I would like to serve to maintain fairness and assure the details and decisions of assessments are based upon facts and the law.

**What are you proud of accomplishing during your term?**

I was appointed for the first time, about three (3) months ago to the BoR, however I have been able to quickly familiarize myself with the training materials and directly provide input during the July Board of Review session that addressed disputes.

To maintain the business function of the board. To ensure all requirements are met for the State Tax Commission Assessment Roll Certification.

**What do you want Council to know about your board or commission, and how can they assist your board or commission with its goals?**

The BoR is very important to the property taxation process. It is important to assure that sufficient membership is maintained and that each member ensures that everything which should be placed on the assessment roll is, and to determine that the details of what is placed on the assessment roll are accurate.

**Is there anything else you would like for Council to know about you and/or your work on the board or commission?**

Approve the reappointment to the BoR to maintain membership consistency, and to uphold that my experience, qualifications and service supports the purpose of BoR, its authority, and guidance on specific issues that are presented throughout the year.
