Call Definition

IVR Services are provided by the Call. A Call is defined as a successful completed connection. A Call can be up to 4 minutes in length, with each additional 4-minute period counted as an additional Call. When a caller initiates a transfer from the IVR, this results in an additional Call being counted.

Quotes Notes

- The following are EXCLUDED from this project, and will be decommissioned: MobileField and CommunitySelect.
- Application Database Integration:
 - Phase 1: CentralSquare Naviline – no changes to existing integration
 - Phase 2: Harris CityView
 - A Standard Application Database is defined as an Application Database that exposes the needed data and transaction business rules via an Application Programming Interface (API). All functionality listed in the Application Packs is contingent on the accessibility of the data and business logic from the Application Database via an API. The City is responsible for obtaining the required API and the appropriate licensing directly from Harris.
 - Selectron provides all reasonable effort to ensure the City's Selectron solutions perform in identical or comparable fashion once integrated to CityView. Unless new functionality has explicitly been purchased as part of this project, no new functionality is added. However, differences between the old and new Permitting Application Databases may render some IVR functionality unavailable (if the new API does not support functionality offered in the old system). Occasionally, conversions require script changes to call flows.
 - After the initial implementation, any updates/changes to CityView API may affect IVR functionality. If programming changes are required to restore IVR functionality, a separate quote will be provided for professional services.

MANAGED SERVICES PAYMENT TERMS

Pricing does not include additional application integration charges that may be required as part of this solution. This includes Application Vendor API, user, or implementation fees, additional licensing fees, or other surcharges directly or indirectly charged by or remitted to the Application Vendor.

Setup Fee Payment Schedule

- 45% Invoiced when **Phase 1** is delivered to Norman for User Acceptance Testing
- 10% Invoiced upon final acceptance of **Phase 1**. If final acceptance is delayed beyond 30 days (following start of User Acceptance Testing), not due to any fault of Selectron Technologies, the payment will become immediately due.

Annual Managed Service Fee & Call Fee Payment Schedule

- 100% Invoiced 45 days prior to beginning of service period. If applicable, per message overage fees are charged monthly in arrears after included limits has been reached.

Taxes

Sales Tax or any other applicable taxes are **not included** in any of the pricing in this agreement. All applicable taxes will be invoiced, collected and remitted in accordance with state and local tax laws.

1. Overview

This Statement of Work (SOW) outlines the services provided by Selectron Technologies, Inc. (Selectron) to Norman, OK (Norman or Customer). The features, functionality, and services are provided by upgrading Norman's existing VoicePermits IVR to Selectron Technologies' next- generation Relay communication platform (Relay).

1.1. Revision History

Version #	Details	Date
1.0	Initial Release	8/24/2021
1.1	Updated Project Scope/Phases	

1.2. Note on Project Scope

It is understood that the project outlined in this SOW will be completed in two phases. The first phase will consist of Selectron upgrading Norman's existing premise-based IVR solution to the planned Relay Permits IVR solution hosted in Selectron's Managed Services environment. This phase 1 solution will be integrated to Norman's existing CentralSquare Naviline system. Phase 2 will begin at a time determined by Norman, OK, and will consist of Selectron providing professional services to update the integration from CentralSquare Naviline to the planned Harris CityView system. Further details on integration requirements are included in section 3 of this SOW.

2. Functionality

This section details the functionality included with Norman's updated Relay IVR. All functions and features are dependent upon the accessibility of Norman's CentralSquare Naviline and Harris CityView application databases to provide the given data to Relay.

2.1. The Relay Platform

Norman's solution is powered by Selectron's Relay platform. Relay is a multi-channel, multi-agency platform that is designed to connect customers, constituents, and field workers to government agencies and utilities. Relay offers interactive voice response (IVR), web, mobile, outbound, call center agent, and field worker capabilities all in a single platform.

The following sections detail the functionality that will be implemented for Norman. Additional channels, applications, and integrations that are not specified in this SOW are not included, but may be able to be added to the system under a supplemental statement of work. Please contact your Selectron representative for more details for additional functionality.

2.1.1. Application Packs and Channels

Norman's solution includes the following application pack and channels:

- Application packs:
 - Permits Pack
- Channels:
 - IVR

2.2. Permits Pack

Norman will be configured with the Relay Permits Pack. The Permits Pack offers Norman's customers with a central point of access for permit information and services. Callers will be able to enter a permit number and perform the following actions:

- Contractor Menu
 - Access inspection results
 - Permit based messaging
 - Schedule/reschedule inspections
 - Cancel inspections
 - Hear site address for the permit
- Inspector Menu
 - Post inspection results
 - Post correction codes
 - Leave Message for contractor

All permit, inspection, and/or code information is made available through an API to the Harris CityView application database. For any of the features detailed below to function as described, data must be available in this database to be presented to users.

2.2.2. IVR Channel

The IVR Channel for the Permits Pack provides callers with an Interactive Voice Response (IVR) system for accessing and posting permit information. The IVR offers functionality in the form of a Contractor Menu and an Inspector Menu.

Using the Contractor Menu, a contractor can enter a permit number to access permit information and functions. Upon entering a valid permit number, the user can schedule, reschedule, and/or cancel inspections. After an inspection has been scheduled/rescheduled/canceled, the caller will receive a confirmation number. Additionally, contractors can use the IVR to access inspection results, including any associated correction codes and descriptions. Finally, the contractor can access messages left for them by an inspector, or leave a message for an inspector.

