RE: Floodplain Permit Application No. 716
Protest Letter for Board of Adjustment

Dear Board of Adjustment Members:

I am in protest of granting a permit to Home Creations that would allow them to proceed with proposed burn pits in the Bishop Creek Floodplain. The illegal actions of Home Creations does not justify their request for variance because they created the conditions. Home Creations is 100% responsible for placing the massive amount of tree debris, that resulted from clearing all the trees off of the entire development site, in the floodplain.

If Home Creations is allowed to burn the tree debris in the floodplain this will establish a long-term precedent. It is my hope that a variance will not be granted to Home Creations and that they will be required to remove all the tree debris out of the Bishop Creek Floodplain, properly dispose of all the debris, and return the area to its natural state.

Sincerely,

Kevin J. Potts
