RE: Consent to Encroach

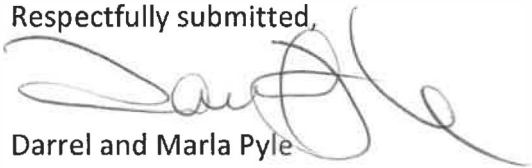

Dear Norman City Clerk;

I am request consent to encroach into a 15-foot utility easement that runs the length of our back yard. OEC utilizes the easement for both electric and fiber infrastructure. Their services have been marked during construction, with lines buried within 6 feet of the property line. There is an OEC transformer box in the Southeast corner of the lot, measuring approximately 3 feet by 3 feet by 3 feet, and sits approximately 1 foot from the property line.

Our request is to locate a pergola, 15 feet by 20 feet in size, approximately 7 feet from the property line, encroaching into the utility easement by approximately 8 feet.

Site plan has been provided for consideration.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Darrel and Marla Pyle", written over the printed name.
