Subject: 2025 Spring Clean-up T-Shirt Design

Dear members of the Common Council and Mayor Handeland,

The City of Nome Spring Clean-up is just around the corner. Since this is a citywide event, I wanted to include as many community members as possible, starting with our youngest. Over the last few weeks the students at Nome Elementary School have been tasked designing this year's Spring Clean-up T-shirt. The students were asked to draw an image of an action they can take to help make Nome clean.

We received a total of 38 submission from children ages 5 to 11. City Hall Staff along with a few local residents have helped narrow down the selection to a top 5. I now ask you to assist in selecting the design you feel best represents Spring Clean-up and Nome.

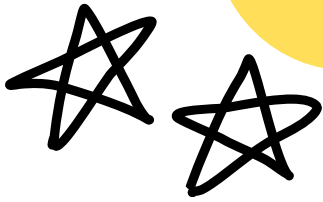

Thank you for your time and consideration.

Sincerely,

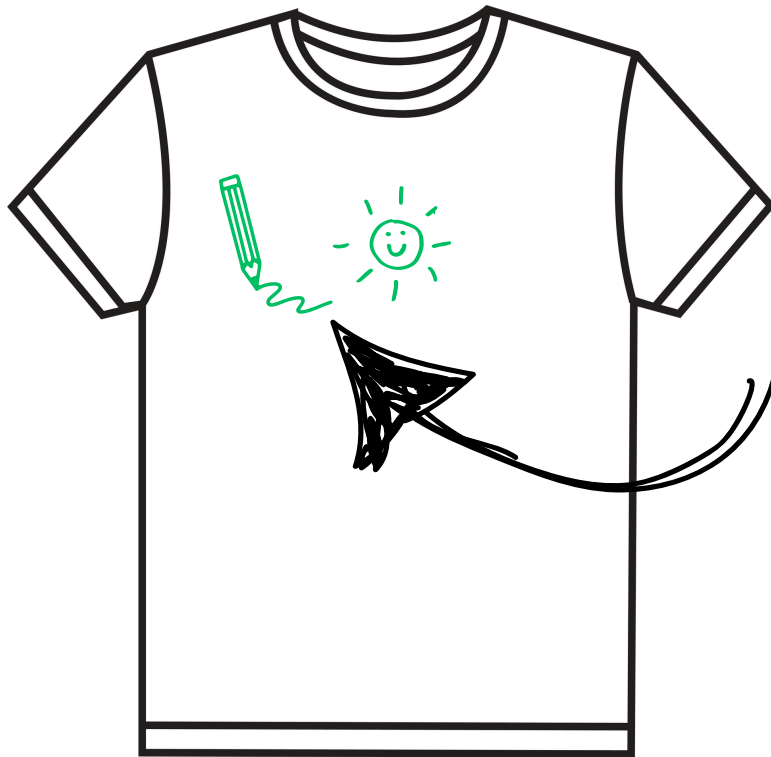

Angie Nguyen
Executive Assistant to the City Manager
City of Nome

P.S. All drawings will be on display at Old Saint Joe's on Clean-up day.
