- **Her Zakka Market & Onezo Café Food Safety Complaint**

On November 24th a resident expressed concerns to the City Manager alleging that En Café, located within the recently opened Onezo Café, was selling cakes and pastries that were not prepared in compliance with the proper licensing or health certification, potentially in an off-site non-commercial kitchen. The Community Development Department was able to confirm that Her Zakka Market & Onezo Café had met the requirements to receive a Special Land Use Permit and a Certificate of Occupancy, including an approved plan review from the Oakland County Health Department (OCHD). Community Development contacted OCHD to inform them of the complaint and a Health Inspector made a site visit on November 25th and did not observe any evidence of unlicensed or unapproved food sources. There are two certified food service managers affiliated with the business and, per the business, all pastries are made at the licensed food service establishment. As such, **no violations were cited at the time of the inspection, and the business remains open to the public.**

- **Health Code Violations**

The Novi Fire Marshal, along with representatives from the Code Compliance and Building Divisions, visited the Twelve Oaks Food Court. Two restaurants received six violations: Suki Hana and Lotus Express. This matter was also referred to the Oakland County Health Department. As of November 25th all fire code violations have been corrected and both Suki Hana and Lotus Express have re-opened to the public. The owners has assured our Fire Marshal that the new hood cleaning service is scheduled to attend the locations on 3-month intervals going forward, to ensure ongoing compliance.

- GLWA Transmission Main Break**

GLWA continues to work on their 42" water main to get it repaired and back in service. 14 Mile Road is currently open from East Lake Drive to M-5. We continue to urge the conservation of water usage until we are back to normal operation on the 42" water main (especially turning off irrigation systems, unless supplied by a well). Based on

extensive data garnered from the recent inspection the transmission main GLWA has developed an action plan, which involves both water main replacement and renewal, will occur in three phases over the next seven months, spanning mid-January 2026 through late April, with road restoration expected to be completed by the end of June. It is anticipated Novi will remain on the 24" bypass main until spring 2026 while this critical work is completed. Traffic will be impacted along 14 Mile Road due to the construction. GLWA is working with the Road Commission for Oakland County to finalize the plan and determine detour routes before the end of the year so that they can be shared with the public well in advance of work beginning in mid-January. More information on the project can be found at

GLWA open house will occur at the Lake Shore Building on December 17th at 5 p.m.