Using the Inspector Menu, accessible via a hidden main menu option, an inspector can enter a permit number to post inspection results via the IVR. When posting results, the caller will need to enter a valid Inspector PIN number (or some other validation number to be determined during implementation). The PIN can be determined by Norman, but must be validated by the

Harris CityView database. When posting results, inspectors can add correction codes as well as leave a message for the contractor.

If desired, callers can be given the option to transfer to an agent. If a caller requests a transfer, the Relay IVR performs a transfer to a number specified by Norman.

3. System Integration

Depending on the implemented features, Relay requires varying levels of integration with other Norman components. These are described in the following sections.

3.1. Application Database Interfaces

As part of the planned upgrade, it is anticipated that Selectron will initially be integrating with Norman's CentralSquare Naviline application database, with a planned update to Harris CityView at a later time determined by Norman. All data-based interactivity on the solution is reliant upon data being available via the application vendor APIs for both systems.

During the implementation phase, if data elements are identified as necessary but are not available via the included APIs, the project will be impacted. This may affect the implementation timeframe and will result in additional professional services fees.

4. Deployment Model

This implementation of Relay will be moved from on premise at Norman, OK to Selectron's single-tenant Relay Managed Services environment.

Relay Managed Services is a hosted application, located in Selectron's local hosting facility. Selectron's hosting facility is a co-located data center featuring keyed entry and individual server locks for security. With a Managed Services solution, Selectron owns all hardware and is responsible for security, ongoing maintenance, and proactive support.

Norman's solution is licensed for:

- Eight (8) inbound IVR ports allowing for up to eight concurrent calls
- 15,000 inbound calls

4.1. Hosted IVR Access

For optimal user experience and telecom usage, it is recommended that callers access the hosted IVR by dialing directly into the hosted solution using a local Norman 10-digit number, which will be provided by Selectron. If Norman elects to have calls routed through your phone system first before connecting to the IVR, two customer telecom channels may be tied up during the duration of the entire call, and callers may experience a decrease in call quality.

5. Administrative Tasks

This section details administrative tasks that can be performed in order to manage Relay. All system administration for Relay is handled through the Relay Portal web application. An administrator from Norman will

be provided with user credentials for the Relay Portal application during the implementation process. Additional users can be created by the administrator as needed.

Permissions can be assigned on a per-user basis; permissions govern the functionality available to a given user.

The Relay Portal provides Norman administrators with a single platform for viewing system usage and health, running reports, and configuring various system settings. The Relay Portal is supported on Chrome, Firefox, Microsoft Edge, and Safari.

5.1. Run System Reports

Norman administrators will be able to run system reports via the Relay Portal. Reports that can be run by the administrator include:

- Call Statistics
- Call Activity
- Call Detail

6.1.6. Interface Upgrades

After service initiation, Norman's Harris CityView database application may release new updates to their application or its interface. Upgrading the Relay interface to be compatible with any Norman application database (or other application database software) may require professional services outside the scope of this service.

6.2. Norman, OK

This section outlines the Customer's service implementation and maintenance requirements and responsibilities.

6.2.1. Return Questionnaires and Information

Selectron Technologies' Project Manager provides Norman with an implementation questionnaire. The implementation questionnaire must be returned prior to developing the call flow design and the implementation timetable.

6.2.2. Provide Customer Specific Information

- Call flow for the IVR solution

Once the channel design(s) have been approved, software development begins.

6.2.4. Provide Remote Network Access to Application Database(s)

In order to fully test the interactive solution, Selectron Technologies requires access to Norman's application database(s) prior to installation. The Customer will help facilitate communication between Selectron and the database vendor.

6.2.5. Provide System Access

Selectron Technologies requires access to the Customer's network and database/system. Changing or deleting access accounts could lead to disruption in service for the interactive solution and/or Selectron Technologies' ability to provide timely support.

Please notify Selectron Technologies immediately if the accounts for the Application Database or network are modified. Norman is responsible for providing Selectron with appropriate application database network access as defined in the System Integration section.

6.2.6. Confirm Service Functionality

Norman, OK has 30 calendar days after service initiation to verify the functionality of the interactive solutions. Within the 30-day system acceptance period the Customer should test system functionality using the provided Quality Assurance

Test Plan. Additionally, the System Acceptance Sign-off form must be sent to Selectron Technologies' Project Manager within this period.

6.2.7. Contact Customer Support

Anytime the Customer requests a significant change to their Selectron interactive solution, an authorized contact from the agency must provide acknowledgement to Selectron's Customer Support Department. A significant change is a modification that will A) change system behavior, B) allow users to change the system, or C) allow access to protected data.

4. Fees and Payment

4.1 Service Fees. Licensee shall pay to Selectron service fees ("**Service Fees**") in the amounts and according to the terms and conditions set forth in Exhibit A. In addition to the payment of Service Fees, unless different terms are provided for in Exhibit A, Licensee agrees to reimburse Selectron for all actual, documented and reasonable travel and out-of-pocket expenses incurred by Selectron in connection with the performance of any Services.

4.2 Payment Terms. Unless different payment terms are set forth in Exhibit A, all fees and expenses payable hereunder shall be due thirty (30) days from the date of invoice. If any amounts are past due and outstanding, Selectron reserves the right to suspend the licenses granted hereunder, suspend access to the Licensed Software, and discontinue the Services until all outstanding amounts are paid. Selectron may recover any court ordered costs of collection, including reasonable attorney's fees and related expenses.

