		Universal Print offers a modern print experience for organizations. It enables print administrators to register printers with Azure Active Directory and manage them through the Universal Print online portal and eliminates the need for on-premises print servers. Azure AD users on Windows 10/11 can easily connect and print to those printers. Universal Print in GCC/GCC High will offer full feature parity with what exists in the commercial cloud today to government customers. Learn more at https://print.microsoft.com For organizations with Microsoft 365 G3/G5 subscriptions, Universal Print includes 100 print jobs per user per month. The \$0 Windows OLS Activation is required as enabling this benefit is not automatic. Print licenses are enabled with the Windows Enterprise subscription. Universal Print in GCC/GCC High is also available as a standalone offering. For more information, please visit https://aka.ms/up_trynow
