City Manager Patrick J. Martinez

MEMORANDUM

TO: HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL

FROM: PATRICK J. MARTINEZ, CITY MANAGER

SUBJECT: WEEKLY MEMORANDUM

DATE: October 25, 2024

1. **On October 24, 2024**, the City of Needles welcomed State Senator Steven Padilla on his first visit to Needles, highlighting our city's recent accomplishments and shared vision for sustainable growth. Senator Padilla, who represents San Diego, Imperial, Riverside, and San Bernardino Counties, has a strong record in public service, economic development, and public safety. He also serves on standing committees for Housing, Budget and Fiscal Review, Agriculture, and Natural Resources and Water, adding tremendous value to our community. During his visit, we showcased vital advancements, including **the \$6.1 million Well 11 Treatment Plant, \$2.1 million Lilly Hill Booster Station, \$7 million in park revitalizations, and over \$10 million in road and water line improvements over the past four years**. With support from our City Council, city staff, and grants, Needles is building a vibrant, resilient future alongside Senator Padilla. **Refer to the attached photos for a glimpse into the event.**
2. City officials recently held a productive meeting with the **Bureau of Reclamation** to review Needles' projected water usage in the Lower Colorado Basin Region. Impressively, the City diverted 233 acre-feet less than initially planned, receiving commendation for adhering to its water order limits and demonstrating strong water management practices. The Bureau of Reclamation anticipates a continued Level 1 Shortage, with Lake Mead's elevation projected to stay between 1,050 and 1,075 feet. While drought conditions have neither worsened nor improved compared to last year, this year's **snowpack reached 114%**—exceeding the 1991-2020 median. California is not expected to face further shortage reductions, although Arizona and Nevada are not as fortunate. These efforts reflect the City of Needles' commitment to responsible water management and preparedness for changing environmental conditions as the **2019 Drought Contingency Plans** conclude this December. **Refer to the attached document for detailed projections.**

3. We're excited to share that the **Fort Mojave Telecommunications** hosted a **Ribbon Cutting Ceremony** at **Santa Fe Park** on **Tuesday, October 22, 2024**. The event featured speeches from distinguished guests, including officials from the **United States Department of Agriculture (USDA)**, **Fort Mojave Chairman Timothy Williams**, and **Needles representative Mayor Jernigan**, along with a performance by the **Fort Mojave Tribal Bird Singers**. This celebration marks an important milestone for our community, highlighting the partnership and growth we are achieving together. **See the attached images for a glimpse of the event.**
4. The **City of Needles** remains committed to fostering continuous professional development, and we are proud to congratulate our Housing Authority of the City of Needles Team on recent achievements in essential training programs that enhance service quality and community safety. Through the **Cyber Awareness Challenge**, our staff have gained critical skills to securely protect DoD Information Systems and manage sensitive information. The **Fair Housing** curriculum has deepened their understanding of the Fair Housing Act's accessibility requirements, reinforcing our commitment to inclusivity and compliance. Training in the **HUD Real Estate Assessment Center (REAC) NSPIRE** model also equips our team to conduct thorough property assessments, prioritizing health, safety, and functional conditions. These accomplishments reflect our team's hard work and dedication as they continue to provide knowledgeable, high-quality service to our community while providing and maintaining affordable housing for our residents.
5. **Save the Date: Pacific Clinics Needles Open House.** The City is excited to share that **Pacific Clinics** is hosting the **Pacific Clinics Needles Open House on November 20, 2024, at 1060 E. Broadway Street!** This event invites the community to explore wellness, resilience, and recovery services, including skill-building for self-care, support groups, and access to local resources. Guests can enjoy Wi-Fi, computers, and engaging activities like workshops, crafts, games, and celebrations. Open to community members over 18; Pacific Clinics offers a supportive space for fostering connections and developing positive coping skills. **See the attached flyer for more information.**
6. We're thrilled to announce that **Rivers Edge Golf Course is open and ready for play** following a successful overseeding! Locals, snowbirds, and golf enthusiasts from across the region are invited to enjoy our championship-caliber course and exciting fall schedule. **Book your tee time today** by calling 760-326-3931 or visiting our [website](#). For tournament bookings, reach out to **JJ DeLeon** at the same number. **Refer to the attached images for a glimpse of our beautiful course—**come and experience Rivers Edge!
7. We're thrilled to announce the grand opening of **Bless Your Heart Pies** at **1207 Broadway** (Blue Pirate Building)! Offering a delicious variety of pies, this new addition to our business community invites everyone to come out and support. Place **your order today at 760-553-3857** or email Julie Thomas at julie333lulie@yahoo.com. **Check out the attached images for a preview!**

