RECOMMENDED ACTION: Approve the Electric Line of Business Alternative Procurements from July 15, 2026, through August 15, 2026

BACKGROUND

Section 252.022(c) of the Texas Local Government Code provides that a municipally owned electric utility may define, by resolution, an alternative procurement procedure for the purchase of goods and services related to the electric utility. On June 28, 2018, the Board of Trustees approved the NBU Purchasing Policy, by resolution, which defined a procedure for procurement of goods and services for NBU's electric line of business. The Purchasing Policy was later revised and approved on May 26, 2026. Among other conditions, the Purchasing Policy requires NBU staff to notify the Board of Trustees of any procurement over \$250,000 that uses the electric line of business procurement procedure.

Listed below are the procurements, in excess of \$250,000.00, submitted to the Procurement Manager for the period of July 15, 2026, through August 15, 2026, using the electric line of business alternative procurement process.

FINANCIAL IMPACT
