Educational Background*

University of Maryland-Baltimore Pharm D University of Michigan-Ann Arbor B.S Brain, Behavior and Cognitive Science

Please describe your professional qualifications, skills and/or work experience, and how you would use these to benefit the boards and/or commissions for which you are applying.*

I am currently a pharmacist and someone who is used to being detail-oriented, strategic and able to plan and manage execution in order to fulfill daily goals and quotas for our patients. I am someone who can and has taken the lead in projects, with planning, researching, coordinating and ensuring a successful outcome is achieved. I do use and have used social media previously to post when I was involved with the Wayne County Pharmacists' Group for Facebook. I would like to be able to hone and develop my skills further and help promote our beautiful parks, culture and recreation available to us in Novi for all its residents and friends to enjoy.

Please list any community groups with which you are currently or have previously been active and describe your role.*

Wayne County Pharmacists Group - Historian (responsible for uploading to social media about the group)

What motivated you to apply to serve on a board or commission, and why did you select the boards/commissions that you did?*

I was motivated after chatting with several council members at a recent Ambassador meeting on May 28, 2025 who are driven to make a difference in our community and have chosen to ensure Novi is a wonderful city to be a part of and live in. I chose this committee as I love arts, culture, recreation and would love to help promote and engage with the wonderful areas and people we have that live here in Novi.

If appointed, what do you hope to accomplish during your term? What do you hope to learn?*

I would hope to learn more about people living in this city and what ideas they also may have about engaging with the city and people within it. I would also hope to learn more about my own aptitude at being able to promote and coordinate events, even if learning new software or media platforms. I would hope to bring people together and promote unity across different backgrounds and cultures to celebrate our diversity in this great city.

What do you think the City is doing well or could be doing differently when you think about the areas of responsibility for the boards and/or commissions for which you are applying?

I would suggest seeking more public input on what events/recreation they would like to see, for example, by passing out a QR code at existing city of Novi events to solicit more feedback and posting the QR code at a library/high school to gain different ideas from different ages of people. I think the city is doing well at engaging with the public through different community outreaches and events such as the ambassador program, the summer event coming up, and thru putting on great recreation programs. What I would like to see more of though are future ideas of creating a "third space" in which people can gather with their families, friends, pets even, (where cars are not allowed) and mingle as I feel we lack this in Novi (ie. a solid downtown) whereas other cities have this type of set up.

Is there anything else you would for Council to be aware of, or know about you?

Thank you for reading this and I appreciate you all for what you do for our great city!
