City of Norman  
Attn: Lora Hoggatt, Services Manager  
PO Box 370  
Norman, OK 73070

Dear City of Norman:

I live at 1002 McFarland Street, across from the property at 820 South Pickard.

I protest the variance because McFarland Street is a dead-end street and all the new construction will be at the top of the street making more problems for us getting in and out. Our dead-end street has one access, in and out. The Deans own other properties that are on streets with more than one access in and out and they can rebuild there.

From,

*Milton Castillo*