4.3 Disputed Amounts. Any disputed charges must be presented by Licensee to Selectron in writing within fifteen (15) days of the date of invoice, and the parties agree to cooperate in good faith to promptly resolve any disputed invoice within fifteen (15) days of Selectron's receipt of Licensee's written notice of

dispute. In the event Licensee disputes any amounts invoiced by Selectron in good faith, the undisputed amount shall be paid when due, and only disputed amounts shall be withheld pending resolution of the dispute. If payment of a disputed amount has already been made and later resolution of the dispute is in Licensee's favor, a credit will be issued by Selectron to Licensee on the next invoice.

4.4 Fee Increases. During the Initial Term, the Service Fees set forth in Exhibit A shall apply. After the Initial Term (as defined in Section 11.1 below), Selectron may increase or change its fees by providing Licensee with notice of such increase or change at least ninety (90) days prior to the renewal date of the subsequent year's agreement. Licensee's sole alternative to such fee increase or change shall be to terminate this Agreement by providing notice of termination to Selectron within twenty (20) days after receipt of the notice of price increase or change, which termination will become effective thirty (30) days after such written notice of termination.

4.5 Taxes. All prices set forth in this Agreement are in U.S. Dollars and are exclusive of any applicable taxes. Licensee shall pay, indemnify, and hold Selectron harmless from all import and export duties, customs fees, levies, or imposts, and all sales, use, value added, or other taxes or governmental charges of any nature, including penalties and interest, and all government permit or license fees assessed upon or with respect to any products sold, leased, or licensed to Licensee and any services rendered to Licensee; provided, however, that Licensee shall not be responsible for paying any taxes imposed on, or with respect to, Selectron's income, revenues, gross receipts, personnel, or real or personal property or other assets.

5. Proprietary Rights

As between Selectron and Licensee, Selectron and/or its licensors own and shall retain all right, title and interest, including, without limitation, all Intellectual Property Rights in and to the Licensed Software and any Work Product resulting from performance of the Services and any portions thereof, including without limitation any copy or

Derivative Work of the Licensed Software (or any portion thereof) and any Updates and upgrades thereto. Licensee agrees to take any action reasonably requested by Selectron to evidence, maintain, enforce, or defend the foregoing. Licensee shall not take any action to jeopardize, encumber, limit, or interfere in any manner with Selectron's or its licensors' ownership of and rights with respect to the Licensed Software or Service, or any Derivative Work or Update or upgrade thereto. The Licensed Software and any Work Product are licensed, not sold, and Licensee shall have only those rights in and to the Licensed Software and Work Product and any Derivative Work or Update or upgrade thereto as are expressly granted to it under this Agreement, including the EULA.

6. Proprietary Information

During the Term of this Agreement and after the termination of this Agreement, the parties will take all steps reasonably necessary to hold the other party's Proprietary Information in confidence, will not use the disclosing party's Proprietary Information in any manner or for any purpose not expressly set forth in this Agreement, and will not disclose any such Proprietary Information to any third party without the disclosing party's express prior written consent; provided, however, that each party (the "**receiving party**") may disclose Proprietary Information of the other party (the "**disclosing party**") (a) to such receiving party's employees, directors, officers, contractors, and agents (collectively, "**Representatives**") who have a need to know such information and who have been advised of and have agreed to comply with the confidentiality restrictions contained in this Section 6 and (b) to such third parties as are authorized or directed by the disclosing party in writing. Each party shall be responsible and liable for the actions and omissions of its Representatives. "**Proprietary Information**" belonging to a disclosing party includes, but is not limited to, such disclosing party's (a) trade

secrets, inventions, ideas, processes, formulas, source and object codes, data, other works of authorship, know-how, improvements, discoveries, developments, designs, and techniques; (b) information regarding its plans for research, development, new products, marketing and selling, budgets and unpublished financial statements, licenses, prices and costs, suppliers and customers; (c) information regarding the skills and compensation of employees, and (d) other information about or belonging to such disclosing party that the receiving party should reasonably know, due to the nature of the information or the circumstances surrounding its disclosure, is regarded by the disclosing party as confidential. Proprietary Information includes reports, analyses, notes, and other information or materials that contain or are derived using the disclosing party's Proprietary Information, even if developed in whole or in part by the receiving party.

For clarity, information about the Licensed Software, including information about its features, functionality, and pricing, are and shall remain the Proprietary Information of Selectron. For further clarity, Licensee Data is and shall remain the Proprietary Information of Licensee.

Notwithstanding the foregoing, information will not be considered to be Proprietary Information if (a) it is readily available to the public other than by a breach of this Agreement; (b) it has been rightfully received by the receiving party from a third party without confidentiality limitations; (c) it has been independently developed by the receiving party without reference to or use of the disclosing party's Proprietary Information; or (d) it was rightfully known to the receiving party prior to its first receipt from the disclosing party. The receiving party shall be entitled to disclose the disclosing party's Proprietary Information if required by law or a judicial order; provided that the receiving party first provides prompt notice of the required disclosure to the disclosing party,

and complies with any protective or similar order obtained by the disclosing party limiting the required disclosure.

