NW Phase 4 Change Order #3 (opt2) // 225 N. Webster Avenue Norman, Oklahoma 73069

OPT 2: To just replace the word healthplex on 15 signs. To overlay existing panel. 32'x4' including drop

SCOPE OF WORK

S1 — Wayfinding Sign Reflective Overlay Replacement (Qty 15)

Fabrication/Construction:

Fabricate replacement blue-and-white reflective graphic overlay panels to revise directional wayfinding information. Existing wording reading "Healthplex" shall be replaced with "Hospital". Overlay graphics shall include replacement of the associated blue background section and white reflective copy to match the existing sign design intent. Graphics to be produced as field-applied overlays sized to cover the existing message areas.

Installation/Location:

Field installation at Norman Wayfinding System, Phase 4, located at 225 N. Webster Avenue, Norman, Oklahoma 73069. Install fabricated reflective overlays directly over existing sign message areas. Align graphics to existing layout and verify proper adhesion and appearance after installation.

Affected Signs (Derived from Phase 4 Change Order Drawing):

Phase 2:

- Sign 1 – Overlay area approx. 107" x 48"
- Sign 2 – Overlay area approx. 107" x 48"
- Sign 3 – Overlay area approx. 107" x 48"
- Sign 5 – Overlay area approx. 87" x 48"
- Sign 8 – Overlay area approx. 114" x 48"

Phase 3:

- Sign 14 – Overlay area approx. 108" x 48"

Sign 15 – Overlay area approx. 107" x 48"
Sign 20 – Overlay area approx. 87" x 48"
Sign 22 – Overlay area approx. 107" x 48"

Phase 4:

Sign 4 – Overlay area approx. 87" x 48"
Sign 6 – Overlay area approx. 107" x 48"
Sign 9 – Overlay area approx. 114" x 48"
Sign 8 – Overlay area approx. 105" x 48"
Sign 20 – Overlay area approx. 105" x 48"
Sign 21 – Overlay area approx. 87" x 48"

Scope Includes:

Fabrication of reflective blue-and-white overlay graphic Panels only
Replacement of all "Healthplex" wording with "Hospital"
Field installation of overlays
Minor field cleaning/preparation of application surfaces as required

Scope Excludes:

Structural repairs
Electrical work
Foundation work
Replacement of complete sign faces unless otherwise directed
Permitting, engineering, or traffic control unless specifically required

- Dimensions: Overlay panels approximately 107"x48" per sign
- Sidedness: Existing sign sidedness not specified—confirm if both sides require updates
- Removals: Removal of existing Healthplex graphic section only as required for overlay installation

GLOBAL ITEMS (PROJECT-LEVEL)

- Survey/site verification: available is needed
- Site checks/pre-fielding: If needed
- Design/art: Revision from "Healthplex" to "Hospital" included; final artwork approval to confirm
- Misc conditions: Existing sign faces may or may not be suitable for overlay application

-Any delays or work stoppages due to site inaccessibility, third-party disputes, or legal interruptions may result in additional standby charges or rescheduling fees.

Exclusions

- does not include primary electrical hookup, unless dedicated circuit is existing within 10 feet.
- For anything requiring shop drawings, only 1 revision is included in the bid. Every revision after that will be billed at an additional rate of \$75/hr
- does not include ELES or "Electric Sign Permit" must be pulled by licensed electrician
- All ground signs require vegetation in the OKC area. G&S Signs is not responsible for the installation of vegetation unless specified in quote.
- G&S Will Call OKIE to foresee any drilling implications. Unknown underground obstructions, rock, or hard sediment not included in bid. It is the responsibility of the land owner to mark all private lines including water sprinklers.
- With the removal of an existing wall sign, quote includes caulking holes to prevent water damage. Patch and spot paint, EIFS restoration and painting seam to seam will be quoted separately unless specified in quote.
- For all ship in work. Standard procedure is to check crates and packages when they come in. If they have no visible exterior damage they are marked OK. We will only investigate crates/boxes further if they have exterior damage. Internal damage will not be G&S's responsibility to cover costs.
