

CITY OF NORMAN, OK STAFF REPORT

MEETING DATE: 10/13/2026

REQUESTER: Joseph Hill, Streets Program Manager

PRESENTER: Scott Sturtz, Public Works Director

ITEM TITLE: CONSIDERATION OF APPROVAL, REJECTION, AMENDMENT, AND/OR POSTPONEMENT OF CONTRACT K-2627-64: BY AND BETWEEN THE CITY OF NORMAN, OKLAHOMA, AND EGIS USA, INC., IN THE AMOUNT OF \$215,937.94 FOR THE DESIGN OF THE 72ND AVENUE NE BRIDGE REPLACEMENT OVER ROCK CREEK BOND PROJECT. (WARD 5)

BACKGROUND:

On October 10, 2023, the citizens of Norman voted in favor of a \$50 million bridge replacement and rehabilitation bond issue. The projects listed in the bond are intended to be completed with bond funds. However, federal funds will be pursued at every opportunity. Please see the attached project list and map showing the project locations.

On October 11, 2023, City staff advertised Request for Proposal RFP 2324-29 to solicit Consulting Engineering Services for the bond projects still requiring design. The selection committee, consisting of three (3) City staff (Joseph Hill – Streets Program Manager, Jeff Fordice – Capital Projects Engineer, and Brandon Brooks – Capital Projects Engineer) and two (2) citizens, shortlisted eight (8) consultant teams for interviews held on January 18, 2024. Also present at the interviews were the acting City Engineer and the City Auditor. The five (5) consultant teams selected after interviews to complete the design on these projects are:

- Garver, Norman
- EGIS USA Inc, Oklahoma City (formerly known as H.W. Lochner)
- MKEC, Oklahoma City
- Aguirre & Fields, Oklahoma City
- CEC, Oklahoma City

These consultants are being assigned the various projects by City staff based on capacity, performance during the interview process, and capabilities of their firm to complete a specific project.

Tonight's agenda item is to award the contract for design of 72nd Avenue NE Bridge Replacement over Rock Creek located 0.1 miles south of Tecumseh Road.

DISCUSSION:

The Absentee Shawnee Tribe, in a partnership effort with the City of Norman, granted a total of \$374,000.00 for the design of the 72nd Avenue NE Bridge Replacement. The City of Norman will be reimbursed for the design of the bridge, and the remaining costs will be funded by the Bridge Maintenance Bond program. The 72nd Avenue NE Bridge Replacement is a full replacement bridge project. The project will include roadway work necessary to tie the existing road into the new bridge.

Once the design is completed, EGIS will assist with the necessary environmental permitting. City staff anticipates a 2029 bid opening with construction estimated to take approximately 9 months to complete.

EGIS' Scope of Services includes:

- Environmental Permitting
- Survey Documents
- Design Plan submittals at 30%, 60%, 90% and Final Plan stages
- Bidding Assistance
- As Built Drawing Services

Funds are available in the 72nd Ave NR Bridge Replacement project (BP0872 Design, account 50595367-46201) to pay for these design services in the amount of \$215,937.94.

If approved, EGIS will begin work immediately on the critical path items.

RECOMMENDATION 1:

Staff recommends approval of Contract K-2627-64 between the City of Norman and EGIS USA, Inc in the amount of \$215,937.94 for the design of the 72nd Avenue NE Bridge Replacement Bond Project.
