Are you a registered voter in the City of Novi?*

Yes

How long have you lived continuously in the City of Novi?*

11 years

Employed by

stay at home mom

Educational Background*

BA in History State University of New York at Buffalo

Please describe your professional qualifications, skills and/or work experience, and how you would use these to benefit the boards and/or commissions for which you are applying.*

For most of my twenties I was an insurance claims adjuster with various insurance companies including Geico, Progressive and North American Health Plans. During my husband's time in the Navy we lived all over the country and I believe that experience has given me a unique perspective into local government's ability to do things well and not so well for their community. Once I began my greatest role, as a parent, I kept busy in the Girl Scouts of America as a co-leader and cookie mom; the secretary of my children's elementary school PTA; craft coordinator for the siblings of my son's travel hockey team; volunteer at WNY SPCA and a patient advocate at Roswell Park Memorial Cancer Institute.

Please list any community groups with which you are currently or have previously been active and describe your role.*

Since I moved to Michigan in 2014, I have been a member of the Novi Woods PTO, running the win a lunch with your teacher raffle, I have worked as a noon aide at that school as well. Also volunteering as room mom in all four of my children's grades, throwing team dinners when my oldest son was a captain of the Novi Hockey team, as well as team mom and snack coordinator of my youngest sons flag football team. I also love taking time to give a little love to the pets up for adoption at the MI Humane Society in Westland.

What motivated you to apply to serve on a board or commission, and why did you select the boards/commissions that you did?*

I have spent the last two decades plus devoted to my family and activities that benefitted my family, I would like to give back to my community and learn a little more about this fine city.

If appointed, what do you hope to accomplish during your term? What do you hope to learn?*

I was born and raised in Buffalo, New York and I have a lot to share about my experiences there and around this great country. I hope to learn more about my community, what makes people choose Novi and how we, as a community, can make it better.

What do you think the City is doing well or could be doing differently when you think about the areas of responsibility for the boards and/or commissions for which you are applying?

I think the City does a great job of listening to residents and their concerns. I myself have called the city about a safety issue and it was handled very quickly. As far as doing something differently, there are always room for improvement in communication. Does everyone know about where to vote, how to vote, are they eligible? (Voting commission) And with the beautification commission and cultural arts advisory committee's I believe input from the citizens is key in finding out just how the taxpayer would like their money spent.

Is there anything else you would for Council to be aware of, or know about you?

In my free time I am a member of a local book club, I also like to take my dog Gracie for walks in our local parks and tend my flower garden.
