 2

Optional Services	Rate
Additional U-Collect annual license	\$3,000 per license
Additional Three (3) months of U-Collect	\$1,500 per license
Subcontracted Acoustic Leak Detection Technician-BOTG (40 hours/5 days)	\$12,000 per week

Exhibit C

Evidence of Insurance

Exhibit D

Best Practices

The following detailed list of Best Practices is the standard by which the Professional's program is based. These practices should be followed unless there are extenuating circumstances that require a modification to ensure a representative result on leaks-found metrics. Pursuant to the Professional's standard Best Practices, approximately 50 listening points are accessed per point of interest ("POI") inspected. This is virtually all available points, which maximizes leaks found. When listening points are limited due to indoor meter locations, covered appurtenances such as curb stops, or are difficult to access due to physical status or crew time constraints, a modification of the leak finding best practices may be advisable. This modification may take the form of instituting a pre-location program whereby crews are deployed to locate, mark and ensure access to all listening points available. Additionally, the modification may take the form of limiting the number of listening points accessed and focusing on covering more linear miles of pipe. A recommendation on the most appropriate best practices program to follow will be based on the specific aspects of the system.

In order to achieve the best results, the below standards must be adhered to. The standards include: achieving the highest true positive rate, uncovering the most leaks found, maximizing the total number of locations inspected, and employing a comprehensive inspection protocol, all of which combine to constitute a set of best practices which must followed. The best practices include the following steps:

1. The acoustic leak detection team must be proficient with the use of the acoustic equipment. All inspection equipment must be in good working order, this necessitates that all equipment must be calibrated properly.
2. The acoustic leak detection team needs to be certified by the Professional on the methods for investigation to ensure maximum coverage throughout the buffer zone. The certification includes a: 1-hour presentation about the Professional's technology and data deliverables followed by 3 hours in the field, investigating the Professional's Point of Interest while following the Professional's best practices as described in this section.
3. Inspections should continue throughout the buffer zone even if a leak is found, this ensures that there are no other leaks in the area.
4. Field work by NBU should take place as close in time to the satellite imagery acquisition and leakage report delivery.
5. The field work by NBU should start after comparing the Professional's POI with work order (WO) data to identify where leaks have been located and repaired.
6. The boots on the ground ("BOTG") leak inspection crews must inspect every potential listening point including all valves, hydrants, private connections and meter boxes. These

must be inspected within and just outside of the buffer zone to ensure all target zones are adequately covered.

7. If an investigation is not conclusive consider returning at another time when conditions are better suited for inspection.
8. PVC pipe is more difficult to detect leaks using acoustic methods than is metal pipe. More care must be taken when inspecting known PVC. Use of ground mics is recommended.
9. Document all findings with field notes and images, whether a leak is detected (including distance from target), the site is unverified, or the location is quiet.
10. For the purposes of the Professional's Satellite Leak detection program, the acoustic leak detection team will utilize acoustic listening and correlation equipment to ascertain that a site contains an acoustic leak signature or digital correlation profile that matches the signature/profile typical of water escaping from a water network. In addition, leaks may be verified by visually locating leaks surfacing or occurring in subsurface structures (i.e. meter boxes). For the purposes of the program, leaks may be located on transmission and distribution mains or their related appurtenances, hydrant laterals, meters, hydrants, valves, and service laterals including both utility and residential sides. Excavation of leak locations to perform final verification of leaks is the responsibility of NBU.
