Failure to comply with these terms and conditions may result in disallowance of costs and recovery of funds and/or suspension or termination of funds and/or award.

As a condition of receipt of this grant, the Sub-recipient understands and agrees:

1. **Acceptance of Post Award Changes (Article XLVII):** In the event FEMA determines that changes are necessary to the award document after an award has been made, including changes to period of performance or terms and conditions, recipients will be notified of the changes in writing. Once notification has been made, any subsequent request for funds will indicate recipient acceptance of the changes to the award. Please call the FEMA/GMD Call Center at (866) 927-5646 or via e-mail to: ASK-GMD@fema.dhs.gov if you have any questions.
2. **Acknowledgement of Federal Funding from DHS (Article VI):** Recipients must acknowledge their use of federal funding when issuing statements, press releases, requests for proposal, bid invitations, and other documents describing projects or programs funded in whole or in part with federal funds.
3. **Activities Conducted Abroad (Article VII):** Recipients must ensure that project activities performed outside the United States are coordinated as necessary with appropriate government authorities and that appropriate licenses, permits, or approvals are obtained.
4. **Age Discrimination Act of 1975 (Article VIII):** Recipients must comply with the requirements of the Age Discrimination Act of 1975, Public Law 94-135 (1975) (codified as amended at Title 42, U.S. Code, section 6101 et seq.), which prohibits discrimination on the basis of age in any program or activity receiving federal financial assistance.
5. **Allowable Costs:** The sub-recipient agrees that all allocations and use of funds under this grant will be in accordance with the Notice of Funding Opportunity (NOFO).

OKOHS requires that Costs charged to this project are subject to advance written approval by OKOHS.

OKOHS requires that only food and beverages **approved in writing** by OKOHS in advance will be permitted to be purchased with DHS/FEMA/CISA funds. As a rule, FEMA and OKOHS discourage the use of federal funding for food and beverages. While there may be limited exceptions made to this rule that apply solely to working lunches, a strict reasonableness standard must be maintained.

OKOHS requires that use of DHS/FEMA funding to pay for speaker fees **must be approved in writing** by OKOHS in advance any time the speaker is paid in excess of \$100 per hour for services.

If the requirement does not apply to Indian tribes or there is a federal law or regulation exempting its application to Indian tribes, then the acceptance by Tribes of, or acquiescence to, DHS Standard Terms and Conditions does not change or alter its inapplicability to an Indian tribe. The execution of grant documents is not

8. **Assurances, Administrative Requirements and Cost Principles, Representation and Certifications (Article IV):**

10. **Best Practices for Collection and Use of Personally Identifiable Information (Article X):** Recipients who collect personally identifiable information (PII) are required to have a publicly available privacy policy that describes standards on the usage and maintenance of the PII they collect. All allocations and uses of funds under this grant will be in accordance with the State and Local Cybersecurity Grant Program Guidelines and Application Kit, or where applicable the Notice of Funding Opportunity, collectively referred to as the Program Guidance. All Sub-recipients are assumed to have read, understood, and accepted the Program Guidance. The following link will provide access to the respective Grant Year's Program Guidance and Application Kits: <https://www.fema.gov/grants/preparedness/state-local-cybersecurity-grant-program>

That the use of all funds under this grant must support the goals and objectives included in the State Homeland Security Strategy and/or the Urban Area Homeland Security Strategy. Allocations and use of grant funds must also support the Investments identified in an Investment Justification, which may have been submitted as part of OKOHS's application for federal funding.

That this project will be administered by the local or state governmental entity having authority and responsibility for its completion and that such entity will ensure institutional, managerial, and financial capability for proper planning, management, and completion of approved projects.

56. **Property Control/Disposition:** Effective control and accountability must be maintained for all personal property. Sub-recipients must adequately safeguard all such property and must assure that it is used solely for authorized purposes. Sub-recipients should exercise caution in the use, maintenance, protection, and preservation of such property.

Title – Title to grant-funded equipment will continue to be held by the recipient or sub-recipient who purchase the equipment. The regulation establishes, however, that this title is a conditional title, meaning that the title is conditioned on the recipient or sub-recipient complying with the use, management and disposition requirements for the equipment in the 2 C.F.R § 200.313, and all other 2 C.F.R Part 200 requirements related to the property management that are applicable to equipment.

Encumbering Equipment – Additionally, recipients and sub-recipients may encumber grant-funded equipment without prior approval from FEMA or the pass-through entity. Recipients with specific questions about encumbering equipment should refer to their program NOFO or contact their program Analyst.

