To Whom It May Concern,

We appreciate the opportunity to submit our proposal for the upcoming multi-year contract with the City of Novi. As a company that values long-term partnerships and quality service, we want to take a moment to acknowledge the past while also looking ahead to the future with optimism and confidence.

While our previous work with the City included a few faults in both communication and performance, we want to assure you those issues have been taken seriously and addressed thoroughly. We understand the importance of reliability and responsiveness, and we've made significant internal improvements to ensure a higher standard moving forward. Though there were some faults the project was overall a success with minimal issues along the way. Consulting internally has redirected some key personnel and shifted our operations approach. An overview would indicate internal growth, mixed with equipment demand, and personnel being appropriated to projects have been key points that were adjusted and will continue our forward progress to have a successful partnership.

Since that time, we have made key investments in both personnel and equipment. Our team has grown with experienced, well-trained staff, and we've expanded our fleet with additional Vactor trucks and additional TV trucks, all of which are ready to be deployed. These resources will allow us to manage workload efficiently, meet project timelines, and maintain the high level of quality the City of Novi expects and deserves.

We are committed to providing a dependable, professional, and proactive service for the full term of this contract. We hope to have the opportunity to demonstrate just how seriously we've taken your expectations—and how well equipped we are now to exceed them.

We sincerely thank you for your consideration and hope to earn the opportunity to serve Novi once again.

Sincerely,

Scott A. Gilliam

CITY OF NOVI
SANITARY SEWER CLEANING AND TELEVISIONING
ADDENDUM #2

INTENT: This addendum has been issued to modify and/or interpret the original specifications for the bid/RFP named above. Unless otherwise instructed, the information contained within this Addendum shall take precedence over anything contrary in the original specifications, and shall hereinafter be considered as part of the package.

RESPONSE: The Contractor shall verify receipt of this Addendum on the Bid/Fee Proposal Form.

CONTENTS: Included in this Addendum is one (1) page of bidder questions with answers.

QUESTIONS:

1. Will the city provide a staging area for roll off box or 2?
A. No
2. Each year only has a bid quantity of 25 yards for Waste Debris Removal and Disposal. Is that all that is expected to be pulled from all of the sewer in each contract year?
A. The 25 yards is strictly an estimate, please provide a unit cost as specified on the bid.

NOTICE TO BIDDERS:

The City of Novi officially distributes bid documents through the Michigan Intergovernmental Trade Network (MITN). **Copies of bid documents obtained from any other source are not considered official copies.** The City of Novi cannot guarantee the accuracy of any information not obtained from the MITN website and is not responsible for any errors contained by any information received from alternate sources. Only those vendors who obtain bid documents from the MITN system are guaranteed access to receive addendum information, if such information is issued. If you obtained this document from a source other than the source indicated, it is recommended that you register on the MITN site, www.mitn.info and obtain an official copy.

CITY OF NOVI
SANITARY SEWER CLEANING AND TELEVISIONING
INSTRUCTIONS TO BIDDERS

This bid is issued by the Purchasing Office of the City of Novi.

IMPORTANT DATES

Bid Issue Date	June 17, 2025
Last Date for Questions	Tuesday, July 1, 2025 by 12:00 P.M. Please submit all questions via email to: Tracey Marzonie, Purchasing Accountant tmarzonie@cityofnovi.org
Response Due Date	Thursday, July 10, 2025 by 2:00 P.M.

BID SUBMITTALS

Provide **one (1) copy** of your bid, signed in ink. Bid may be clipped together but should not be bound. No other distribution of the bids will be made by the Contractor. Bids must be signed by an official authorized to bind the Contractor to its provisions.

FAILURE TO SUBMIT PRICING ON THE BID FORM PROVIDED BY THE CITY OF NOVI MAY
CAUSE THE BID TO BE CONSIDERED NON-RESPONSIVE AND INELIGIBLE FOR AWARD.

