Sending my thoughts on the licensing of QuikStop. I believe they should be granted a license. The homeless problem is not going to disappear if it does not have alcohol. It is used by the general public as well. Many times I want to purchase a bottle of alcohol and don't want the hassle of trying to find a parking spot at Hanson's and don't want to drive out to the main AC. I purchase a few small groceries at the same time. The store is keeping records of 1 bottle per person not just for the homeless but for the general public as well. I see many of the homeless walking to Hanson's do if you take away the license they are just going to go to Hanson's. I say grant the license.
