Keep up the hard work on solving this issue! –Sandy Schiffman

Tiny Homes!!!

I'm worried that the cost of housing is going to gentrify New Meadows and that high density low income housing needs to be planned now for the future. I think apartments are a good option especially for an aging population.

It's most critical to get serious at requiring "clean-up". Especially in the homes next to the beautiful city park. Please enforce! This is a beautiful area. We're hoping new construction (single family & townhomes) can refresh and revitalize. Love it here and would like others to enjoy the beauty and wonderful people thus helping New Meadows thrive.

Affordability is a big thing. People who need long term housing can't compete with people wanting vacation lodging.