CHANGES TO THE BID/ADDENDUM

Should any prospective Bidder be in doubt as to the true meaning of any portion of the ITB, or should the Bidder find any patent ambiguity, inconsistency, or omission therein, the Bidder shall make a written request (via email) for official interpretation or correction. Such request shall be submitted to the staff member indicated above. The individual making the request shall be held responsible for its prompt delivery.

Such interpretation or correction, as well as any additional Bid provisions that the City may decide to include, will be made as an addendum, which will be posted on the MITN website at www.mitn.info. Any addendum issued by the City shall become part of the ITB and subsequent contract and shall be taken into account by each bidder in preparing its bid. Only written addenda are binding. It is the Bidder's responsibility to be sure they have obtained all addenda. Receipt of all addenda must be acknowledged on bid form.

CONTRACT AWARD

The contract will be awarded to that responsible, responsive bidder whose bid, conforming to this solicitation will be most advantageous to the City of Novi. Qualifications, experience, references, comparable projects, price, previous experience with vendor/contractor, delivery, and other factors will be considered in the evaluation process and award of contract. The City reserves the right to accept any or all

alternative bids and award the contract to other than the lowest bidder, to waive any irregularities or informalities or both; to reject any or all bids; and in general to make the award of the contract in any manner deemed by the City, in its sole discretion, to be in the best interest of the City of Novi.

After contract award, a summary of total price information for all submissions will be posted on the MITN website at www.mitn.info .

The City may, from time to time, find it necessary to continue this contract on a month-to-month basis only, not to exceed a six (6) month period. Such month-to-month extended periods shall be by mutual agreement of both parties, with all provisions of the original contract or any extension thereof remaining in full force and effect.

SUBMISSION OF BID

Bids must be submitted in a sealed envelope. Outside of mailing/Fed Ex/UPS envelope must be labeled with name of contractor and name of bid. *Failure to do so may result in a premature opening or failure to open such proposal, both of which could cause disqualification of your bid.*

To be considered, sealed bids must arrive at the Finance Department on or before the specified time and date. There will be no exceptions to this requirement. The Finance Departments time stamp will determine the official receipt time. Bids received after the closing date and time will not be accepted or considered. The City of Novi shall not be held responsible for lost or misdirected bids. The City reserves the right to postpone a bid opening for its own convenience.

Bids must be clearly prepared and legible and must be signed by an Officer of the submitting Company on the enclosed form. Bids must show unit and total prices if requested. In case of mistakes in price extension, unit pricing shall govern. ANY CHANGES MADE ON BID FORMS MUST BE INITIALED OR YOUR BID MAY BE CONSIDERED NON-RESPONSIVE.

A bid may be withdrawn by giving written notice to the Purchasing Manager before the stated due date/closing time. After the stated closing time, the bid may not be withdrawn or canceled for a period of One Hundred and Twenty (120) days from closing time.

Failure to include in the bid all information requested may be cause for rejection of the bid.

Bidders are expected to examine all specifications and instructions. Failure to do so will be at the bidder's risk.

No bid will be accepted from, or contract awarded to any person, firm, or corporation that is in arrears or is in default to the City Novi upon any debt or contract, or that is in default as surety or otherwise, or failed to perform faithfully any previous contract with the City.

EXCEPTIONS

The City will not accept changes or exceptions to the bid documents/specifications unless Contractor indicates the change or exception in the "Exceptions" section of the bid form. If Contractor neglects to make the notation on the bid form but writes it somewhere else within the bid documents and is awarded the contract, the change or exception will not be included as part of the contract. The original terms, conditions and specifications of the bid documents will be applicable during the term of the contract.

RESPONSIVE BIDS

All pages and the information requested herein shall be furnished completely in compliance with instructions. The manner and format of submission is essential to permit prompt evaluation of all bids on a fair and uniform basis. Unit prices shall be submitted if space is provided on bid form. In cases of mistakes in extension, the unit price shall govern. Accordingly, the City reserves the right to declare as non-responsive, and reject an incomplete bid if material information requested is not furnished, or where indirect or incomplete answers or information is not provided. Any exceptions to the specifications must be noted on the bid form.