8. The City Council has addressed community concerns about traffic safety by adopting ordinances to enhance critical areas, including the **North K Street and Front Street intersection, parking in front of the El Garces building, and parallel parking along Lillyhill near the Mesa Grande Apartments**. In collaboration with the street paving contractor and city engineer, new striping was implemented last week to improve traffic flow and motorist safety. The City remains committed to meeting community needs and enhancing residents' quality of life.
9. On **Tuesday, November 5, 2024**, Needles Area Transit, in partnership with San Bernardino County Transit Authority, offers **free rides all day**—no reservations needed! Just hop on and go. **For details, see the attached flyer** or contact Community Services at 760-326-2113 ext. 115 or csallis@cityofneedles.com.
10. **Tomorrow: Celebrate the 48th Annual Fort Mojave Indian Days!** The community is invited to enjoy the Mojave Days Parade, the Rez Life Bird Singers, and a full entertainment lineup. The parade **begins at 10 a.m.** on **downtown Broadway, starting at J Street and ending at D Street**. Don't miss this vibrant community celebration—**see the attached flyer for more details!**
11. Come Together for **Tomorrow's 'Feeding Our Community' Event!** The ArrowHeart Foundation and Arrowhead Credit Union will host this event at the **Needles Senior Center, 1699 Bailey Avenue**. Complimentary hot meals will be served from **11:00 a.m. to 2:00 p.m.** on a first-come, first-served basis, with no ID required. Financial coaches will also be available for support and guidance. This gathering is about nourishing and uplifting the community—everyone is welcome! **See the attached flyer for more info.**
12. **Join the Community for Tomorrow's Trunk-or-Treat on Front Street!** Bring your family to this fantastic Trunk-or-Treat event along Santa Fe Park! It will happen tomorrow, **October 26, 2024, from 5 p.m. to 7 p.m.**, and it offers a safe and fun environment for local youth to enjoy trick-or-treating. Don't miss this wonderful gathering—**find more details in the attached flyer.**
13. The Needles DMV Field Office has officially reopened as of October 21, 2024, with expanded facilities to serve the community better!
Reminder New Hours:
 - **Monday:** 8:00 AM – 5:00 PM
 - **Tuesday & Thursday:** Closed
 - **Wednesday & Friday:** 8:00 AM – 5:00 PMStop by and check out the improvements! For more info, call 800-777-0133 or visit the DMV website. **See the attached photos for a sneak peek!**

14. IMPORTANT UPCOMING DATES:

- **Oct 28, 8:00 AM** – Work Party at Santa Fe Park, organized by VFW Post 404 and community volunteers.
- **Oct 30, 4:00–6:00 PM** – SBCSD/Needles Police Trunk or Treat at Recreation Center, 1705 J St. Contact Misty Hunt at 760-526-9200 or mhunt@sbcasd.org to participate.
- **Nov 2, 9:00 AM–2:00 PM** – Community Fall Festival at 950 Front St. Vendors contact Jennifer Valenzuela at jvalenzuela@cityofneedles.com or 760-326-2814.
- **Nov 6, 7:00 PM** – Women’s [Club Game Night](#).
- **Nov 9, 8:00–11:00 AM** – Veterans Day Event at Santa Fe Park, Route 66.
- **Nov 12** – Women’s Club Spaghetti Lunch ([pre-order online](#)).
- **Nov 16** – Women’s Club Golf Tournament ([registration open](#)).

