Are you a registered voter in the City of Novi?
Yes

How long have you lived continuously in the City of Novi?
11

Employed by:
Brembo North America

Educational Background:
Some college

Please describe your professional qualifications, skills and/or work experience, and how you would use these to benefit the community.

I'm a global Domain architect in smart manufacturing. In my role I manage projects, deliverables and budget.

Please list any City Board or Commission, or community group(s) you are currently or have previously been active. Describe your role and how your involvement contributed to the community.

Describe your current and past volunteer involvement in or for the City?

What motivated you to apply to serve on City Council?

I feel I can support the community in maintaining its position as one of the best communities in Michigan and beyond

If appointed, what do you hope to accomplish during your term? What do you hope to

learn?

I would like to serve my community to continue to lead in education making sure that teachers, student and parents have all the means to perform at the top. I would listen and if like to learn and understand which is the best way to sustain the community in future growth

What do you think the City is doing well or could be doing differently when you think about the areas of responsibility for City Council?

I think education is very good, I think we should support better sustainable policies and develop some cultural areas like theatre and museums

Do you foresee any conflict of interest if you were appointed to serve as a Council Member?

No

Is there anything else you would like City Council to be aware of, or know about you?

I have lived part of my life in Italy