ACCEPTANCE OF BID CONTENT

Should a contract ensue, the contents of the bid of the successful Bidder may become contractual obligations. Failure of a contractor to accept these obligations may result in cancellation of the award.

INELIGIBILITY OF IRAN LINKED BUSINESS

Under 2012 PA 517, an Iran Linked Business, as defined therein, is not eligible to contract with the City and shall not submit a bid.

GENERAL CONDITIONS

FREIGHT CHARGES

All bid pricing is to be quoted as F.O. B. destination.

TAX EXEMPTION

It is understood that the City of Novi is a governmental unit, and as such, is exempt from the payment of all Michigan State Sales and Federal Excise taxes. Do not include such taxes in the bid prices. The City will furnish the successful bidder with tax exemption certificates when requested. The City's tax-exempt number is 38-6032551.

The following exception shall apply to installation projects: When sales tax is charged to the successful bidder for materials to be installed during the project, that cost shall be included in the "Complete for the sum of" bid price and not charged as a separate line item. The City is not tax exempt in this case and cannot issue an exemption certification.

CONTRACT TERMINATION

The City may terminate and/or cancel this contract (or any part thereof) at any time during the term, any renewal, or any extension of this contract, upon thirty days (30) days written notice to the Contractor, for any reason, including convenience without incurring obligation or penalty of any kind. The effective date for termination or cancellation shall be clearly stated in the written notice.

TRANSFER OF CONTRACT/SUBCONTRACTING

The successful bidder will be prohibited from assigning, transferring, converting or otherwise disposing of the contract agreement to any other person, company or corporation without the expressed written consent of the City of Novi. Any subcontractor, so approved, shall be bound by the terms and conditions of the contract. The contractor shall be fully liable for all acts and omissions of its subcontractor(s) and shall indemnify the City of Novi for such acts or omissions.

CONTRACT RENEWAL

No contract shall be automatically renewed at the end of any contract term.

NO EXCLUSIVE CONTRACT

Contractor agrees and understands that the contract shall not be construed as an exclusive agreement and further agrees that the City may, at any time, secure similar or identical products/services at its sole option. The Contractor will not be reimbursed for any anticipatory profits should the City exercise this option.

NON-DISCRIMINATION

In the hiring of employees for the performance of work described in this ITB and subsequent contract, neither the contractor, subcontractor, nor any person acting in their behalf shall by reason of religion, race, color, national origin, age, sex, height, weight, handicap, ancestry, place of birth, sexual preference or marital status discriminate against any person qualified to perform the work required in the execution of the contract.

DISCLOSURE

All documents, specifications, and correspondence submitted to the City of Novi become the property of the City of Novi and are subject to disclosure under the provisions of Public Act No. 442 of 1976 known as the "Freedom of Information Act". This Act also provides for the complete disclosure of contracts and attachments hereto. This means that any informational material submitted as part of this ITB is available without redaction to any individual or organization upon request.

ECONOMY OF PREPARATION

Bids should be prepared simply and economically, providing a straightforward and concise description of the bidder's ability to meet the requirements of the bid. Emphasis should be on completeness and clarity of content. Included in the response must be a point by point response to the Requirements and other sections of the bid. The City of Novi is not liable for any costs incurred by bidders prior to issuance of a contract.

INDEPENDENT PRICE DETERMINATION

By submission of a proposal, the offeror certifies, and in case of a joint proposal, each party hereto certifies as to its own organization, that in connection with the proposal:

(a) The prices in the proposal have been arrived at independently without consultation, communication, or agreement, for the purpose of restricting competition, as to any matter relating to such prices with any other offeror or with any other Competitor; and

(b) No attempt has been made or will be made by the offeror to induce any other person or firm to submit or not submit a proposal for the purpose of restricting competition.

