Dear Mrs. Schneider:

The Nome Public Safety Advisory Commission has directed me to send this letter to you. The Commission unanimously supports the construction of the Safety First Housing development. The Commission believes this effort will reduce stress on the Nome Police Department and the Nome Volunteer Ambulance Department.

With this project, it will reduce stress and expenses to the City of Nome. It will also provide necessary housing and services to a portion of our population need.

I hope you your grant agencies will also support this project financially.

Sincerely,

Glenn Steckman  
City Manager
