The Board is a Recipient of a Federal grant award from the FEMA, Federal Award Identification Number EMT-2024-GR-05000 Catalog of Federal Domestic Assistance Number 97.041, National Dam Safety Program. The award was received on September 25, 2024. This agreement is a contract from the Board to Subrecipient of said federal grant funds and is for non-research related activities. No indirect costs are allowed under this award, however, Management & Administration (M&A) costs are available and up to five percent (5%) of expenditures can be used for this purpose if identified as an eligible expense in the approved Scope of Work (Attachment 2). The Period of Performance of this award is from July 15, 2025, to September 24, 2027.

In accepting said grant, the Subrecipient duly acknowledges and agrees that in all regards and respects, Subrecipient must and shall comply with the requirements of all applicable federal and state statutory provisions and all Board rules, regulations, and the HHPD Grant Program applicable policies. Without limiting the generality of the foregoing, Subrecipient agrees as follows:

1. **Description of Approved Project** This grant has been approved by the Board for Subrecipient's project which shall consist of the Summit Lake Rehabilitation Project; the scoping narrative for the project is attached hereto as Attachment 2. The Subrecipient shall provide the services to the Board set forth in the Agreement documents and, specifically, as defined in the Scope of Work and Milestones. All deliverables shall conform to accepted standards and practices.
2. **Determination of Amount of Grant** The amount of this grant shall not exceed sixty-five percent (65%) of the eligible activity costs or the amount of \$747,500.00 whichever is less. Cost share will be required as described in Paragraph 10.
3. **Creation and Maintenance of Separate Accounting** As a prerequisite to receiving grant funds from the Board, the Subrecipient shall establish and maintain, to the satisfaction of the Board staff, separate accounting for said HHPD funds. 4. **Award Compensation** The Board shall release the grant award to the Subrecipient on a cost-reimbursement basis upon receipt and approval of the Subrecipient's programmatic and/or fiscal reports, as required by this Agreement. Matching funds must be reported and expended in proportion to federal fund expenditures. The Board is under no obligation to reimburse work performed prior to the commencement or after the expiration of the contracted time of performance. The Board reserves the right to withhold a minimum of fifteen percent (15%) of the Subrecipient's total grant allocation until the final grant report and all services, reports and deliverables are received and approved by the Board. Acceptance of work completed under this Agreement shall be decided at the sole discretion of the Board and shall be final.
5. **Requests for Reimbursement** To receive reimbursement funding, Subrecipient shall submit to the Board a FEMA Rehabilitation of High Hazard Potential Dams Grant Reimbursement Form (Attachment 4), an expenditure report, including proof of payment, detailing the project activities to be funded, and the total cost of those activities. Once the Board has deemed the proposed activities listed in the reimbursement request are eligible for HHPD Grant Program funding and are within the approved scope of work, the Board shall reimburse up to sixty-five percent (65%) of the total eligible activity cost as defined above in Section 2. Subrecipient shall then

expend funds from the account only as permitted in this Agreement, Board rules, FEMA Guidelines, and all applicable Federal award regulations. The remaining thirty-five percent (35%) of the eligible activity costs shall be considered matching fund expenditures to be paid by Subrecipient. Matching fund expenditures or in-kind contributions must be directly related to the project or statement of work for eligible activities.

6. **Expenditure of Funds in Grant Account only for Authorized Project Purposes** Subrecipient shall disburse or expend funds from the HHPD Grant Account only toward reimbursement of eligible and authorized purposes for the project approved by the Board. Authorized project costs include technical, planning, design, other pre-construction activities, and approved construction activities. The Board shall deny reimbursement of any costs not directly related to the award project or approved Scope of Work (Attachment 2). Any amount of grant funds expended from the HHPD Grant Account for unauthorized purposes shall be repaid by Subrecipient to the Board, together with payment of interest accrued from the date of the expenditure at the maximum rate allowed by law, no later than thirty (30) days after the date of written demand from Board staff.

