City of Nome Urges Return to Face Masks

Nome and the Bering Strait region are currently experiencing a surge in positive cases of COVID-19. City of Nome Manager Glenn Steckman urges all local businesses and churches to reinstate face masks requirements for their indoor public spaces.

The City Manager also requests that all persons not vaccinated in Nome to consider getting vaccinated to protect those who are as yet ineligible to receive the vaccine. Please contact Norton Sound Regional Hospital at 443-3319 or visit their website at www.picktime.com/NSHC to schedule a vaccination appointment.

Free face masks are available at the Post Office, City Hall and the Nome Recreation Center. Child-size face masks are also available at the Nome Recreation Center.

Please consider masking up and protecting your community!
