

Date: April 5, 2022
From: James West, Jr., Ambulance Chief *Nome Emergency Services JWB*
Subject: Notice of Intent to Purchase under the DHSS Grant

BACKGROUND & JUSTIFICATION:

The City of Nome Ambulance Department is in need of a side by side to better respond to emergencies and protect the people of the community of Nome. It is difficult to reach some patients that may be located on the beach or in alleyways around Nome. We understand the value of providing equitable emergency medical services to our community and meeting the needs of everyone including visitors to Nome and the homeless population in our community. We are in need of the version that includes a place to strap in a patient and transport them to medical care and the hospital.

A grant was written to request several items that would support equitable community health and the side by side was funded under this Department of Health and Social Services ("DHSS") 2022 Healthy and Equitable Communities Memorandum. The grant requires the acquisition of three quotes. Attached you will find the three quotes.

RECOMMENDATION:

We ask that the Council award the grant purchase of a 2022 Can Am Defender Pro to Wilderness Skidoo. In addition to being the low quote (all in price has no freight expense), Wilderness Skidoo is a local dealer for parts and services and warranty issues. Under the grant, we are required to have a local dealer to repair the vehicle.
