BACKGROUND

On March 28, 2024, the New Braunfels Utilities (“NBU”) Board of Trustees approved an AIA Agreement (the “Agreement”) with SpawGlass Contractors, Inc. (“SpawGlass”) for the NBU Headquarters Facility Project (the “Project”). The Project scope includes but is not limited to the construction of multiple buildings, including a 140,994-square-foot office building intended to house up to 725 full-time employees; a 60,366-square-foot climate-controlled warehouse facility with a dock area for fleet vehicle access and separate access for vendor delivery; a 25,051-square-foot-equipment-building; a 17,637 square foot vehicle maintenance facility with vehicle lift capability, fluids distribution, overhead lift capabilities, and exhaust evacuation capabilities. The design will include surface parking for approximately 880 vehicles distributed throughout the site for visitor and contractor parking, employee parking, fleet parking, and short-term parking for deliveries. On December 12, 2024, the NBU Board approved the execution of the Agreement to include Guaranteed Maximum Price #1 (“GMP #1”) for completing preconstruction services for electrical design assist and plumbing & HVAC Design Assist (the “First Amendment”) totaling \$716,968.00. On January 30, 2025, the NBU Board approved the execution of the Agreement to include Guaranteed Maximum Price #2 (“GMP #2”) for Electrical Gear & Generator (the “Second Amendment”) totaling \$3,321,297.00. Also, on January 30, 2025, the NBU Board approved the execution of the Agreement to include Guaranteed Maximum Price #3 (“GMP #3”) for Site Utilities, TXDOT, and Demolition (the “Third Amendment”) totaling \$21,084,904.00. On March 27, 2025, the NBU Board approved the execution of the Agreement to include Guaranteed Maximum Price #4 (“GMP #4”) for procurement, fabrication, and erection of the early-release structural steel package (the “Fourth Amendment”) totaling \$6,527,752.00.

NBU staff has secured additional pricing for Guaranteed Maximum Price #5 (“GMP #5”), for the procurement, fabrication, erection, and installation of the Pre-Engineered Metal Buildings, Structural Foundations, Exterior Framing and Sheathing, and Vehicle Bridge. The total cost impact of GMP #5 is \$18,150,312.00.

NBU staff plans to bring subsequent Guaranteed Maximum Price Amendments to the Board as the project team receives pricing to complete the project.

NBU staff requests that the Board approve the GMP #5 with SpawGlass for the Project.

This item is being presented to the Board because the total amount of the contract exceeds \$250,000.00

FINANCIAL IMPACT
