Subject: EXTERNAL EMAIL : UNP Arena and Entertainment District

Please forward to the Planning Commission members, as their email addresses are not available via the city website.

This citizen and taxpayer fully supports the proposed OU Basketball Arena and Entertainment District proposed in the UNP District.

As we move into the SEC the City of Norman needs to grow to meet the demands of the future market. This requires foresight from our city leaders who want to move our city forward rather than freeze it in the state of decay we are currently experiencing.

I urge you to approve the UNP Entertainment District and OU Basketball Arena.

Regards,

James C. Wilkins