7. Representations and Warranties; Warranty Disclaimer.

7.1 Mutual Representations. Each party represents and warrants to the other party that the execution, delivery and performance of this Agreement is (a) within its corporate, municipal, or governmental powers, as the case may be (b) has been duly authorized by all necessary corporate, municipal, or governmental action on such party's part, and (c) does not and shall not contravene or constitute a default under, and is not and shall not be inconsistent with, any law, regulation, judgment, decree or order, or any contract, agreement, or other undertaking, applicable to such party.

7.2 Limited Software Warranty and Exclusive Remedy. Subject to the limitations set forth in this Agreement, Selectron represents and warrants to Licensee that the Licensed Software, when used in accordance with the Documentation, shall throughout the Term substantially conform to the functional specifications in such Documentation. If Licensee finds what it reasonably believes to be a failure of the Licensed Software to substantially conform to the functional specifications in the Documentation, and provides Selectron with a written report that describes such failure in sufficient detail to enable Selectron to reproduce such failure, Selectron shall use commercially reasonable efforts to correct or provide a workaround for such failure at no additional charge to Licensee in accordance with Exhibit B hereto. Outside the United States, this limited warranty is only available with proof of purchase from an authorized source. EXCEPT FOR THE EXPRESS WARRANTY ABOVE, SELECTRON PROVIDES THE LICENSED SOFTWARE TO LICENSEE "AS IS" AND "AS AVAILABLE." SELECTRON MAKES NO WARRANTY THAT ALL ERRORS, FAILURES, OR DEFECTS SHALL BE CORRECTED, OR THAT ACCESS TO OR USE OF THE LICENSED SOFTWARE SHALL BE UNINTERRUPTED, ERROR-FREE, OR SECURE. NO ORAL OR WRITTEN INFORMATION OR ADVICE PROVIDED BY SELECTRON, ITS AGENTS, OR ITS EMPLOYEES, SHALL CREATE ANY WARRANTY OR IN ANY WAY INCREASE THE SCOPE OF

THE WARRANTIES EXPRESSLY PROVIDED IN THIS AGREEMENT. This Section states the entire liability of Selectron and the sole and exclusive remedy of Licensee with respect to any breach of the foregoing express warranty.

7.3 Limited Services Warranty and Exclusive Remedy. Subject to the limitations set forth in this Agreement, Selectron warrants that the Services shall be performed in a professional and workmanlike manner. Selectron's sole obligation, and Licensee's exclusive remedy for breach of the foregoing warranty, is that Selectron shall use its commercially reasonable efforts to re-perform the Services or otherwise cure such breach. If, in Selectron's sole judgement, curing the breach is not commercially feasible, Selectron shall credit Licensee for a portion of the fees allocable to the affected period of time that is proportionate to the period the Services or Licensee's ability to access or use the Licensed Software was impaired.

7.4 Disclaimer of Other Warranties. THE EXPRESS WARRANTIES SET FORTH IN THIS SECTION 7 AND SECTION 8.5 CONSTITUTE THE ONLY WARRANTIES MADE BY SELECTRON WITH RESPECT TO THE LICENSED SOFTWARE AND THE SERVICES AND ANY OTHER SUBJECT MATTER OF THIS AGREEMENT. SELECTRON MAKES NO OTHER, AND HEREBY DISCLAIMS ALL OTHER, REPRESENTATIONS, WARRANTIES, OR CONDITIONS OF ANY KIND, WHETHER EXPRESS, IMPLIED (EITHER IN FACT OR BY OPERATION OF LAW), OR STATUTORY, WITH RESPECT TO THE LICENSED SOFTWARE, THE SERVICES, OR ANY OTHER SUBJECT MATTER OF THIS AGREEMENT. SELECTRON EXPRESSLY DISCLAIMS ALL WARRANTIES OR CONDITIONS OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, AND NONINFRINGEMENT, AND ALL WARRANTIES THAT MAY ARISE FROM COURSE OF DEALING, COURSE OF PERFORMANCE, OR USAGE OF TRADE. SELECTRON DOES NOT WARRANT THAT ANY USE OF OR ACCESS TO THE LICENSED SOFTWARE SHALL BE ERROR-FREE OR SECURE, OR THAT OPERATION OF THE LICENSED SOFTWARE SHALL BE UNINTERRUPTED, AND HEREBY DISCLAIMS ANY AND ALL LIABILITY IN CONNECTION THEREWITH. LICENSEE ACKNOWLEDGES THAT IT HAS RELIED ON NO WARRANTIES OTHER THAN

THE EXPRESS WARRANTIES IN SECTION 7 AND SECTION 8.5 OF THIS AGREEMENT.

7.5 Defects Not Covered by Warranties.

Selectron shall have no obligations under Section 7.2 to the extent any nonconformance or failure of, or error in, the Licensed Software is caused by (a) use of any attachment, feature, hardware, software, or device in connection with the Licensed Software, or combination of the Licensed Software with any other materials or service, unless the combination is performed by Selectron; transportation, neglect, misuse, or misapplication of the Licensed Software, or any use of the Licensed Software that is not in accordance with this Agreement, the EULA, and/or the Documentation; (c) alteration, modification, or enhancement of the Licensed Software, except as may be performed by Selectron; (d) failure to provide a suitable use environment for all or any part of the Licensed Software; or (e) failure to maintain systems and environments that are compatible with Updates.