DCP Contribution / Mexico's Water Savings (Mead \leq 1,030 and \geq 1,025 ft)	0	0	3	3	3
Shortage / Reduction – 3 rd level (Mead $<$ 1,025)	0	0	0	13	10
DCP Contribution / Mexico's Water Savings (Mead $</\leq$ 1,025 ft)	0	0	0	13	10

Notes:

¹ Modeled operations include the 2007 Interim Guidelines, 2024 Supplement to the 2007 Interim Guidelines, Upper Basin Drought Response Operations, Lower Basin Drought Contingency Plan, Minutes 323, including the Binational Water Scarcity Contingency Plan, and Minute 330.

² Reservoir conditions were simulated using the August 2024 CRMMS in ensemble mode using the CBRFC unregulated inflow forecast ensemble (CRMMS-ESP) dated August 1, 2024.

³ For modeling purposes, simulated years beyond 2026 assume a continuation of the 2007 Interim Guidelines including the 2024 Supplement to the 2007 Interim Guidelines (no additional SEIS conservation is assumed to occur after 2026), the 2019 Colorado River Basin Drought Contingency Plans, and Minute 323, including the Binational Water Scarcity Contingency Plan. Except for certain provisions related to ICS recovery and Upper Basin demand management, operations under these agreements are in effect through 2026. Reclamation initiated the process to develop operations for post-2026 in June 2023, and the modeling assumptions described here are subject to change.

⁴ Percentages shown in this table may not be representative of the full range of future possibilities that could occur with different modeling assumptions.

⁵ Percentages shown may not sum to 100% due to round to the nearest percent.

**Lake Mead
Calendar Year
2025 Operating
Condition**

*Under the Lower Basin DCP, the United States will take affirmative actions to create or conserve 100,000 acre-feet or more of Colorado River system water on an annual basis to contribute to conservation of water supplies in Lake Mead and other Colorado River reservoirs in the Lower Basin. All actions taken by the United States shall be subject to applicable federal law, including availability of appropriations.

Colorado River Arizona Shortage Implementation: General Principles

- Shortage reductions will follow the Arizona priority system.
- Shortage implementation procedures will be reviewed annually and adjusted, if needed, with stakeholder input.
- Available water supplies under Shortage will be calculated annually.
- Standard water order approval process will be administered.
- Under the Inadvertent Overrun and Payback Policy, no overruns may be incurred during Shortage.

Arizona Shortage Sharing Recommendation: Calculation of P4 Available Supply for 2025

Application of 2009 Arizona Shortage Sharing Recommendation	Determination of Shortage Sharing Ratio (AF): Four Highest of Last Five Years (through 2023)	Water Supply Determination (AF): Shortage Year (2025)
Arizona Colorado River Water Apportionment	2,800,000 CU	2,800,000 CU
Minus Priorities 1-3 Used or Conserved On-River	(1,065,646) CU	(1,065,646) CU
Minus Priorities 1-3 Delivered via CAP to Fulfill Settlements	(72,000) CU	(72,000) CU
Minus Arizona Shortage/DCP Contributions Volume	None CU	(512,000) CU
Equals 4th Priority Supply	= 1,662,354 CU	= 1,150,354 CU
4th Priority Mainstream Entitlement (pool)	164,652 Div	
Divided by 4th Priority Supply	÷ 1,662,354 CU	
Equals 4th Priority Mainstream Water Allocation Percentage	= 9.90% →	x 9.90%
4th Priority Mainstream Available Supply		= 113,940 Div
4th Priority Supply		1,150,354 CU
Minus 4th Priority Water Allocated to Mainstream (CU equiv.)		(70,643) CU
Minus other use in Arizona*		(1,732) CU
Equals 4th Priority Water Available to CAP		= 1,077,979 CU

* Three-year average of consumptive use on Cibola Island, outside PPR No. 7, by Martinez Lake cabin sites, and by Yuma-area users outside of district boundaries.