Each person signing the proposal certifies that:

(c) He is the person in the offeror's organization responsible within that organization for the decision as to prices being offered in the proposal and that he has not participated and will not participate in any action contrary to (a) and (b) above; or

(d) He is not the person in the offeror's organization responsible within that organization for the decision as to prices being offered in the proposal but that he has been authorized in writing to act as agent for the persons responsible for such decisions in verifying that such persons have not participated, and will not participate, in any action contrary to (a) and (b) above, and that as their agent, does hereby so certify; and that he has not participated, and will not participate in any action contrary to (a) and (b) above.

A proposal will not be considered for award if the sense of the statements required in the proposal has been altered so as to delete or modify the above.

SANITARY SEWER CLEANING AND TELEVISIONING
SPECIFICATIONS

The City of Novi is requesting bids from Contractors for Sanitary Sewer Cleaning and Televisioning within City limits. Work associated with this contract includes the cleaning and televisioning of sanitary sewers ranging from 6-inch to 30-inch in diameter.

SCOPE OF WORK

Contractor is to clean and televise the sanitary sewer pipes in the designated sections for each project. Depending on the unit prices obtained, it may be necessary to clean and televise only the highest priority pipes, which will be determined by the City of Novi.

Based on the unit prices, qualifications, and references, a Contractor will be selected and the specific areas of inspection determined.

Funding for future contract items beyond FY25-26 will be based on approved budgets for the Water and Sewer Fund. Amounts of cleaning and inspection are estimated and subject to change by increasing, decreasing, or reduced to zero.

ADDITIONAL WORK – AS NEEDED

Additional as-needed work items are identified under this section for other services and emergency work that would be performed as part of the cleaning and inspection projects identified above, or other areas on an as-needed basis.

CONTRACT TERM

Initial contract term will be from the date of award until June 30, 2029. Upon mutual consent of the City of Novi and the successful contractor, the contract may be renewed for one (1) additional year at the pricing, terms and conditions as quoted in the contractor's bid for the projects to be done during those contract renewals.

SCHEDULE

Work shall be performed between the hours of 7 AM and 7 PM Monday through Saturday. Sunday or Holiday work is not allowed without written approval by the City.

The Contractor will be required to contact the City prior to commencing work in each area to set up a meeting between the Contractor and the City of Novi to determine the exact location and extent of the work to be completed. At the time, a schedule for the work in the respective community will be required. Important contact information will be provided/exchanged at that time.

INSURANCE

A certificate of insurance naming the City of Novi as an additional insured and meeting the requirements in Attachment A must be provided by the successful bidder prior to commencement of work. *The City must have a current certificate on file for the duration of the contract.*

PAYMENT OF SERVICES AND SPECIFICATIONS FOR WORK

PRICES AND MEASUREMENT

Payment for work under this contract will be based on a unit price for work actually completed. Final measurements of the work will be taken by the City or the City's Consulting Engineer to determine the amount of work done and thereby determines the total cost. The method of applying the unit prices to measured quantities will be as herein specified. Payment will include the cost of all labor, tools, materials, and equipment necessary to do the work.

Items may have been included in the bid form but may not be necessary to complete the work. These items have been included in order to establish a unit price in the event that the item of work is necessary. The Contractor should be aware that these items may increase, decrease, or be zero based on budget, field conditions, or Owner discretion.

INCIDENTAL ITEMS

Any items of work indicated as incidental or included shall be considered as part of the project work and shall be completed at no additional expense to the Owner. Incidental or included items include, but are not limited to, labor, materials, dumping fees, tipping fees, fuel surcharges, and equipment that may not be specifically listed in the Bid Form or in the drawings or specifications, but which are necessary to complete the work. The City will pay only the items listed on the bid form. Any exceptions by the contractor to this requirement must be specified on the bid form at the time of bid submittal.

PERMITS

All required permits to complete the specified work must be acquired from the appropriate agency by the Contractor. Fees for permits and inspections obtained from the City of Novi will be waived for work done under this contract. The City of Novi will not require a right-of-way permit for work in its rights-of-way under this contract. Any other permit fees, bonds, and/or permit agency inspection costs will be the responsibility of the Contractor and shall not result in additional cost to the Owner. Upon completion, all work will be subject to the State Laws and City Ordinance Codes.

