

CITY OF NORMAN, OK STAFF REPORT

MEETING DATE: July 25, 2023

REQUESTER: Katherine Coffin

PRESENTER: David Riesland, Transportation Engineer

ITEM TITLE: CONSIDERATION OF ADOPTION, REJECTION, AMENDMENT, AND/OR POSTPONEMENT OF RESOLUTION R-2324-19: A RESOLUTION OF THE COUNCIL OF THE CITY OF NORMAN, OKLAHOMA, PROGRAMMING FEDERAL SURFACE TRANSPORTATION PROGRAM URBANIZED AREA (STP-UZA-SAFETY) FUNDS FOR THE INSTALLATION OF TRAFFIC SIGNAL INTERCONNECTION UPGRADE ON TECUMSEH ROAD, FROM 12TH AVE. NW TO 12TH AVE NE IN NORMAN.

BACKGROUND:

The 2022 –Infrastructure Investment and Jobs Act (IIJA Act) federal transportation funding bill allocates approximately \$40 Million in Federal funds per year for the implementation of eligible transportation improvements in the Oklahoma City metropolitan area. Ten percent of this appropriation is used to fund safety projects at 100% of their construction cost.

Every year, the Association of Central Oklahoma Governments (ACOG) coordinates a regional evaluation process that identifies transportation improvements eligible for federal funding. Individual projects are rated and compared to one another using a pre-established criterion. The process ends with the formulation of the region's transportation improvement program and the decision to use federal funds to pay for a significant portion of the cost of the higher priority projects.

DISCUSSION:

On or before October 31, 2023, staff will submit the twenty highest ranked projects for consideration in the formulation of ACOG's 2026-2027 Transportation Improvement Program update. To be eligible, each submitted project must have a programming resolution submitted for the project. The Resolution that is submitted must match the most recent cost estimate and, if approved, will be resubmitted to ACOG at this time.

RECOMMENDATION:

Staff recommends approval of Resolution R-2324-19 (Tecumseh Road Traffic Signal Interconnect Upgrade, between 12th Avenue NW and 12th Avenue NE) requesting \$721,687.04 in Federal STBG/UZA-SAFETY funds for 100% of the construction cost.