Ongoing Efforts to Address Long-Term, Continuing Colorado River Basin Drought

LC Conservation and Efficiency Program¹

- Phase 1 implemented in October 2022
 - Short-term system conservation plans
 - 1a: Fixed prices
 - 1b: Propose price with economic justification
 - Both 1a and 1b must meet program requirements
 - Twenty-six (26) agreements completed
- Phase 2 implemented in May 2023
 - Projects with long-term, durable water savings benefits for the system
 - Three (3) agreements completed

2024 Near-term Colo. River Ops Record of Decision

- [Signed on May 6, 2024](#)
- Modifies the 2007 Interim Guidelines through end of 2026
- Targets a cumulative volume of 3 million AF or more of additional conserved water (Reservoir Protection Conservation) by end of 2026
 - Minimum of 1.5 million AF by the end of 2024
 - In addition to required shortage reductions and DCP Contributions
 - May consist of:
 - Compensated System Conservation water agreements executed for implementation in years 2023-2026
 - ICS created in years 2023-2026
 - Other compensated and non-compensated conserved water left in Lake Mead

Status of SEIS ROD Lower Basin Conservation¹

Provisional Data As of October 4, 2024 (all volumes in acre-feet)

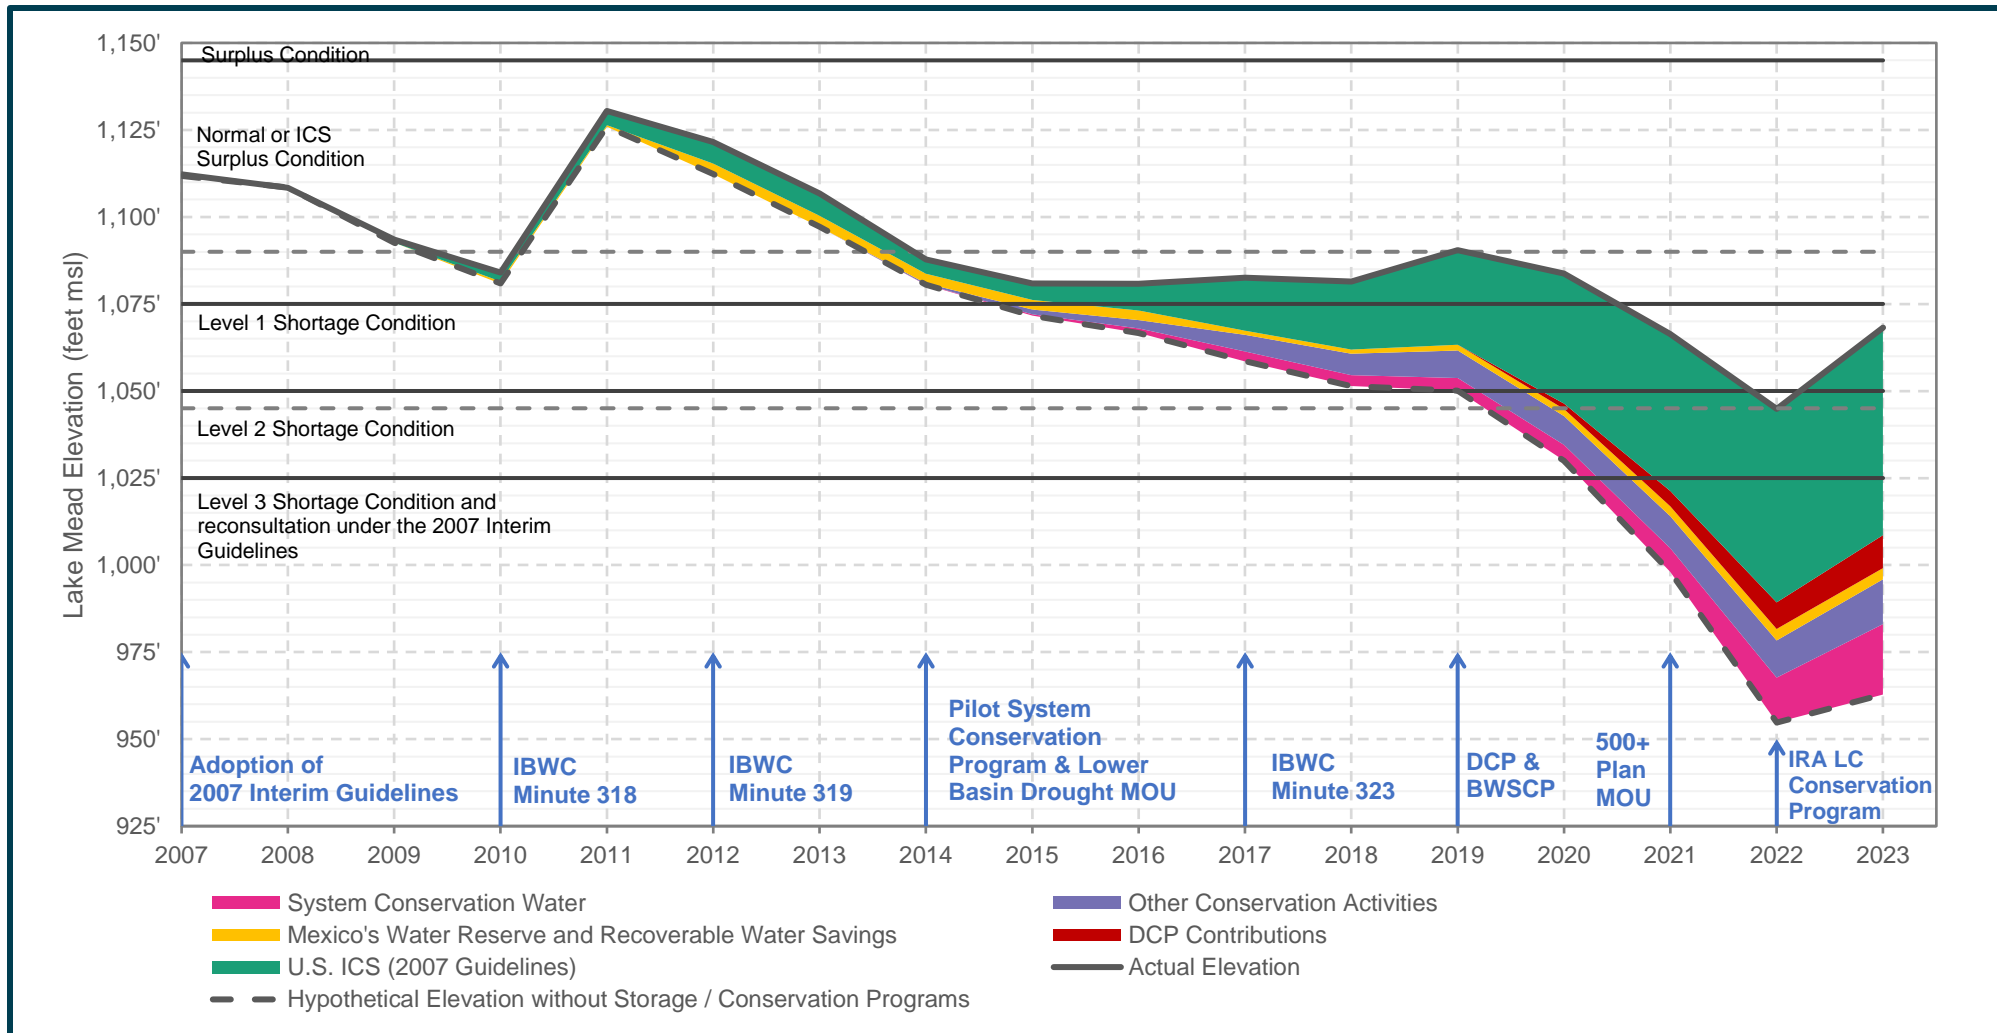

State	Conservation Activity (ac-ft)	2023	2024	2025	2026	Total

WaterSMART Program

Provides the framework for the Interior Department to support water supply reliability for multiple users.

