SUPPORTING DATA	Location Map Application with attachments Site Plan

SYNOPSIS: The applicant requests a variance to the exterior materials requirement in C-2, General Commercial District, which requires 80% of all exterior walls, exclusive of windows, doors, walkway covers, etc., to be constructed using masonry materials. The applicant would like to build a building that includes other materials, such as painted EIFS and prefinished metal panels, with the following percentages of masonry on each façade:

- East (Building entrance and main façade) = 30% masonry
- North = 30% masonry
- West = 20% masonry
- South = 30% masonry

The application and the site plan are attached for your review. The building's exterior facades are included in your packet.

VARIANCE CRITERIA PER SECTION 570(k):

A variance from the terms of this ordinance shall not be granted by the Board of Adjustment unless and until:

- (1) An applicant shall submit to the Board of Adjustment a written application indicating:
 - (a) That special conditions and circumstances exist that are peculiar to the land, structure, or building involved and are not applicable to other lands, structures, or buildings in the same district;

- (b) That the literal interpretation of the provisions of this ordinance would deprive the applicant of rights commonly enjoyed by other properties in the same district under the terms of this ordinance;
- (c) That the special conditions and circumstances do not result from the actions of the applicant;
- (d) That granting the variances requested will not confer on the applicant any special privilege that is denied by this ordinance to other lands, structure, or buildings in the same district;

No non-conforming use of neighboring lands, structures, or buildings in the same district and no permitted use of lands, structures, or buildings in other districts shall be considered grounds for the issuance of a variance.

Before any VARIANCE can be granted, the Board shall make a finding that the four requirements have been met by the applicant. Please see the attached document from the applicant detailing their justification for their request.

DISCUSSION: The subject property is surrounded by residential buildings to the north, west, and east and commercial to the south. The applicant owns the commercial property next door to the south, which does not meet the 80% masonry requirement. The applicant intends to use similar exterior materials to those used by the adjacent properties.

CONCLUSION: Staff forwards this request for BOA-2324-6 to the Board of Adjustment for consideration.
