Please describe your professional qualifications, skills and/or work experience, and how you would use these to benefit the boards and/or commissions for which you are applying.*

I have taught English on the elementary and middle school level with an emphasis on theater and cultural arts. I participated with choirs and theater groups both within the educational and community arena. I have served the City of Novi in selecting art for the atrium, welcoming artists to Villa Park and planning arts events for the city as a part of the former CAAB.

Please list any community groups with which you are currently or have previously been active and describe your role.*

Novi Choralaires - sing with the group and have served as a member of the Board of Directors. CAAB - served as a representative for the Novi Choralaires and participated in committee decisions for art placement and activities. Novi and Michigan Jaycees - served as officer on both levels - organizing and participating in numerous activities.

What motivated you to apply to serve on a board or commission, and why did you select the boards/commissions that you did?*

I am motivated to serve on the new committee to continue supporting and expanding Novi's

current theater, music, art and dance activities. I selected this committee because it matches my current involvement with the city.

If appointed, what do you hope to accomplish during your term? What do you hope to learn?*

I hope to expand the current theater, music, art and dance activities. I would like to learn more about opportunities to bring more arts to the city of Novi.

What do you think the City is doing well or could be doing differently when you think about the areas of responsibility for the boards and/or commissions for which you are applying?

I believe that the city could support these activities with organizational tasks, sharing between the organizations and promoting these more aggressively. I believe that the city has brought several activities to the population and residents have successfully participated in many of these activities.

Is there anything else you would for Council to be aware of, or know about you?

I have been an active member of my community for over 40 years. I have a vast knowledge of the my community and wish to serve my community on this new committee.