57. **Protected Critical Infrastructure Information (PCII):** That Protected Critical Infrastructure Information (PCII) will be treated in a manner consistent with the Critical Infrastructure Information Act of 2002 (Public Law 107-296) (CII Act), which created a new framework, that enables State and local jurisdictions and members of the private sector to voluntarily submit sensitive information regarding critical infrastructure to DHS/FEMA. The Act also provides statutory protection for voluntarily shared CII from public disclosure and civil litigation. If validated as PCII, these documents can only be shared with authorized users who agree to safeguard the information. PCII accreditation is a formal recognition that the covered government entity has the capacity and capability to receive and store PCII. DHS requires all State Administering Agencies (SAAs) to complete the PCII accreditation process. Accreditation activities include signing a memorandum of agreement (MOA) with DHS, appointing a PCII Officer, and implementing a self-inspection program.
58. **Publications:** That all publications created with funding under this grant shall prominently contain the following statement: “This Document was prepared under a grant from the Federal Emergency Management Administration (FEMA) Grant Programs Directorate (GPD), U.S. Department of Homeland Security (DHS). 59. **Recording and Documentation of Receipts and Expenditures:** Sub-recipient’s accounting procedures must provide for accurate and timely recording of receipt of funds by source of expenditures made from such funds and unexpended balances. These records must contain information pertaining to grant awards, obligations, unobligated balances, assets, liabilities, expenditures, and program income. Controls must be established which are adequate to ensure that expenditures charged to the sub-grant activities are for allowable purposes. Additionally, effective control and accountability must be maintained for all grant cash, real and personal property and other assets. Accounting records must be supported by such source documentation as cancelled checks, paid bills, payrolls, time and attendance records, contract documents, grant award documents, etc.
60. **Rehabilitation Act of 1973 (Article XXXIV):** Recipients must comply with the requirements of Section 504 of the Rehabilitation Act of 1973, Pub. L. 93-112 (1973) (codified as amended at 29 U.S.C. section 794), which provides that no otherwise qualified handicapped individuals in the United States will, solely by reason of the handicap, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance.

To provide DHS/FEMA/CISA and OKOHS reasonable assistance with assessments conducted to (a) determine the existing level of preparedness within the Sub-recipient's jurisdiction; (b) determine the homeland security related needs of the jurisdiction, and (c) measure progress in achieving state and federal preparedness goals.

62. Reporting of Matters Related to Recipient Integrity and Performance (Article XXXV):

General Reporting Requirements:

If the total value of any currently active grants, cooperative agreements, and procurement contracts from all federal awarding agencies exceeds \$10,000,000 for any period of time during the period of performance of this federal award, then the recipients must comply with the requirements set forth in the government-wide Award Term and Condition for Recipient Integrity and Performance Matters located at 2 C.F.R. Part 200, Appendix XII, the full text of which is incorporated here by reference in the award terms and conditions.

63. Reporting Sub-awards and Executive Compensation (Article XXXVI):

Reporting of first tier subawards:

Recipients are required to comply with the requirements set forth in the government-wide award term on Reporting Subawards and Executive Compensation located at 2 C.F.R. Part 170, Appendix A, the full text of which is incorporated here by reference in the award terms and conditions.

64. Required Use of American Iron, Steel, Manufactured Products, and Construction Materials (Article XXXVII):

Recipients must comply with the Build America, Buy America provisions of the Infrastructure Investment and Jobs Act and E.O. 14005. Recipients of an award of Federal financial assistance from a program for infrastructure are hereby notified that none of the funds provided under this award may be used for a project for infrastructure unless:

- (1) all iron and steel used in the project are produced in the United States-this means all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States;
- (2) all manufactured products used in the project are produced in the United States-this means the manufactured product was manufactured in the United States; and the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55 percent of the total cost of all components of the manufactured product, unless another standard for determining the minimum amount of domestic content of the manufactured product has been established under applicable law or regulation; and
- (3) all construction materials are manufactured in the United States-this means that all manufacturing processes for the construction material occurred in the United States.

The Buy America preference only applies to articles, materials, and supplies that are consumed in, incorporated into, or affixed to an infrastructure project. As such, it does not apply to tools, equipment, and supplies, such as temporary scaffolding, brought to the construction site and removed at or before the completion of the infrastructure project. Nor does a Buy America preference apply to equipment and furnishings, such as movable chairs, desks, and portable computer equipment, that are used at or within the finished infrastructure project but are not an integral part of the structure or permanently affixed to the infrastructure project.

Waivers

When necessary, recipients may apply for, and the agency may grant, a waiver from these requirements. Information on the process for requesting a waiver from these requirements is on the website below.

- (a) When the Federal agency has made a determination that one of the following exceptions applies, the awarding official may waive the application of the domestic content procurement preference in any case in which the agency determines that:
- (1) applying the domestic content procurement preference would be inconsistent with the public interest;
 - (2) the types of iron, steel, manufactured products, or construction materials are not produced in the United States in sufficient and reasonably available quantities or of a satisfactory quality; or
 - (3) the inclusion of iron, steel, manufactured products, or construction materials produced in the United States will increase the cost of the overall project by more than 25 percent.

A request to waive the application of the domestic content procurement preference must be in writing. The agency will provide instructions on the format, contents, and supporting materials required for any waiver request. Waiver requests are subject to public comment periods of no less than 15 days and must be reviewed by the Made in America Office.

There may be instances where an award qualifies, in whole or in part, for an existing waiver described at "Buy America" Preference in FEMA Financial Assistance Programs for Infrastructure | FEMA.gov.

