

Sen. Stabenow requests \$11.3 million for Beck Road Project

From: Bill Hanka

Hi, team – Sen. Stabenow has released her list of FY24 appropriations projects that she sent to Senate Appropriations Committee. She has requested \$11.3 million for the **West Road to 12 Mile segment**. Good news!

When coupled with the \$1 million request by Sen. Peters, it means that we stand a good chance of being awarded some money from the committee with both of our Senators supporting the project.

Bill

SEN STABENOW

Beck Road Improvement Project: West Road to 12 Mile Road Section

Requested Amount: \$11,300,000

Recipient: City of Wixom

Project Location: Oakland County

Project Description: Funding will be used to widen Beck Road.

SEN PETERS

Beck Road Improvement Project - West Road to 12 Mile Road Section

Recipient Name: Michigan Department of Transportation (City of Wixom)

Project Purpose: This funding will support the Beck Road Business Corridor Improvement Project to widen and construct a non-motorized path along 6 miles of Beck Road for all road users. The project will improve safety and reduce congestion for the thousands of vehicles using the corridor daily and expand access for pedestrians and people with disabilities.

Project Location: Wixom, MI

Requested Amount: \$1,000,000
