Dear Idaho EMS Grant Committee

I write on behalf of the City of New Meadows in support of the Meadows Valley Emergency Services proposal to the Idaho EMS Grant Committee for a grant to fund a new ambulance to replace an existing older ambulance. We strongly support this grant application and the focus on reducing costs involved in maintaining older equipment and the potential of a breakdown in a life altering situation.

In our rural area I feel this would be a great addition to our Meadows Valley Emergency Services to assist current responders in maintaining and creating a safer environment for not only them but the patients as well.

On behalf of the New Meadows City Council, we encourage you to consider funding for the new ambulance to replace the 23-year-old existing ambulance and we look forward to the benefits of this project in supporting the health and well-being of our community's first responders.

Sincerely,

Mayor Julie Good
