## **EQUIPMENT**

Year 2.5 of our Bodycam program is up. We are in the process of receiving the Axon Body 3's which is a part of our current contract at no additional cost. We initially planned for 13 bodycams, and will be increasing the amount to 15 in the new FY, due to staffing increases.

Officers, including every new officer gets fitted for a new ballistic panels and they are ordered for them. Current officers received their shipment earlier this year and are in place bringing the officers to current non expired vests.

## **INVESTIGATIONS**

Investigators are being operated under the supervision of Deputy Chief Pruckner with part time Investigator Gray Harrison. Felonious cases, missing persons, death investigations and specifically sexual assault cases are referred to the investigations department once the patrol unit has taken the initial case. This has been effective and rapport with the district attorney has grown. By allowing patrol to focus on their calls, Investigations have been able to directly focus on cases specifically for a better quality case and helping the victim through their trauma. They also work with DV/SA Coordinator Sharon Sparks who has been a tremendous help to the department and following up with victims or advocating for them.
