SUBJECT: Population Determination for FY2023 DCCED Financial Assistance Programs

Dear Mr. Steckman:

Pursuant to 3 AAC 180.050(d), the Commissioner of the Department of Commerce, Community, and Economic Development annually certifies the population of each municipality, community, and reserve in the State of Alaska for use in various financial assistance programs based upon population determinations made pursuant to 3 AAC 180.030. For the Nome the following population will be used for all FY23 programs the department administers.

The population of Nome has been determined to be 3524

If you do not agree with the population determination, you may request a population adjustment by submitting a written request and substantiate the request by completing either of the two approved methods: Head Count Census Method or Housing Unit Method. The request must include a resolution from the governing body proposing a corrected population total.

If you choose to request a population adjustment, please review the Head Count Census and Housing Unit Method manuals the department has published to assist you with this process. These manuals are available at <http://commerce.alaska.gov/web/dcra/> or you may also contact the department for a copy of the manuals.

The request for adjustment and completed census documentation must be postmarked no later than April 1, 2022, and submitted to:

Division of Community and Regional Affairs
Attn: Grace Beaujean
550 West 7th Avenue, Suite 1640