8. Security

8.1 Internet Security. Selectron's Licensed Software is made available through the Internet and may be used to access and transfer information over the Internet. Licensee is solely responsible for the security and integrity of information it transfers from the Licensed Software, if any. Selectron makes no representations or warranties to Licensee regarding (a) the security or privacy of Licensee's network environment, or (b) any third-party technologies' or services' ability to meet Licensee's security and privacy needs. These third-party technologies and services may include, but are not limited to, operating systems, database management systems, web servers, and payment processing services. Licensee is solely responsible for ensuring a secure environment for information it transfers from the Licensed Software, if any. Further, Licensee acknowledges and agrees that Selectron does not operate or control the Internet and that Selectron shall have no responsibility or liability in connection with a breach of security or privacy regarding the Licensed Software or information contained therein that is caused by (a) viruses, worms, Trojan horses, or other undesirable data or software; (b) unauthorized

users, e.g., hackers; or any other third party or activity beyond Selectron's reasonable control; in each of the foregoing cases, except to the extent caused by Selectron's breach of Section 8.4 or 8.5.

8.2 Remote Access Security. In order to enable code development and support and maintenance of the software, Selectron may require remote access capability. Remote access is normally provided by installing PC-Anywhere, ControlIT, or other industry standard remote access software. It may also be provided through a Licensee solution such as VPN access. Regardless of what method is used to provide remote access, or which party provides remote access software, it is Licensee's responsibility to ensure that the remote access method meets Licensee's security requirements. Selectron makes no representations or warranties to Licensee regarding the remote access software's ability to meet Licensee's security or privacy needs. Selectron also makes no recommendation for any specific package or approach with regard to security. Licensee is solely responsible for ensuring a secure network environment.

8.3 Outbound Services Disclaimer. Outbound services are intended to create additional methods of communication for Licensee's employees who use the Licensed Software in support of existing processes. These services are not intended to replace all interaction with Licensee's end users or employees. While the outbound services have been created with the best available tools and practices, they are dependent on infrastructure that is inherently not fail-proof, including but not limited to infrastructure such as software, computer hardware, network services, telephone services, and e-mail. Examples of situations that could cause failure include but are not limited to: down phone lines, all lines busy, equipment failure, email address changes, and Internet service disruptions. For this reason, while outbound services are valuable in providing enhanced communication, they are specifically not designed to be used as the sole method to deliver critical messages. Licensee acknowledges that it is aware of the potential hazards associated with relying on an automated outbound service feature, when using the Licensed Software, and Licensee

acknowledges and agrees that it is giving up in advance any right to sue or make any claim against Selectron, and that Licensee forever releases Selectron from any and all liability caused by (a) any failed call attempts (including excess of calls over and above network or system capacity), incomplete calls, or any busy- outs; (b) any failure to transmit, obtain or collect data from callers or for human and machine errors, faulty or erroneous input, inarticulate caller communication, caller delays or call lengths exceeding estimated call lengths or omissions, delays and losses in connection with the Services provided hereunder; or (c) if Licensee, Licensee's employees, or Licensee's end user suffer injury or damage due to the failure of outbound services to operate, even though Licensee does not know what or how extensive those injuries or damages might be, unless such losses were directly attributable to Selectron's gross negligence or willful misconduct.

8.4 Privacy and Security Standards. Selectron agrees that it will gather, collect, receive, generate, store, use, maintain, transmit, process, import, export, transfer and disclose the Licensee Data substantially in compliance with applicable data protection, security, breach notification and privacy laws, rules, regulations and industry standards to which Selectron is subject. Selectron shall, at all times, use reasonable measures to protect the confidentiality of the Licensee Data in its possession or care, including technical, administrative, and physical safeguards that are appropriate given the nature of the Licensee Data.

8.5 PCI Compliance. Selectron warrants that, during the Term of this Agreement, (a) all system components, people, processes, and the cardholder data environment that are used in Selectron's collection, transmittal, or other processing of PCI Data on behalf of Licensee are and shall remain compliant with the applicable provisions of PCI DSS; and (b) Selectron PayEngine™, Selectron's proprietary payment application, is and shall remain compliant with PA-DSS. On an annual basis or upon Licensee's request, Selectron shall provide Licensee with an Attestation of Compliance or Attestation of Validation confirming such compliance.

8.6 Incident Response. In the event Selectron becomes aware of a confirmed or suspected Security

Incident involving the unauthorized disclosure or theft of PCI Data, Selectron shall (a) notify Licensee, (b) cooperate in any investigation, (c) promptly take reasonable measures to prevent further unauthorized access or use of the Licensee Data, (d) cooperate with Licensee's notification to affected individuals if such notification is required by applicable law or regulation, and (e) perform all such other acts, or cooperate with Licensee's performance of all such other acts, that are required with respect to such Security Incident by applicable law or regulation.

8.7 Limited Scope of PCI Data Processing. The parties acknowledge that Selectron's sole processing of PCI Data on behalf of Licensee shall consist of (a) collecting PCI Data needed to facilitate payments to Licensee, (b) transmitting such PCI Data to a third party payment gateway designated by Licensee, and (c) receiving confirmation via the payment gateway that the payment transaction has been completed. After transmittal of PCI Data to the payment gateway, Selectron will not retain, store, or continue to use or process such PCI Data.

