RECOMMENDED ACTION: Approve the City Transfer Payable in Fiscal Year 2026

BACKGROUND

The New Braunfels Utilities (“NBU”) Board of Trustees, by Charter and Ordinance, has the discretion, after paying for operations and maintenance expense and meeting all debt service requirements, to make a payment to the City of New Braunfels. Since the creation of the utility in 1942, the Board of Trustees has authorized a transfer every year.

Based on preliminary financial results for Fiscal Year 2025, and based on total revenue performance of the electric, water, and wastewater lines of business, NBU staff recommends the transfer of \$12,664,797.00 to the City of New Braunfels in Fiscal Year 2026. This amount will be paid over twelve (12) monthly installments. This amount is unaudited and will be adjusted pending the final audit results. This amount is \$113,582.00 more than the budgeted amount of \$12,551,215.00. The Fiscal Year 2026 estimated payment is approximately \$855,428.00 or 7.2%, more than the amount paid last year of \$11,809,369.00.

Since 2000, NBU has provided the City of New Braunfels \$183.0 million in city transfers (including the Fiscal Year 2026 transfer). Under NBU’s Financial and Operating Plan through Fiscal Year 2030, it is estimated that NBU will provide an additional \$77.0 million. The current methodology calculates the total general fund transfer based on a percentage of a rolling three-year average of electric, water, and sewer operating revenues. For purposes of estimating the general transfer for the budget year, the three-year average of revenues included in the calculation is based on two (2) previous actual Fiscal Year revenues (2023 and 2024) and an estimate of revenues for the immediate past Fiscal Year (2025). The transfer formula percentage is 7.45% for electric, 4.35% for water, and 4.35% for sewer. The total general fund transfer will be “trued up” after the Fiscal Year 2025 financial statements are audited and approved. As a result, the remaining monthly general fund transfers in the current year would ultimately be adjusted to reflect the average of the audited actual revenues for the most recent three years.

FINANCIAL IMPACT

Approximately \$12.7 million, which is \$113,582.00 greater than the amount of \$12.6 million included in the Fiscal Year 2026 budget that was approved by the Board of Trustees on May 29, 2025.
