Let's get started.

In the world of hybrid work and ever-increasing customer expectations, your choice of communications platform can make all the difference. It means the world to us that you are considering this partnership, and the team at 8x8 is 100% committed to helping you **break down barriers** to work better, connect faster, and engage customers in new ways.

The 8x8 eXperience Communications-as-a-Service (XCaaS) Platform bridges the gap between customer and employee experience. This can make your organization faster, flatter, and more agile. We take that claim seriously, and have dedicated years of R&D to build what our customers need: a single platform for contact center, voice, video, chat, and APIs.

By combining the essential modes of communication, we are offering you **one easy app** across devices for everyone, everywhere. It's backed by a **unified global platform** with a 99.999% uptime SLA. It's easy to manage and can save thousands. And it's supported by a **team of experts** dedicated to driving success and satisfaction.

We've put the same dedication and thought into the enclosed proposal. Please reach out to me directly at kenneth.berryman@8x8.com if there's anything I can do to help you in your digital transformation efforts. We look forward to hearing from you.

Regards,
