Re: Lindsey Tower Lighting Project Recommendation

Enclosed please find the recommendation for the Lindsey Tower Lighting Project.

Pricing for the base bid and each alternate appears to be fair and reasonable. Therefore, WindForce Engineering and Inspection recommends awarding the project to AMR Industrial Coatings, Inc. for \$137,173.00

Pricing for the lighting options is also fair and reasonable so, if City of Norman determines that installing the programmable/color lighting options is in their interest, WindForce Engineering and Inspection would also recommend awarding Alternates 1 or 2 as well. This would increase the contract cost to \$463,956.17.

We appreciate the opportunity to serve you. If you should have any questions or if we can provide additional assistance, please call anytime.

Thanks for your business!

Sincerely,

Joe Seiter, P.E.,
Vice President
