

## City of Needles, California Request for Commission Action

CITY COUNCIL  BOARD OF PUBLIC UTILITIES

Regular  Special

**Meeting Date:** June 2, 2026

**Title:** Ratify the Utility Manager's Signature dated May 12, 2026, for the California Energy Commission 2025 Power Source Disclosure Annual Report

**Background:** The Power Content Label program was established to provide "accurate, reliable, and simple-to-understand information on the sources of energy that are used to provide electric services" to California consumers.

Signed by Governor Brown in September 2016, AB 1110 (Ting, Chapter 656, Statutes of 2016), requires that retail suppliers of electricity additionally disclose to consumers the greenhouse gas emissions intensity of the supplier's electric service products. This modification to the program will improve transparency for consumers and strengthen the Power Source Disclosure and the Power Content program's relevance to California's climate change activities.

Enclosed is the City of Needles CY 2025 Power Source Disclosure Report, which breaks down the fuel type of imports for the power delivered during the calendar year.

Per the CEC program regulations, the Board of Public Utilities and the NPUA must approve the report annually as submitted by staff.

**Fiscal Impact:** None

**Environmental Impact:** To be determined

**Recommended Action:** Ratify the Utility Manager's Signature dated May 12, 2026, for the California Energy Commission 2025 Power Source Disclosure Annual Report

**Submitted By:** Rainie Torrance, Utility Manager

**City Manager Approval:** Patrick J. Martinez

Date: 5/27/2026

**Other Department Approval (when required):** \_\_\_\_\_