SANITARY SEWER INSPECTION

The contract price shall be payment in full for all labor, materials, and equipment necessary to prepare the sanitary sewer video recording.

Sanitary Sewer Video Inspection shall be measured in place by linear feet. The length shall be measured along the centerline of pipe from center of structure to center of structure. Payment will be made for the length of pipe actually televised. Contractor will be expected to do a reverse setup and televise from the other end. The City will assist with location of buried manholes if necessary.

All underground inspections and reports shall conform to the NASSCO Pipeline Assessment and Certification Program (PACP). The City has recently integrated the Novi Enterprise Asset Management System (NEAMS) such that PipeLogix Inspection results can be imported directly into the NEAMS system. As such, the inspections must be completed in the latest version of PipeLogix inspection software format. The following work flow will apply when completing the inspection:

1. *City will generate work orders in NEAMS system, which can be directly imported in the PipeLogix software.*
2. *Contractor will perform normal inspection using PipeLogix software.*
3. *Once inspections are complete for the given work order, Contractor shall provide the inspection database for direct import into NEAMS.*
4. *Three (3) printed reports must be provided to the Water and Sewer Manager and shall include all PACP observations.*

The CONTRACTOR shall provide forty-eight (48) hours' notice to both the OWNER and Water and Sewer Manager prior to video recording so that a representative may be present. A satisfactory review of the video recording by the Water and Sewer Manager shall be a condition for video acceptance by the OWNER and ENGINEER. Typical items to be reviewed on the video recording will include, but are not limited to: pipe effectiveness, lead connections, joints, root intrusion and pipe cleanliness.

SANITARY SEWER CLEANING

The contract price shall be payment in full for all labor, materials, and equipment necessary to jet and clean sewer pipes and structures and remove any intruding roots and debris from sanitary sewer pipes that are inhibiting the video inspection of the pipe.

Payment for cleaning shall be measured in place by linear feet for length of pipe actually cleaned. The length shall be measured along the centerline of pipe from center of structure to center of structure. If contractor encounters a dip in the pipe where the camera goes under water, cleaning will be needed to allow the pipe to be at least 50% visible.

The water for cleaning is free from the City, however the contractor will have to pull a permit and use one of the City's water meters so we can track the amount of water being used. Permit fees will be waived. A hydrant will be designated for use.

Proper offsite disposal of all material and debris that is removed during the cleaning operations is required. The cost of debris disposal is a separate line item on the bid form. The City will not allow debris disposal onto City property. The waste disposal methods

shall be agreeable to the City and documented and manifested to show the amount of material hauled off site. The contractor shall document the approximate volume of debris removed from the pipe, the approximate location of the pipe from which the debris that was removed, and the final location of disposal of the debris extracted. The aforementioned documentation shall be provided to the City when requested.

BYPASS PUMPING

The contract unit price shall be payment in full for all labor, materials, and equipment necessary to maintain services to customers upstream and downstream of the pipeline being televised or cleaned. The OWNER and ENGINEER shall be notified of the Contractor's intention to bypass pump, and confirm that the work is necessary. Public advisory services will be required to notify all parties whose service laterals will be out of commission and to advise against water usage until the mainline is back in service.

Bypass pumping shall be measured in place by linear foot for the length of the section that is being bypassed, not the entire footage being inspected. The length shall be measured along the centerline of pipe from center of structure to center of structure.

The level of pumping may be from 0-300 or 300 – 800 gallons per minute depending on flow.

