City of Nome  
Information Technology  
3<sup>rd</sup> Quarter Report (Jul-Sep)

To whom it may concern,

For security purposes of the Cities IT infrastructure most details will be left out and this is a general summary of items.

- New Batteries were purchased for the Public Safety Building and Richard Foster Building back up power supplies. Thanks to PW for helping, over ~800 lbs.
- Eventide phone and radio recorded for the Nome Police Department, was renewed for another 3 years of PMI.
- Internet was restored to full speeds again with Quintillion's fiber fix.
- New Rec Center work station completed.
- New time-keeping kiosk's almost completed.
- One of the PD's computers had to be re-built by GCSIT.
- Phone system replacement will be conducted in October at the public safety building. This is due to an RMA request by our vendor GCSIT after thousands of hours of troubleshooting.
- GCSIT's Anchorage Office is closing, moving to a 'work-from-home' standard.

Thank you,
