**UNFINISHED BUSINESS**

A. Comprehensive Plan 2030.

- Deputy City Clerk Piscoya stated this was a place holder and that there wasn't any update to the comprehensive plan.

**STAFF REPORTS**

A. City Manager's Activity Report.

- City Manager Steckman stated he was talking to a potential candidate for the City Planner position and working through the details of the contract. Since the position has not been confirmed, City Manager Steckman will not mention who is a potential candidate.
- City Manager Steckman stated that both abatement structures have been taken down with easy compliance from one owner and had discussions with another owner but both structures have been taken down. C. Steckman stated if there are any additional structures that they see that should be abated, they should direct those properties to city staff.
  - Deputy Clerk Piscoya stated that there are three pages of abatement and vacant properties for review and that last year we only addressed the top ten properties.

- City Manager Steckman stated that if there are any City of Nome properties that they will have to be addressed separately.
- Building Inspector Barron stated that one of them were proposed to remodel and use for NPD housing but did not work through.
- Commissioner Steinacher asked if they were on the list or if it was going to go up for sale.
- Building Inspector Barron stated it was added to the abatement list to get abated. The white building would need to do away with it and that no one is living in it.
- Commissioner Lizak asked if at the next meeting that there could be an updated abatement/vacant property list for the Commission.
- City Manager Steckman stated he did not know there was a list and that there are properties he hopes that is on the list.
- City Manager Steckman continued with his report stating that the Common Council is going to be presented with an Emergency Economic Disaster Declaration and they will decide on Monday on what to vote. The Council has approved a one-time 2% reduction for the sales tax and it had started on June 1<sup>st</sup> and will go through August 31<sup>st</sup>, 2020. There is also a Business Application for CARES Act funding for business that is now out for the public and hopes that business will apply for funding.
- City Manager Steckman stated that the Port of Nome is now open for business and have given information to Port users on how to use the Port with the updated guidelines. Along with the Port opening, the travel permit has been updated to a travel form has been updated and now includes an FAQ. The quarantine requirements will be an option of a seven day quarantine with testing on day one and testing on day seven, that if both tests are negative you are out of quarantine or if one does not want to test, they will have to do a 14 day quarantine.
  - Chairman Hughes noted the Port announcement that the requirement for quarantine is only a 14 day quarantine.
  - City Manager Steckman replied that depending on how long the travel is, it may be a week to two weeks to get up here and that if it were shorter, then they'd need to test if they stayed within Nome. He understands that some Port users may make stops along the way but do not notify of their plan but there have been vessels that have had outbreaks. There are strict requirements put on by the Coast Guard and the Port of Nome that a vessel would have to comply by.
  - Commissioner Steinacher asked if a miner could go to the Port and work on their boat while on quarantine.
  - City Manager Steckman replied yes, they can however they are requesting they limit the person to person contact until their test results have come back. Each miner has also submitted plans to the Port of Nome for their quarantine plan and are to follow their plan.
  - Commissioner Steinacher asked if there are out of state travelers do they have an option for the seven day quarantine option.
  - City Manager Steckman replied that they are to show a negative test result within 72 hours of travel. Do we then accept it or require them to get testing in Nome then start the 7 day quarantine. He explains that folks who are on quarantine are able to go out into the country but it's a concern that they do not interact with anyone in the public. The city of Nome received the first case, and couldn't figure out how they contracted the virus as they were non-travel related. The following two cases they are unsure yet of how they contracted the virus, if it was travel related or spread.
  - Chairman Hughes asked about the Anti-Body Testing through ANTHC rather than doing the rapid testing and how the quarantine process would work for an asymptomatic person who shows no signs of having the virus but have a positive test.

- City Manager Steckman replied that the Anti-Body testing would only show if you have had COVID 19 in the past. City Manager Steckman continued that the quarantine process is still a seven day quarantine with testing on day one and testing on day seven or no testing at all with a quarantine for 14 days. There are some people that are showing signs or symptoms on day 14.
- City Manager Steckman explained that the NEST shelter has closed for the summer months. The NSHC Day Shelter is going to move down to the Mini Convention Center for the time being; a month to month rental.\* CM Steckman stated that there will be a meeting with various agencies to figure out a longevity plan for the homeless. He continued that there is an increase in the homeless during Iditarod due to limited housing and so they stay at the NEST shelter.
- Commissioner Steinacher stated she was a past Director of NEST and that wasn't an issue while she was there for the type of use for the NEST shelter. She asked for clarification if it was visitors from out of region and state who were intending to stay at NEST instead of finding a hotel.
- City Manager Steckman explained he wasn't too sure but it seemed as though there were some people who knew where to find shelter at the NEST shelter.

Along with some building going down that some buildings and housing can go up as well. C. Lizak thanked Marguerite for stepping up and keeping up with the grants.
- 5) Commissioner Piscoya thanks to the city staff for the continued work through this COVID virus time and that everyone is doing a good job.