TRAFFIC MAINTENANCE AND CONTROL

All traffic maintenance and control for the project shall be considered as incidental. Items in this category include all labor, materials, and equipment necessary to furnish, install, and maintain all signs, cones, barricades, flagging, etc. as required by Section 812 of the 2003 MDOT Standard Specifications for Construction and the current edition of the Michigan Manual of Uniform Traffic Control Devices, (MMUTCD). The Contractor shall also comply with work zone sign Contractor as described in Public Act 315 of 2003. Flagmen shall also be provided by the Contractor as necessary to protect the vehicular and pedestrian traffic and the work within the work zone areas. Contractor shall be responsible for notifying concerned parties such as Police, Fire, and school officials if a road closure and/or detour will be in effect. The Contractor shall notify the same parties when the road has been reopened.

During the course of construction, provisions must be made to maintain access for emergency vehicles at all times. Where possible and when directed by the Engineer, all streets must be left open to traffic at the end of each working day.

The Contractor shall conduct his operations and use of equipment in such a manner that traffic will be maintained throughout the entire length of the project. When conditions are such as to warrant variations from this requirement, the procedure to be followed shall be approved by the Engineer prior to such procedure being put into effect.

During the progress of the work, the Contractor shall accommodate both local vehicular and pedestrian traffic along the roads. Access to all residences and businesses shall be maintained except as noted on the plans or as directed by the Engineer. The Contractor's truck and equipment operations on public streets shall be governed by all local traffic ordinances and regulations of the Fire and Police Departments, the county and municipality where the work is occurring, and Michigan Department of Transportation.

Wherever possible, all existing signs on this project are to be preserved and maintained as incidental to the project. Where it is not possible to preserve existing traffic control signs and street name signs, they shall be removed, temporarily reset and maintained by the Contractor. Upon completion of the project, the Contractor will reset traffic control signs and street name signs in the proper position. Any signs damaged by the Contractor shall be replaced in kind by him at no additional cost to the City. Any lane closures or detours shall be approved by the Contractor and the appropriate governing agency, and shall meet their specifications and standards as well as those of the MMUTCD. Where there are conflicts, the more restrictive requirement shall apply. Warning signs and barricade configurations shall meet the requirements of the county and municipality where the work is occurring and the Michigan Department of Transportation. The Contractor shall not begin any operation on the project until all required signs and barricades have been set. All signs to be used during twilight or darkness shall be reflective, in good condition, with two continuous flashing lights.

The construction site shall at all times be maintained and left in a clean, neat, and safe condition, including any construction signing. After working hours, signs that are not appropriate shall be covered and/or removed so that motorists will not be confused. The Contractor shall also remove and replace or cover (where practical) existing traffic signs that may conflict with the proposed construction. Removal of any temporary signs or other traffic control equipment upon completion of the project shall be considered as incidental to the traffic maintenance and control work.

MISCELLANEOUS RESTORATION ITEMS

Restoration of miscellaneous items such as, but not limited to, street signs, traffic signs, shrubbery and other ornamental landscape items which are damaged, removed, or destroyed by the Contractor in the course of the work shall be repaired or replaced by the Contractor with new materials of equal quality as existed prior to the start of work. All such items for which specific bid items are not listed in the proposal shall be considered as incidental work and shall be replaced or repaired at the expense of the Contractor.

FINAL CLEAN UP

Final clean-up of the job shall be considered as incidental. Items in this category include removal of debris and litter from the site, removal of surplus materials, sweeping, repair of any damages, and clean out of drainage structures located within the work area.

EMERGENCIES

Contractor will provide two phone numbers that can be called in case of an emergency. Contractor must arrive on-site within one (1) hour after call is made. City staff will determine what work is considered an emergency.

REFERENCES

Contractor will provide (with their bid) three (3) municipal references for projects similar in scope to this bid and completed within the last three years. Please provide entity name, address, contact name, and phone number.

EQUIPMENT LIST

The contractor will provide with their bid, a complete and up-to-date list of equipment that the contractor has available to be utilized for the work required under this contract.

