

Wildwood Community Church was officially incorporated as a church in 1968 and over the last 55 years, Wildwood has met in multiple locations, including their current facility – the former Redlands Racquetball Club — which Wildwood purchased and moved into in 1986.

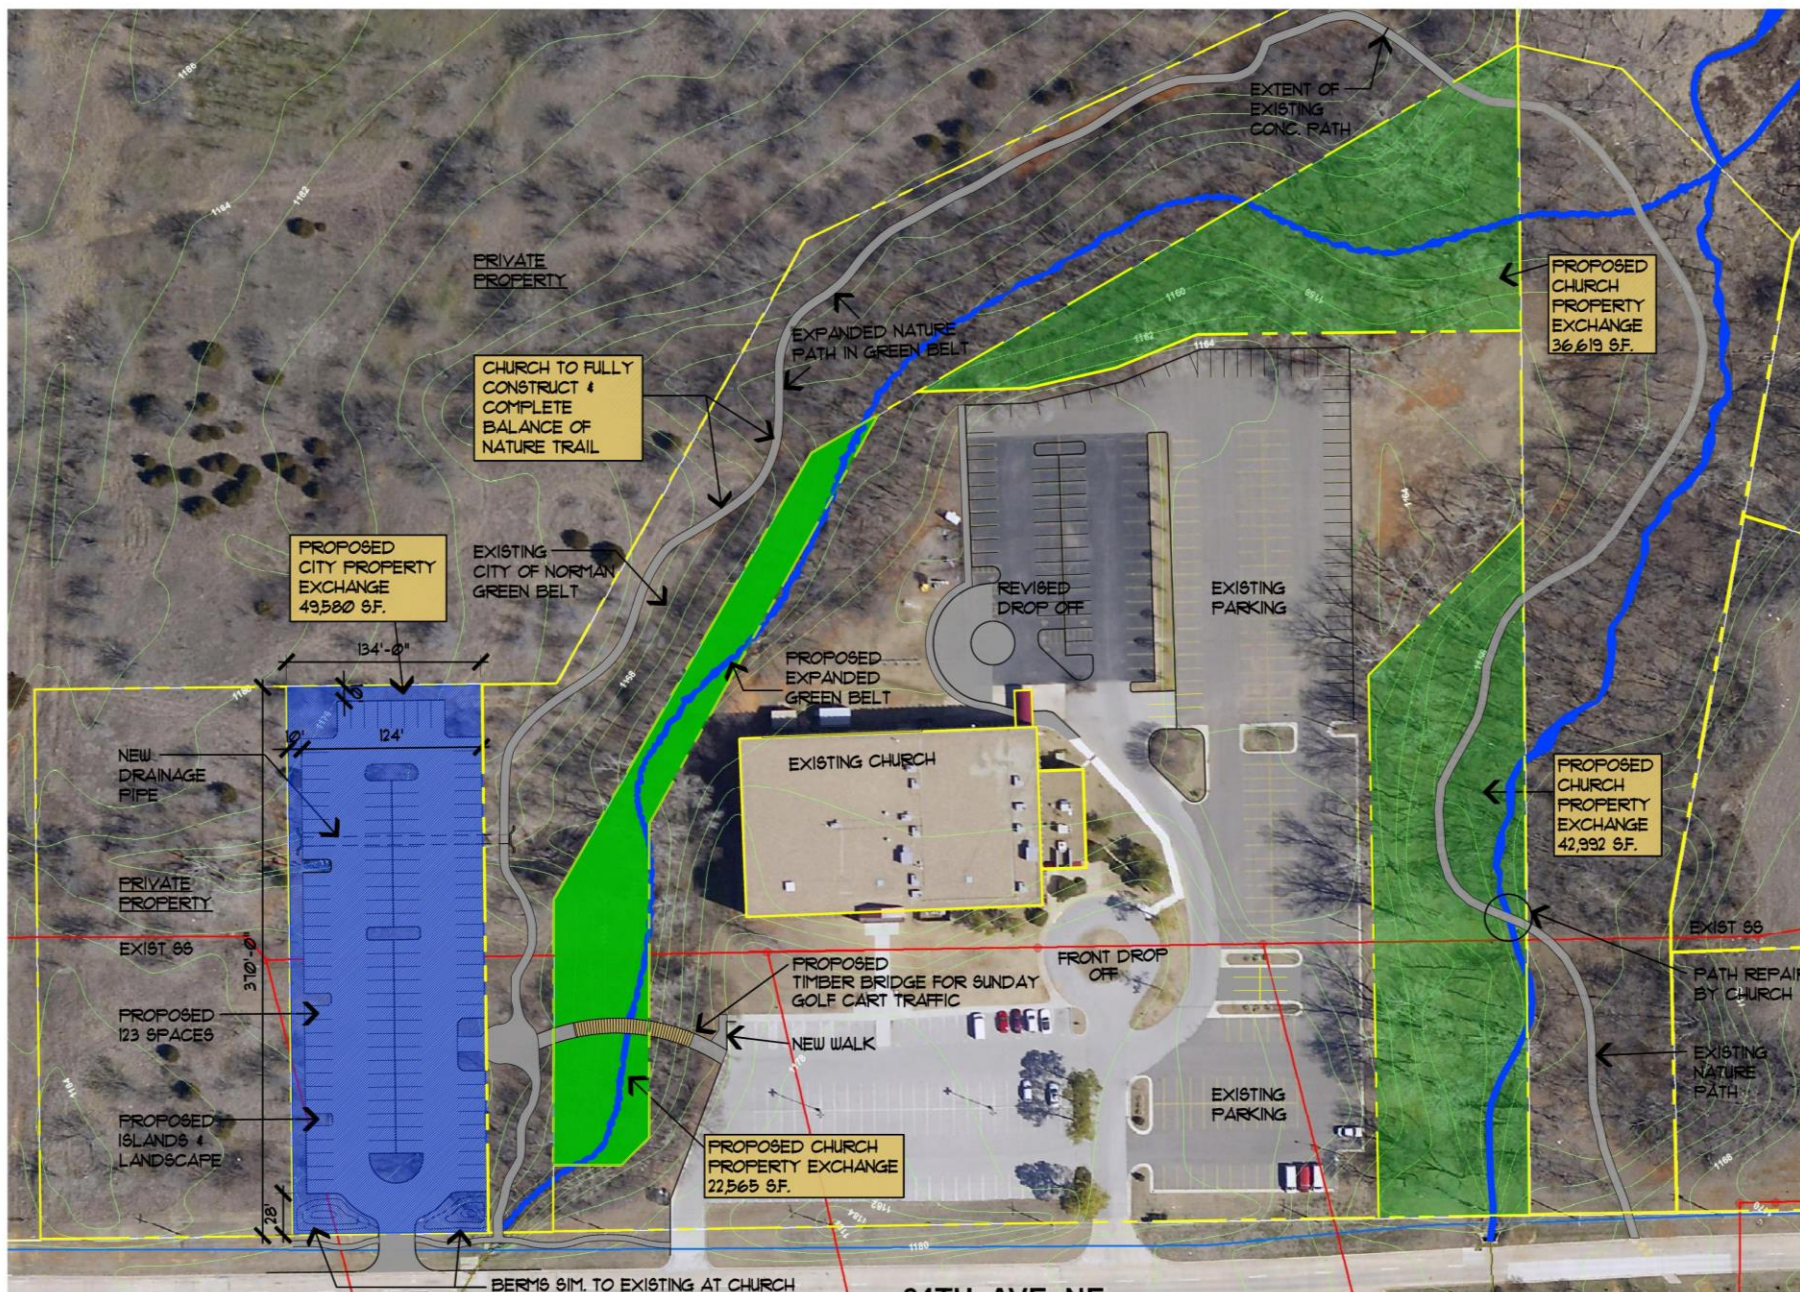

In 2008, a wood pedestrian bridge was constructed along with some new parking to the north of the existing building.

In 2009, a 20,000 SF Children's Ministry Building was constructed.

Since their origin as a small Bible study that met in a garage to a growing church body today, they continue to value close community.

CHURCH PROPERTY TRANSFERRED TO CITY / GREEN BELT (TOTALING 102,116 S.F.)
