Brenda Hall
Norman City Clerk

RE: Request for Consent to Encroach
Fred and Terry Jackson
3220 Skye Ridge Dr., Norman OK 73069

Dear Ms. Hall,

I am requesting approval to encroach eight (8) feet on the easement located at 3220 Skye Ridge Dr for the purpose of having a pool constructed. The easement in the west portion of the backyard totals 10ft and runs North to South. There are no City of Norman utility lines but there is a Cox line and two (2) OG&E lines (photo #1, #2 and #3). One line is for the streetlight located at the corner of Skye Ridge Dr and Perth Avenue. The other line is the service input for the residence. Cox installed a temp service line and is scheduled to bury. OG&E is scheduled to assess the area to move the service line for the residence. Both lines will be relocated outside the area of construction for the pool. The service feed for the street light is not in the area of construction.

The pool design is a "L" shape and as you can see by the photos it will leave enough room on the west end. This will allow for sufficient access to those utilities when necessary. If learned during the construction process that access is impeded, we will ask for those utilities to be relocated by the respective company outside of the construction area. Photo #4 is the architectural layout of the pool showing the layout with dimensions.

Your consideration and approval in this matter is greatly appreciated.

Thanks,

Fred and Terry Jackson