ROAD WEIGHT RESTRICTIONS

The City of Novi has several Restricted Commercial Vehicle Routes. These sections of roadway are closed to commercial thru traffic. You may drive on these sections of road only if you are providing the contracted service within that particular section. At no time will the contractor drive more than a one (1) mile distance on a restricted road. For a poster-sized map with additional details, contractors can check our Map Gallery: <https://cityofnovi.org/media/xpijgbuk/roadwayweightclassificationsmap.pdf>

**CITY OF NOVI
INSURANCE REQUIREMENTS
ATTACHMENT A**

1. The Contractor shall maintain at its expense during the term of this Contract, the following insurance:
 - a. **Worker's Compensation** insurance with the Michigan statutory limits and Employer's Liability insurance with minimum limits of **\$100,000** (One Hundred Thousand Dollars) each accident.
 - b. **Commercial General Liability Insurance** – The Contractor shall procure and maintain during the life of this contract, Commercial General Liability Insurance, Personal Injury, Bodily Injury and Property Damage on an "Occurrence Basis" with limits of liability not less than **\$1,000,000** (One Million Dollars) per occurrence combined single limit.
 - c. **Automobile Liability** insurance covering all owned, hired and non-owned vehicles with Personal Protection insurance to comply with the provisions of the Michigan No Fault Insurance Law including Residual Liability insurance with minimum bodily injury limits of **\$1,000,000** (One Million Dollars) each person and **\$1,000,000** (One Million Dollars) each occurrence and minimum property damage limits of **\$1,000,000** (One Million Dollars) each occurrence.
2.  - A. Acts or omissions by the Contractor, its agents, employees, servants and contractors in furtherance of execution of this Agreement, unless resulting from the sole negligence and tort of the City, its officers, employees, agents and contractors.
 - B. Violations of state or federal law involving whether administrative or judicial, arising from the nature and extent of this Agreement.
 - C. The Contractor agrees to defend the City from and against any and all actions or causes of action, claims, demands or whatsoever kind or nature arising from the operations of the Contractor and due to the acts or omissions of the Contractor or its agents, including, but not limited to, acts of omissions alleged to be in the nature of gross negligence or willful misconduct. The Contractor agrees to reimburse the City for reasonable attorney fees and court costs incurred in the defense of any actions, suits, claims or demands arising from the operations of the Contractor under this Agreement due to the above-referenced acts or omissions.
2. The Contractor agrees that it is its responsibility and not the responsibility of the City of safeguard the property and materials used in performing this Contract. Further the Contractor agrees to hold the City harmless for any loss of such property and materials used in pursuant to the Contractor's performance under this Contract.

3. The Contractor shall not discriminate against any employee, or applicant for employment because of religion, race, color, national origin, age, sex, height, weight, handicap, ancestry, place of birth, sexual preference or marital status. The Contractor further covenants that it will comply with the Civil Rights Act of 1973, as amended; and the Michigan Civil Rights Act of 1976 (78. Stat. 252 and 1976 PA 453) and will require a similar covenant on the part of any consultant or subcontractor employed in the performance of this contract.

SAMPLE AGREEMENT

SANITARY SEWER CLEANING AND TELEVISIONING CONTRACT

This Agreement shall be considered as made and entered into as of the date of the last signature ("Effective Date"), and is between the City of Novi, 45175 Ten Mile, Novi, Michigan 48375 "City", and _____, whose address is _____, "Contractor."

Work. For and in consideration of payment by the City as provided under the Payment Section of this Contract, Contractor shall perform the work described on and in the Work Specifications listed in "Exhibit A", which is a part of this Contract, in a competent, efficient, timely, good and workmanlike manner and in compliance with the following terms and conditions.

Permits. The work to be performed includes applying and paying for, and obtaining issuance of all required permits and satisfying all requirements or conditions for such permits.

Bonds and Insurance. This Contract is conditioned on Contractor securing and maintaining the liability insurance specified in the Bid Specifications, which are a part of this Contract, which shall be confirmed by Certificate(s) of Insurance, with said coverages to be maintained for the life of this Contract and the City entitled to thirty (30) days written notice of any cancellations or changes. Contractor shall also supply payment, performance, and maintenance bonds as required, in a form acceptable to the City.