Any disbursement of grant funds without adequate supporting documentation shall be deemed to be an unauthorized expenditure of grant funds which the Subrecipient shall repay to the Board with interest as provided above. The subrecipient shall direct to the Board staff any and all questions regarding whether an expenditure is authorized prior to making the expenditure.

The Subrecipient shall provide the Board with quarterly reports and a final report on Performance and Financial Progress, detailing the progress of work set forth in the Agreement documents. Reporting quarters shall be defined by the attached HHPD Quarterly Milestone Workplan Table (Attachment 4b). Incomplete or inaccurate reports may result in reimbursement delays. These reports shall be certified by an authorized agent of the Subrecipient as being true and accurate to the best of the Subrecipient's knowledge, as indicated by their signature on Attachment 4.

Each report, due on the 15th day following the close of the quarter, shall contain the following:

If the extension is determined by the Board to be necessary and appropriate, the Board or its staff may permit additional time, but no later than September 24, 2027, to file an acceptable reimbursement request. The approval of this grant shall not extend past September 24, 2027, without prior approval from the grantor (FEMA). 3. Scoping Narrative, Schedule, and Budget

Proposed Activity:

Misty Lake Dam is a 20-foot high, high hazard potential, earthen dam. During a 2015 inspection, uncontrolled seepage was observed from under the dam that had caused extensive soil saturation. To protect the structural integrity of the dam, the lake level has been kept at a minimum of three feet below the top of the emergency spillway until repairs can be completed. This project consists of clearing and grubbing of the project site, construction of a construction entrance, installation of an embankment toe drain to control the seepage through the dam, widening of the downstream toe, raising and regrading of dam face, installation of revetment, revegetation of the dam, and installing sod on all disturbed areas.

BOARD ORDER FOR YOUR RECORDS**

**A RESOLUTION OF THE OKLAHOMA WATER RESOURCES BOARD
AUTHORIZING AN APPLICATION FOR FUNDING ASSISTANCE THROUGH
THE FEDERAL EMERGENCY MANAGEMENT AGENCY PROGRAM TO
REHABILITATE HIGH HAZARD POTENTIAL DAMS**

WHEREAS, the United States Department of Homeland Security, Federal Emergency Management Agency ("FEMA") has implemented the Rehabilitation of High Hazard Potential Dams (HHPD) program to provide grant funds to reduce or eliminate the risk of dams of highest consequence and increase understanding and management of risks posed by eligible dams.

WHEREAS, FEMA has solicited proposals for cost-shared financial assistance from States, Indian Tribes, and nonprofit dam owners for projects to develop.

WHEREAS, the Oklahoma Water Resources Board ("Agency") has identified itself as an eligible applicant under FEMA's HHPD Grant Program, Funding Opportunity Number: DHS-24-[MT]-[041]-[00]-[98].

WHEREAS, the Agency is pursuing grant funding assistance under the HHPD grant program to provide technical, planning, design, pre-construction, and construction activities related to the repair, removal, or rehabilitation of eligible high hazard dams. The amount of the grant award is formula based and is calculated using the nationwide number of eligible dams and the number of states that have applied for the grant.

NOW, THEREFORE, be it resolved by the Board as follows:

1. The Board has reviewed the scope and purpose of the funding application and finds that the Project will serve the needs of the people of Oklahoma and satisfy the goals of the HHPD program, and on that basis, supports the staff submittal of the grant proposal to FEMA.
2. The Agency is acting as a pass-through entity and will work with eligible subrecipients to meet the minimum 35-percent cost share required to obtain grant funding under the HHPD Grant Program.
3. Pursuant to state policy, the Agency has sought approval from the Office of the Secretary of Energy and Environment to pursue this funding opportunity.
4. The Board hereby ratifies the action of its Chief Financial Officer or his designee of the Agency in applying for financial assistance from FEMA's HHPD Grant Program and authorizes the Chief Financial Officer or his designee to execute any related document, including a cooperative financial assistance agreement with FEMA.
