

City Clerk Report 4/12/2021-

Worked on:

I attended the ICCTFOA District III meeting on Friday March 26th via zoom. From that meeting I learned that City Officials can no longer sit on library boards.

I have been working on training learning the systems we use such as Black Mountain, processed payroll, payments and claims. I have learned to process payments and process new billing cycle. I also have been working on getting everything transferred into mine and Dana's names.

Issues:

None reported

Industrial Park:

I reached out to a local (McCall/New Meadows) Realtor for a quote for rent on the industrial park, they typically go off of square footage for price. The sq. ft. is 1,800. The quote I got was \$1,500-\$1,800 per month. I also asked a few of the other businesses in New Meadows and the average rent is \$600-\$700 for a smaller space and space without the big freezers that the industrial park has.
