Customer Solutions

Website Refresh

- Shift focus from Capital Campaign to Program Delivery
- Clean look – Clear directions for visits, programs, volunteering
- Updates to Content to reflect current conditions

A photograph of a modern interior space, likely a library or a community center. In the foreground, there is a long, low wooden reception desk with a dark stone countertop. Behind the desk is a large wooden bookshelf filled with books and decorative items. The ceiling has exposed wooden beams, and the floor is covered in a patterned carpet.