8.8 Data Transfers Between Licensee and Selectron. The parties acknowledge that, to facilitate providing the Services and the Licensed Software, Selectron and Licensee shall regularly transfer Licensee Data to each other. Licensee, not Selectron, is responsible for providing and maintaining a secure file transfer protocol for such transfer of Licensee Data, and shall be responsible for maintaining the security of the system components, environment, and procedures of such file transfer protocol.

8.9 Licensee's Privacy Practices. Licensee acknowledges that the Licensee Data includes information about individuals with whom Licensee, rather than Selectron, has direct relationships. Therefore, it is Licensee's obligation, and not Selectron's obligation, to provide any privacy notices or disclosures to, and obtain any consent from, such individuals as may be required by applicable law with respect to processing of the Licensee Data by Selectron on Licensee's behalf. Licensee represents, warrants, and covenants to Selectron that (a) Licensee has the authority to transmit the Licensee Data to Selectron; and (b) Selectron's

collection, storage, transmittal, and other processing of the Licensee Data on behalf of Licensee, as described in the Documentation and this Agreement, does not and will not violate any applicable laws, regulations, ordinances, contracts, policies, orders, or decrees to which Licensee is subject.

9. Indemnification

9.1 Infringement Indemnity Obligations of Selectron. Selectron shall defend any action brought against Licensee to the extent it is based on a third party claim that use by Licensee of the Licensed Software as furnished hereunder, which use is in accordance with the terms and conditions of this Agreement, directly infringes or misappropriates any valid United States patent, copyright, or trade secret. Selectron shall pay any liabilities, costs, damages, and expenses (including reasonable attorney's fees) finally awarded against Licensee in such action that are attributable to such claim. Licensee agrees to promptly notify Selectron of any known or suspected infringement or misappropriation of Selectron's proprietary rights of which Licensee becomes aware. Should the Licensed Software become, or be likely to become in Selectron's opinion, the subject of any claim of infringement, Selectron may, at its option (a) procure for Licensee the right to continue using the potentially infringing materials; (b) replace or modify the potentially infringing materials to make them non-infringing; or (c) terminate this Agreement and provide Licensee with a refund equal to the set-up fees paid by Licensee, less an amount equal to the depreciated portion of such fees calculated on a five (5) year straight-line basis. This Section 9.1 states the entire liability of Selectron and the exclusive remedy of Licensee with respect to infringement of any third-party intellectual property or other rights, whether under theory of warranty, indemnity, or otherwise.

9.2 Infringement Indemnity Obligations of Licensee. Selectron shall have no liability for any claim based upon (a) the use, operation, or combination of the Licensed Software with non-Selectron programs, data, equipment, or documentation if liability would have been avoided but for such use, operation, or combination; use of other than the then-current, unaltered version of the Licensed Software that

incorporates all Updates; Licensee's or its agents' or Employees' activities after Selectron has notified Licensee that Selectron believes such activities may result in infringement; (d) any modifications to or markings of the Licensed Software that are not specifically authorized in writing by Selectron; (e) any third party software; (f) any Licensee Data; or (g) Licensee's breach or alleged breach of this Agreement. Licensee shall indemnify, defend, and hold Selectron harmless for, from and against all liabilities, costs, damages, and expenses (including reasonable attorney's fees) awarded against or incurred by Selectron in such action(s) that are attributable to such claim.

9.3 Security Related Indemnity Obligations of Selectron. If an investigation performed by a qualified third party forensic investigator confirms that a Security Incident was caused solely by an act or omission of Selectron, including any security vulnerability in system components, procedures, or environments owned or controlled by Selectron, then Selectron shall defend, indemnify, and hold harmless Licensee for, from and against all liabilities, costs, damages, fines, penalties, and expenses (including reasonable attorney's fees) incurred by Licensee as a result of such Security Incident, including the reasonable costs of investigation and reasonable costs of notification to affected individuals and providing credit monitoring or other fraud prevention services, but only to the extent such notification, credit monitoring, or other fraud prevention services are required by applicable laws, regulations, a court order or consent decree, or the terms of a settlement and release of claims arising from such Security Incident that Selectron has consented to (collectively, "**Losses**").

9.4 Security Related Indemnity Obligations of Licensee. Selectron shall have no liability or obligation to defend or indemnify Licensee with respect to any Losses caused by Licensee's breach of Sections 8.8 or 8.9 or any Security Incident to the extent caused in whole or in part by an act or omission of Licensee or any third party (other than Selectron's subcontractors) or any of their affiliates, employees, directors, officers, agents, or contractors (other than Selectron), including without limitation any of the following acts or omissions: (a) their

loss of control of any device, (b) their failure to maintain the confidentiality of log-in credentials, (c) their transmission of data via methods that are not secure, (d) their failure to maintain systems and environments that are compatible with any Update, (e) their violation of the applicable terms of this Agreement or any applicable laws, regulations, or industry standards, or (f) any vulnerability in their environment, systems, hardware, software, or physical or administrative security safeguards or procedures, including without limitation any vulnerability in the file transfer protocol maintained by Licensee pursuant to Section 8.8. Licensee shall indemnify, defend, and hold harmless Selectron for, from and against all Losses arising from any such Security Incident or Licensee's breach of Sections 8.7 or 8.8, including without limitation any expenses incurred by Selectron in complying with its obligations under Section 8.6.

