WILLIAMS, FORD AND ROCKWOOD
NOES: NONE
ABSENT: COMMISSIONER LONG

PET CMTRY

Manager Sallis explained City Attorney John Pinkney's findings regarding establishment of a pet cemetery in Needles Riverview which was: "The applicable state code sections do not provide guidance on whether a city can establish a pet cemetery at a cemetery for humans. The law applicable to "cemetery districts" however only allows animals to be buried at a pet cemetery. While it is our understanding that the Needles cemetery is not a cemetery district, the statutes dealing with cemetery districts provide some indication that the legislature intended that pet cemeteries be established only for pet remains. We did find that the Palm Springs cemetery district was working on setting up a pet cemetery but it may have been on a property or parcel separate and apart from the human cemetery it operates." Manager Sallis noted that there is also an Assembly Bill, No. 528, which would authorize a public or private cemetery to designate a separate, clearly marked section of the cemetery where deceased pets could be buried with their deceased owners. This Bill is processing through the State Legislative processes but has not yet been signed into law. Staff will monitor AB528 and, if and when it becomes law, will resubmit for Commission consideration the required rules and regulations for human and pet burials.

CHAIRWOMAN BALDWIN explained that with such a large area within our cemetery, she would like to see a section set aside for pets only.

2024-2025FY
BUDGET

Manager Sallis explained that she is looking for Commission input for consideration during the 2024-2025 fiscal year budget preparation. COMMISSIONER ROCKWOOD spoke on the lowering device at the cemetery and either not having one or operational issues with it; and the Pioneer Cemetery which is beautiful but being destroyed. She felt there needs to be no off-road vehicles signs posted around the perimeter. COMMISSIONER FORD pointed out that Toro, El Centro, has a zero turn mower with grass catcher.

Commission items for 2024-2025 fiscal year budget consideration include: leave in tree trimming of the 22 trees onsite; possibility of electric substation lease of cemetery property; and pet and/or human/pet cemetery funding of \$10,000.
