Hello Melissa -

Due to my absence on June 2nd before the City Council, could you please kindly share the following note to the members of the Council?

Thanks

Ed Roney

Dear Members of the Novi City Council -

My apologies for not being available June 2nd as part of the request for reappointment to the Planning Commission. Mary Ann and I early this year made trip plans to St. Lucia as a gift to ourselves for 40 years of marriage - all enjoyed here in Novi. We have high hopes for this trip and like to view it as our second honeymoon. Your understanding is very much appreciated.

Should I be able to answer any questions you may have about my years of service to our community, both on the Planning Commission as well as in other ways, I can be reached at 248-719-4643. Please do give me a call.

Thank you for your consideration.

Best regards,

Ed Roney