9.5 Conditions for Indemnification. The parties' indemnification obligations hereunder shall apply only if (a) the party to be indemnified (the "**indemnitee**") notifies the party obligated to indemnify them (the "**indemnitor**") in writing of a claim promptly upon learning of or receiving the same; and (b) the indemnitee provides the indemnitor with reasonable assistance requested by the indemnitor, at the indemnitor's expense, for the defense and settlement, if applicable, of any claim. The indemnitee's failure to perform any obligations or satisfy any conditions under this Section 9.5 shall not relieve the indemnitor of its obligations hereunder except to the extent that the indemnitor can demonstrate that it has been materially prejudiced as a result of such failure.

9.6 Control of Defense. After receipt of notice of a claim, the indemnitor shall be entitled, if it so elects, at its own cost, risk and expense (a) to take control of the defense and investigation of such lawsuit or action; and (ii) to employ and engage attorneys of its own choice to handle and defend the same; *provided, however*, that the indemnitee's consent shall be required for any settlement that does not include a full release of all claims. If the indemnitor fails to assume the defense of such claim within ten (10) business days after receipt of notice of the claim, the indemnitee will (upon delivering

notice to such effect to the indemnitor) have the right to undertake, at the indemnitor's cost and expense, the defense, compromise or settlement of such claim on behalf of and for the account and risk of the indemnitor; provided, however, that such claim shall not be compromised or settled without the written consent of the indemnitor. The party that assumes control of the defense of the claim will keep the other party reasonably informed of the progress of any such defense, compromise or settlement. Notwithstanding the foregoing, the indemnitee shall be entitled to conduct its own defense at the cost and expense of the indemnitor if the indemnitee establishes that the conduct of its defense by the indemnitor would reasonably be likely to prejudice materially the indemnitee due to a conflict of interest between the indemnitee and the indemnitor; and provided further that in any event, the indemnitee may participate in such defense at its own expense.

10. Limitation of Liability

10.1 Limited Remedy. EXCEPT AS EXPRESSLY PROVIDED HEREIN, TO THE MAXIMUM EXTENT ALLOWED BY APPLICABLE LAW, IN NO EVENT SHALL SELECTRON OR ITS SUPPLIERS OR LICENSORS BE LIABLE FOR, OR BE OBLIGATED TO INDEMNIFY LICENSEE FOR, ANY LOSS OF PROFITS, LOSS OF BUSINESS, LOSS OF USE OR DATA, OR INTERRUPTION OF BUSINESS, OR FOR INDIRECT, SPECIAL, INCIDENTAL, CONSEQUENTIAL, EXEMPLARY, OR PUNITIVE DAMAGES OF ANY KIND OR OTHER ECONOMIC LOSS ARISING FROM OR RELATING TO THIS AGREEMENT OR THE SUBJECT MATTER HEREOF, EVEN IF SELECTRON HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, UNLESS CAUSED BY FRAUD, OR WILLFUL INJURY TO PERSON OR PROPERTY, OR VIOLATION OF LAW, WHETHER WILLFUL OR NEGLIGENT, BY SELECTRON.

10.2 Maximum Liability. To the maximum extent permitted by law, the Parties agree and acknowledge that the information regarding Oklahoma residents to which Licensor will have access under this Agreement is limited to publically available information, and that the risk of personally identifiable information being exposed in connection with this Agreement may be limited. Accordingly, it is the Parties' mutual determination that the chance of damages suffered by Licensee is limited,

such that the limitations on liability in this Agreement are reasonable. To the maximum extent permitted by law, notwithstanding anything in this Agreement to the contrary or the failure of essential purpose of any limited remedy or limitation of liability, Selectron's entire liability arising from or relating to this Agreement or the subject matter hereof, under any legal theory (whether in contract, tort or otherwise), shall not exceed the following amounts: (a) for any claim arising from related to this Agreement that is brought in the first year of this Agreement, three times the amounts actually received by Selectron from Licensee hereunder in the twelve (12) months immediately preceding the action that gave rise to the claim; and (b) for any claim related to this Agreement that is brought in any subsequent year of this Agreement, five times the amounts actually received by Selectron from Licensee hereunder in the twelve (12) months immediately preceding the action that gave rise to the claim. Licensee acknowledges that the Service Fees reflect the allocation of risk set forth in this Agreement and that Selectron would not enter into this Agreement without the limitations on liability set forth in this Agreement.

11. Term and Termination

11.1 Term. The term of this Agreement shall commence on the Effective Date and continue for an initial period of five one year renewable terms based on available funding therefrom (the "**Initial Term**"), unless either party notifies the other of its intention not to renew at least ninety (90) days before the end of the then-current term (collectively, the "**Term**").

11.2 Termination for Default. If either party materially defaults in any of its obligations under this Agreement, the non-defaulting party, at its option, shall have the right to terminate this Agreement by written notice to the other party unless, within sixty (60) calendar days after written notice of such default, the defaulting party remedies the default, or, in the case of a default which cannot with due diligence be cured within a period of sixty (60) calendar days, the defaulting party institutes within the sixty (60) day-period substantial steps necessary to remedy the default and thereafter diligently prosecutes the same to completion. Notwithstanding anything herein to the contrary, in the

event Licensee breaches the EULA or Sections 2.2, 5 and/or 6 of this Agreement, Selectron may immediately terminate this Agreement. Licensee shall notify Selectron within twenty-four (24) hours of Licensee's becoming aware of any breach (other than by Selectron) of the terms and conditions of this Agreement, including, without limitation, any breach of Sections 2.2, 5 or 6.

