Members of the Board of Education Nome Public Schools Nome, Alaska 99762

The Nome Public Schools (District) is pleased to present you with the budget for the fiscal year 2025. The budget document is the primary document that communicates the District's plans for spending in the ensuing fiscal year, and it also details its organizational goals and objectives in monetary terms. The District is required to prepare and approve a balanced budget and submit it to the City of Nome by May 1st and to the Department of Education & Early Development by July 15th each year. A balanced budget is defined as revenue budgeted at least the same as, or more than, the budgeted expenditures or use of fund balance.

In presenting the FY2025 Budget document, we may discuss the instructional, operational, and financial plans in an open forum. We believe community interaction and input between stakeholders leads to improvements benefiting the education of children at Nome Public Schools. The administration of Nome Public Schools has reviewed and discussed its plan for the FY2025 school year in terms of what can be accomplished within the bounds of a balanced budget.

Budget development and analysis is always a work in progress. Changes will occur in FY2025 when salaries, benefits, and foundation funding are finalized.

Organizational Component

The City of Nome was incorporated in 1901 as a first-class city under the laws of the Territory of Alaska. The City operates under council-manager form of government and performs municipal duties allowed by Alaska Statutes and as directed by its residents.

The Nome Public Schools is a component unit of the City of Nome and is organized under Title 29.42.030 of Alaska Statutes as amended. The City has delegated the administrative responsibility for these functions to the Nome Public Schools Board of Education. The School Board is governed by a five-member school board with members elected by district and complemented by a non-voting student representative.

Budget Process

Alaska Statute 14.14.065. Relationship between city school district and city. The relationships between the school board of a city school district and the city council and

executive or administrator are governed in the same manner as provided in AS 14.14.060. AS 14.14.060 (c) states "except as otherwise provided by municipal ordinance, the borough school board shall submit the school budget for the following year to the borough assembly by May 1 for approval of the total amount. Within 30 days after receipt of the budget the assembly shall determine the total amount of money to be made available from local sources for school purposes and shall furnish the school board with a statement of the sum to be made available. If the assembly does not, within 30 days, furnish the school board with a statement of the sum to be made available, the amount requested in the budget is automatically approved. Except as otherwise provided by municipal ordinance, by June 30, the assembly shall appropriate the amount to be made available from local sources from money available for the purpose.

The District's School Board approves a budget timeline which includes opportunities for presentation to the public. Below is the FY2025 budget timeline.

General Fund Revenues and Expenditures

Below are the assumptions used to develop the FY2025 budget.

Revenue Budget

We have developed this budget based on assumptions about legislative funding for FY2025. This budget assumes that we will be funded at \$5,960 per base student allocation (BSA) with no cuts to Basic Need or any part of the foundation formula itself. We have budgeted for

\$400,000 one-time funding from the State of Alaska. We are budgeting for a \$3.4M City of Nome appropriation, which is 89% of the maximum allowable appropriation and a \$200,000 increase from FY2024.

In the State of Alaska, the number of students enrolled in a district during the 20-day count period is the basis for computing the Average Daily Membership (ADM) that is used to calculate the amount of state funding provided to each district.

Revenue, Transfers In, and Use of Fund Balance projection of \$16,491,609:

- Enrollment projected at 675 students
- ❖ 90% of the BSA for Correspondence students − 22 projected
- ❖ Intensive students (13 x's the BSA) 18 projected
- ❖ ISER Area Cost Differential of 1.45
- ❖ Career & Technical Education (CTE) Factor 1.015
- ❖ Special Needs Factor − 1.20
- ❖ Base Student Allocation (BSA) \$5,960
- ❖ One-Time State of Alaska funding \$400,000
- ❖ TRS On-Behalf and PERS On-Behalf zero net effect against on-behalf expenditures
- City appropriation is budgeted at \$3,400,000
- ❖ Impact Aid estimated at \$100,000
- ❖ E-rate estimated with 90% discount rate on internet bills \$1,338,461
- ❖ Other Revenues projected at \$340,000 (includes dorm and DOT rent, local contributions, gate fees, student activities fees, and donation for cultural studies position)
- ❖ Earning on Investments (interest) of \$100,000
- ❖ Transfer in from Apartment Fund of \$250,000
- ❖ Transfer in from Capital Improvement Project Fund of \$350,000
- ❖ Utilize unreserved fund balance \$503,585; leaving a 5.27% fund balance which is *above* the Board stipulated 5% minimum.