The awarding Component may provide specific instructions to Recipients of awards from infrastructure programs that are subject to the Build America, Buy America provisions. Recipients should refer to the Notice of Funding Opportunity for further information on the Buy America preference and waiver process.

65. **Retention of Records:** Any records relevant to the grant must be retained for at least three years following the final federal financial report date, which may be extended beyond the scheduled termination date, of the OKOHS/DHS/FEMA/CISA grant (OKOHS will provide the notice on the OKOHS web site under the grants section regarding the start date of this three-year period). In accordance with the requirements set forth in the 2 C.F.R Part 200, all financial records, supporting documents, statistical records, and all other records pertinent to the award shall be retained by each organization for at least three years from the date of submission of the final expenditure report. In cases where litigation, a claim, or an audit is initiated prior to expiration of the three-year period, records must be retained until completion of the action and resolution of issues or the end of the three-year period, whichever is later. Retention is required for purposes of Federal examination and audit. Records may be retained in an electronic format.
66. **SAFECOM (Article XXXVIII):** Recipients receiving federal financial assistance awards made under programs that provide emergency communication equipment and its related activities must comply with the SAFECOM Guidance for Emergency Communication Grants, including provisions on technical standards that ensure and enhance interoperable communications.
67. **Sanctions:** If a Sub-recipient materially fails to comply with the terms and conditions of an award, OKOHS or DHS/FEMA may take one or more of the following actions, as appropriate in the circumstances:
- Temporarily withhold cash payments pending correction of the deficiency by the Sub-recipient.
 - Disallow (that is, deny both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance.
 - Wholly or partly suspend or terminate the current award.
 - Withhold future awards for the project or program.
 - Pursue any other legal remedy that may be available.
 - Require reassignment of any tangible or intangible items purchased with OKOHS grant funding to another local jurisdiction.

Prior to taking action, OKOHS will provide the Sub-recipient reasonable notice of intent to impose measures and will make efforts to resolve the problem informally.

68. **Summary Description of Award (Article I):** The purpose of the Fiscal Year 2022 State and Local Cybersecurity Grant Program (SLCGP) is to assist state, local, and territorial (SLT) governments with managing and reducing systemic cyber risk. Cybersecurity Services for SLCGP Subrecipients

The following are services that SLCGP subrecipients are encouraged to participate. These services are free to SLT entities.

Cyber Hygiene Services

Web Application Scanning is an “internet scanning-as-a-service.” This service assesses the “health” of your publicly accessible web applications by checking for known vulnerabilities and weak configurations. Additionally, CISA can recommend ways to enhance security in accordance with industry and government best practices and standards.

Vulnerability Scanning evaluates external network presence by executing continuous scans of public, static IPs for accessible services and vulnerabilities. This service provides weekly vulnerability reports and ad-hoc alerts.

To register for these services, email vulnerability_info@cisa.dhs.gov with the subject line “Requesting Cyber Hygiene Services – SLCGP” to get started. Indicate in the body of your email that you are requesting this service as part of the SLCGP.

For more information, visit CISA’s Cyber Hygiene Information Page.

Memberships and Resources

The EI-ISAC, is a collaborative partnership between the Center for Internet Security (CIS), CISA, and the Election Infrastructure Subsector Government Coordinating Council. The EIISAC is funded through DHS grants and offers state and local election officials a suite of elections-focused cyber defense tools, including threat intelligence products, incident response and forensics, threat and vulnerability monitoring, cybersecurity awareness, and training products. To register, please visit <https://learn.cisecurity.org/ei-isac-registration>. For more information, visit <https://www.cisa.gov/election-security>

The following list of CISA resources are recommended products, services, and tools provided at no cost to SLT governments, as well as public sector critical infrastructure organizations:

- [CYBER RESOURCE HUB](#)
- [Ransomware Guide \(Sept. 2020\)](#)
- [Cyber Resilience Review](#)
- [External Dependencies Management Assessment](#)
- [EDM Downloadable Resources](#)
- [Cyber Infrastructure Survey](#)
- [Validated Architecture Design Review](#)
- [Free Public and Private Sector Cybersecurity Tools and Services](#)
- [Cross-Sector Cybersecurity Performance Goals](#)
- [Web Application Scanning](#)
- [Risk and Vulnerability Assessment - Penetration Testing](#)
- [Cyber Resilience Essentials Assessment](#)
- [CISA’s Cybersecurity Marketplace](#)

In addition to these resources, CISA's [Interoperable Communications Technical Assistance Program \(ICTAP\)](#) provides direct support to SLT emergency responders and government officials across all 56 states and territories through training, tools, and onsite assistance to advance public safety interoperable communications capabilities. These services are provided at no cost and scalable to the community's needs. Within the catalog, the 9-1-1/Public Safety Answering Point/Land Mobile Radio Cyber Assessment technical assistance offering provides organizations with a review of their cyber posture in accordance with nationally recognized best practices guidelines. CISA employs the NIST Special Publication 800-53, Rev 5, "Security and Privacy Controls for Information Systems and Organizations" as a framework. Requests for ICTAP assistance are coordinated through the [Statewide Interoperability Coordinator](#) from each state and territory.