Time of Work. All Insurance requirements shall be satisfied within 14 days, and work shall be completed within 30 days of the Effective Date of this Contract. These time limits are of the essence of this Contract and failure to meet them shall permit City to terminate this Contract whether or not work has been commenced.

Payment. The City agrees to pay the Contractor based on unit pricing as indicated in Exhibit A, payment to be made after satisfactory completion of the work and within thirty (30) days of receiving a final bill or invoice for the work from the Contractor, accompanied by a sworn statement and full unconditional waivers of lien, confirming that all subcontractors and any material suppliers have been paid in full.

Changes. Any changes in the provisions of this Contract must be in writing and signed by the City and Contractor.

Liability. Contractor shall be liable for any injury or damage occurring on account of the performance of its work under this Contract. Consistent with this liability, the Contractor agrees to defend, pay on behalf of, and hold harmless the City, its agents, and others working on its behalf against any and all claims, demands, suits, losses and settlements, including actual attorney fees incurred and all costs connected therewith, for any damages which may be asserted, claimed or recovered against the City by reason of personal injury and/or property damages which arises out of or is in any way connected or associated with this Contract.

SAMPLE AGREEMENT

Inspections, Notices and Remedies Regarding Work. During the performance of the work by Contractor, City shall have the right to inspect the work and its progress to assure that it complies with this Contract. If such inspections reveal a defect in the work performed or other default in this Contract, City shall provide Contractor with written notice to correct the defect or default within a specified number of days of the notice. Upon receiving such a notice, Contractor shall correct the specified defects or defaults within the time specified. Upon a failure to do so, the City may terminate this Contract by written notice and finish the work through whatever method it deems appropriate, with the cost in doing so a valid claim and charge against Contractor, or, preserve the claims of defects or defaults without termination by written notice to Contractor.

Demolition Disposal Requirements. The Contractor shall perform all work and dispose of all materials in compliance with all provisions of applicable federal, state, county and City environmental laws. This obligation includes lawful disposal of all material, with a condition of the City's payment obligation being Contractor delivering to City copies of written documents from the licensed landfill or disposal site, confirming the dates, quantities and types of demolition debris disposed of, the disposal costs and that those costs have been paid in full by Contractor.

Compliance with Laws. This Contract and all of Contractor's work and practices shall be subject to all applicable state, federal and local laws, rules or regulations, including without limitation, those which apply because City is a public governmental agency or body. Contractor represents that it is in compliance with all such laws and eligible and qualified to enter into this Contract.

Governing Law. This Contract shall be governed by the laws of the State of Michigan.

Assignment. Contractor shall not assign this Contract or any part thereof without the written consent of the City.

Successors and Assigns. This Contract shall be binding on the parties, their successors, assigns and legal representatives.

BID FORM

The undersigned Bidder proposes and agrees, if this Bid is accepted, to enter into an Agreement with the City of Novi to perform the work, for the prices and times specified in this Invitation to Bid. Bidder accepts all terms and conditions of the Invitation to Bid.

In submitting this Bid, Bidder represents that Bidder:

- is familiar and satisfied with the potential site conditions that may affect cost, progress, and performance of work
- is familiar and satisfied with all applicable federal, state, and local Laws and Regulations
- has given written notice when submitting bid to the City of Novi of all conflicts, errors, ambiguities, or discrepancies discovered in the Invitation to bid documents
- acknowledges that the quantities provided in the Bid Form are only estimates, and in some cases included in order to establish a unit price in the event the work is necessary, and that actual quantities may increase, decrease, or be zero based on actual work required
- will complete any required inspections by certified technicians using NASSCO's Pipeline Assessment and Certification Program (PACP) for identifying observations

Bidder will complete the work outlined in this Invitation to Bid for the following prices contained on the following pages.

Please provide a unit price for all sizes, even if the estimated quantity is zero (0). While we do not currently have some of these sizes scheduled, we may need to have unscheduled work done.