Expenditure Budget

Below are the expenditure highlights and other considerations for FY2025. This budget includes:

- Annual step increases/salaries updated.
- ❖ A 3% increase to health insurance premium rates.
- ❖ Other employer-paid benefits remain status quo − 22% for PERS & 12.56% for TRS.
- ❖ Staffing based on overall monetary availability per revenue and expenditure assumptions; \$1M in staffing cuts.
- ❖ A 10% increase to liability and property insurance.
- Utilities budgeted based on estimated need/cost.

Nome Elementary School

- ❖ No counselor or behavior specialists in budget.
- ❖ Special Education FTEs remain status quo; cut supply budgets.
- Supply budgets cut by \$60,350.

Anvil City Science Academy

- * Retained same staffing levels as FY24.
- ❖ Supply budgets cut by \$32,200.

Nome-Beltz Middle High School

- ❖ Special Education FTEs remain status quo; cut supply budgets.
- ❖ Cut 1 FTE Library Aide position.
- Increased Utility budget commensurate with projected need/cost.
- ❖ Student activities cut supplies.
- ❖ Supply budgets cut by \$61,187.

Districtwide

- ❖ Extensions reduced Extensions' purchased supply budget by \$7,000.
- ❖ Special Education reduced supplies by \$5,000.
- * Reduced Districtwide Professional Development budget by \$19,400.
- * Reduced Technology Supplies/Equipment/Staff Travel by \$50,000.
- Reduced Inservice Training budget to \$4,000.
- ❖ Reduced Superintendent Travel budget by \$5,000.
- Reduced Board of Education budget by \$15,463.
- ❖ Increased Property and Liability Insurance by 10%.
- ❖ Transfer to Food Service status quo at \$215,000. Incoming response to RFP is an increased cost to District for FY2025.
- ❖ Transfer to Pupil Transportation increased from \$40,000 to \$50,000 due to contract annual increases.
- * Transfer to CIP reduced from \$100,000 to \$0.

The District is in need of an increase to the State of Alaska Foundation funding to continue to maintain same staffing levels. Without a large increase the District has to balance its budget by other means including reductions to both non-personnel and personnel, reductions to the Apartment Fund, reductions to the CIP fund, and near depletion of fund balance. Below please find two other budget scenarios; One in which all FY2024 positions are funded in FY2025, and one in which the District can fund positions for which it previously employed as well as those that the Board and Administration deem needed at this time. In all instances below, the calculations do not include salary schedule increases for staff, which would be an

additional cost and is a current need due to the drastic inflation that has occurred thereby increasing the cost of living.

Budget Scenario #2 - with No Cuts

If the District were to roll over all current positions into FY2025 and make no cuts to various budgets, such as Supplies, Travel, etc. the District would need to obtain \$11,130,000 from the State of Alaska Foundation funding formula. That would equate to a BSA of \$7,280 (a \$1,320 BSA increase).

Budget Scenario #3 – To Include Some Needs

If the District were to fund all items noted in Budget Scenario #2 *and* also include the following positions, the District would need to obtain \$11,850,000 from the State of Alaska Foundation funding formula. That would equate to a BSA of \$7,700 (a \$1,740 BSA increase).

- Music Teacher at NES
- ❖ After School Coordinator
- ❖ School Nurse at NES
- ❖ 2 Classroom Aides at NES
- ❖ Cultural Curriculum Director
- Districtwide Certified Librarian
- ❖ Counselor at NES

We thank you for your consideration of the FY2025 budget.

Sincerely,

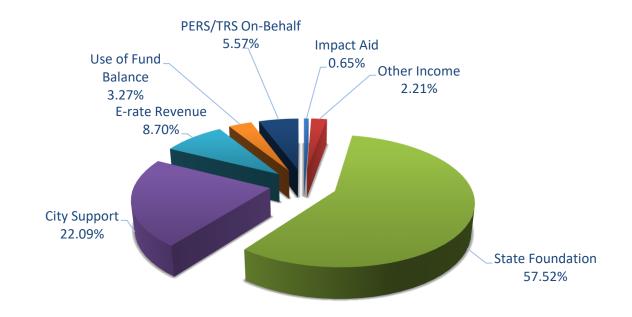

Jamie Burgess Superintendent Genevieve Hollins Contracted CFO

Note: FY24 & FY25 data depends on timing of when bills are paid and when revenues are received. Ultimately, the District's General Fund holds around \$1.8M in FY24 and \$1.1M in FY25 between nonspendable and unassigned fund balance. In addition, the monies flowing through the special revenue funds are recorded in the financials in the General Fund cash account with offsetting transaction in Due to other funds liability account.