WaterSMART Program Basics

➔ **Most WaterSMART activities are grant programs with varying program objectives**

➔ **Generally, a 50% non-Federal cost share is required for grants under WaterSMART. However, depending on the program, funding may be as low as 0% depending on entity**

➔ **States, tribes, cities, water districts, irrigation districts, watershed groups, non-profits (including watershed groups), and flood control districts located within the 17 Western United States, territories, AK, HI, and American Territories**

➔ **Funding is allocated through annual competitive processes**

Water Conservation Programs Schedule

Funding Opportunity	Opening Date	Closing Date
Planning and Project Design Grants	FY 24 closed FY 25 opens in the summer of 2025	FY24 Selections expected Oct 2024 FY 25 60 days after opening
Drought Resiliency Projects	July 24, 2024	Applications due October 7, 2024
Aquatic Ecosystem Restoration Program FY 2024	Jan 24, 2024	Selections announced September 24, 2024
Coop. Watershed Management Program – Ph 1	FY 24 closed FY 25 opens in the summer of 2025	Applications received by May 23, 2024, are currently under review for FY24 funding. Selections are expected October 2024.
Large-Scale Water Recycling Projects	closed	The 2nd round of applications were due May 31, 2024, & selections are expected in October 2024. 3rd application submission deadline is November 26, 2024.
Water and Energy Efficiency Grants FY 2024	FY 24 WEEG closed	WEEG - 2nd round of applications due Nov. 13, 2024
Small-Scale Water Efficiency Projects FY 2024/2025	SWEP Open	SWEP - 3rd round of applications due Jan. 14, 2025, & 4th round of applications are due July 8, 2025
FY 25 Lower Colorado Basin’s Water Conservation Field Services Program	Mid-Nov. 2024	Second week of February 2025

Projected FY2025 BIL/AIA Application Cycle

Approximate Timeframe for Transferred Project Applications:

- Key Dates: June 2nd – July 18th:
- Applications are due to Yuma Area Office
- Applicant Letter to Regional Director Requesting Funding
- Applicants Financial Statements (at a minimum, prior year financial statement)
- Applicants Fiscal Operating Budget (at a minimum, current fiscal budget)

Application Submission to Review Team:

- Key Dates: July 19th – August 29th:
- YAO Submits Transmittal Memo from AO to RD / RD to RT
- YAO Completes Certified Cost Estimate Executive Summary (CCEES)
- LCB Completes Applicant's Financial Analysis
- LCB Submits Applications to Review Team

Clubhouse Program

Promoting wellness, resiliency
and recovery in a safe
environment with a friendly
atmosphere

We help our members to develop skills that promote overall health and well-being. Through education, peer support and personalized guidance, we empower members to take control of their health and achieve meaningful recovery. Our goal is to support members in living full, satisfying lives as they progress on their recovery journey. We build a path to improve mental health and wellness.

Become a member

Must be over 18 years of age and provide verification or a reasonable indicator of past or present lived experience with a mental health condition. Members must be able to care for themselves and benefit from the program.

There is no cost to be a member and no insurance is required.

Member Benefits

- Learn self-care and positive coping skills
- Wi-Fi/computers access
- Assistance finding local resources
- Achieve wellness and reach recovery goals
- Support groups
- Access to engaging peer-led and support groups
- Group activities
- Crafts, games and celebrations