11.3 Termination for Bankruptcy. Either party may terminate this Agreement if the other party (a) becomes insolvent; (b) fails to pay its debts or perform its obligations in the ordinary course of business as they mature; (c) is declared insolvent or admits its insolvency or inability to pay its debts or perform its obligations as they mature; or (d) becomes the subject of any voluntary or involuntary proceeding in bankruptcy, liquidation, dissolution, receivership, attachment, or composition, or makes a general assignment for the benefit of creditors, provided that, in the case of an involuntary proceeding, the proceeding is not dismissed with prejudice within sixty (60) days after the institution thereof.

11.4 Effect of Termination. Upon the expiration or termination of this Agreement, all rights and licenses granted to Licensee hereunder shall immediately and automatically terminate. Within ten (10) days after any termination or expiration of this Agreement, Licensee shall, at its sole expense, return to Selectron (or destroy, at Selectron's sole election) all Licensed Software and Proprietary Information of Selectron (and all copies, summaries, and extracts thereof) then in the possession or under the control of Licensee and its current or former employees. Licensee shall furnish to Selectron an affidavit signed by an officer of Licensee certifying that, to the best of its knowledge, such delivery or destruction has been fully effected. Termination of this Agreement by either party shall not act as a waiver of any breach of this Agreement and shall not act as a release of either party from any liability for breach of such party's obligations under this Agreement. Neither party shall be liable to the other for damages of any kind solely as a result of terminating this Agreement in accordance with its terms. Either party's termination of this Agreement shall be without prejudice to any other right or remedy that it may have at law or in equity, and shall not relieve

either party of liability for breaches occurring prior to the effective date of such termination. Any provisions that would reasonably be expected by the parties to survive termination of this Agreement shall survive such termination, including without limitation the provisions of the EULA and Sections 1 ("Definitions"), 2.2 ("Software Restrictions"), 2.3 ("Data Restrictions"), 2.4 ("Rights in Aggregate Data"), 4 ("Fees and Payment") (with respect to amounts accrued but as-yet unpaid), 5 ("Proprietary Rights"), 6 ("Proprietary Information"), 7 ("Representations and Warranties; Warranty Disclaimer"), 8 ("Security"), 9 ("Indemnification"), 10 ("Limitation of Liability"), 11 ("Term and Termination") and 12 ("General Provisions").

12. General Provisions

12.1 Notices. Any notice, request, demand or other communication required or permitted hereunder shall be in writing, shall reference this Agreement, and shall be deemed to be properly given (on the earliest of) when delivered personally; (b) when sent by facsimile, with written confirmation of receipt; or (c) upon receipt three (3) days after having been sent by registered or certified mail, return receipt requested, postage prepaid. All notices shall be sent to the address set forth on the signature page below (or to such other address as may be designated by a party by giving written notice to the other party pursuant to this Section 12.1).

12.2 Governing Law; Jurisdiction. This Agreement shall be governed by and construed in accordance with the laws of the State of Oklahoma, U.S.A., without reference to its conflicts of law provisions. The United Nations Convention on Contracts for the International Sale of Goods does not apply to and shall not be used to interpret this Agreement. Any dispute regarding this Agreement must be brought in the state or federal courts located in Cleveland County, Oklahoma, U.S.A.

12.3 Construction. This Agreement has been negotiated by the parties and their respective counsel. This Agreement shall be interpreted fairly in accordance with its terms and without any construction in favor of or against either party.

12.4 Attorneys' Fees. If any legal action is brought relating to this Agreement or the breach hereof, the prevailing party in any final judgment maybe entitled to court ordered reasonable expenses, including reasonable court costs and attorney fees paid or incurred.

12.5 Injunctive Relief. In the event that Licensee breaches any provision of the EULA or Sections 2, 5, or 6 or any other material provision of this Agreement, Selectron shall seek injunctive and other appropriate equitable relief in addition to whatever remedies Selectron may have at law, in equity, under this Agreement, or otherwise.

12.6 Waiver. The waiver by either party of a breach of or a default under any provision of this Agreement, shall be in writing and shall not be construed as a waiver of any subsequent breach of or default under the same or any other provision of this Agreement, nor shall any delay or omission on the part of either party to exercise or avail itself of any right or remedy that it has or may have hereunder, operate as a waiver of any right or remedy.

12.7 Severability. If the application of any provision of this Agreement to any particular facts or circumstances shall be held to be invalid or unenforceable, then (a) the validity and enforceability of such provision as applied to any other particular facts or circumstances and the validity of other provisions of this Agreement shall not in any way be affected or impaired thereby, and (b) such provision shall be enforced to the maximum extent possible so as to effect the intent of the parties, and reformed without further action by the parties, to the extent necessary to make such provision valid and enforceable. Without limiting the generality of the foregoing, Licensee agrees that Section 7.4 will remain in effect notwithstanding the unenforceability of any other provision hereof, to the extent that said Section or other Sections are valid and enforceable under Oklahoma laws.

12.8 Independent Contractor Relationship. Selectron's relationship with Licensee will be that of independent contractor, and nothing contained in this Agreement shall be deemed or construed as creating a

joint venture, partnership, or employer-employee relationship. Licensee is not an agent of Selectron and is not authorized to make any representation, contract, or commitment on behalf of Selectron, or to bind Selectron in any way.
