**RE: Center City Norman Infrastructure Analysis Update: Proposal REVISED**

Dear Scott:

Thank you for this opportunity to submit a proposal to you regarding the abovementioned project. Following is a list of the services we understand to be necessary, along with the associated cost.

As part of this update, J&A will conduct field inspections to determine adequate street widths and quality which will inform the final report. Additionally, J&A will review all construction projects and infrastructure upgrades that have been completed since the initial report was accepted. The goal of this process is to provide the City of Norman with an updated report for future funding decisions and allocations that is organized by project need. The final report will include:

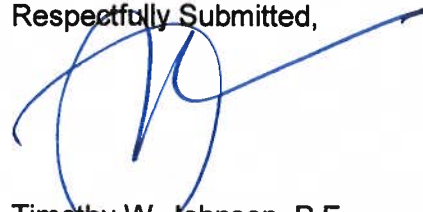

- Priority Improvements Matrix
- Updated Cost Estimates
- Updated Sector Maps

**Total** **\$50,000.00**

Please note that the technical and pricing information contained in any correspondence or proposal submitted by Johnson & Associates is considered confidential and proprietary. It should not be released or otherwise be made available to any third party without the express, written consent of Johnson & Associates.

Again, we do appreciate this opportunity and look forward to continuing a good working relationship with you. Should you have any questions, comments or wish to discuss any of the above, please do not hesitate to contact me. I look forward to hearing from you soon.

Respectfully Submitted,

Timothy W. Johnson, P.E.
